Governor's Message

Welcome to Maryland's 2006-2007 sport fishing seasons!

From mountain streams to the waters of the Chesapeake Bay -- and all the ponds, lakes and rivers between -- recreational fishing is an important part of Maryland's culture, heritage and quality of life. Fishing is a wholesome, healthy activity that brings together friends and families, and is enjoyed by both the young and the young-at-heart. We are proud to offer a diverse array of high quality fishing opportunities for all.

Fishing in Maryland is affordable and accessible. More than 700,000 people fish each year in Maryland (not including children under 16) with an estimated annual impact of \$1 billion on our economy. The fact that more than a third of our anglers visit from out of state is further testimony to the value and quality of our fishing resources.

Our recreational anglers are also vital stewards of our natural and living resources, working in concert with resource managers to protect our waterways, fishery resources and aquatic ecosystems. Together, we are working to ensure recreational fishing will always remain a Maryland tradition.

Tom Barden, Governor's Office

Robert L. Ehrlich, Jr.
Governor

Secretary's Message

Greetings fellow anglers! Did you know that revenues from Maryland sport fishing licenses directly support our ability to monitor, maintain, and therefore manage healthy fish stocks?

Non-tidal license fees help DNR manage stocks in inland waters where success stories abound. Outstanding, self-sustaining trout fisheries are now enjoyed in the Savage, Youghiogheny and Gunpowder Rivers as well as the Potomac's North Branch year-round. Tremendous walleye and tiger muskie fishing draws anglers from all over the East Coast. Panfish, bass and more populate our many accessible lakes and ponds. And trout stamp revenues support production of nearly 500,000 rainbow and brown trout annually, which are stocked in streams across the state.

In turn, Bay Sport License sales fund programs that manage Bay species. In addition to world-renowned striped bass fishing, the Chesapeake and its tidal tributaries offer Atlantic croaker, white perch, yellow perch, bluefish, weakfish, summer flounder and blue crab.

DNR is at the forefront of integrating resource management to sustain healthy waterways for healthy fish stocks across the state. This ecosystem-based approach is what makes fishing in Maryland fun, exciting and memorable!

Sport fishing License\$5.00

Allows a person 65 years of age or older to fish:

1. In nontidal waters of the State of Maryland
2. For trout in nontidal waters
3. In the Chesapeake Bay and its tributaries.

Trout Stamp\$5.00

(*Not required for persons under 16 years of age or Consolidated Senior Resident License*)

Replacement License Fees

Resident and Nonresident\$1.00

Trout Stamp\$1.00

Fishermen who lose their licenses may obtain a replacement license from any DNR Regional Service Center. (see page 36)

License Requirements

A person may not fish the nontidal waters of Maryland without first obtaining a license. No fee is charged for licenses issued to blind persons or to former prisoners of war. The license shall be valid from January 1 through December 31 of each calendar year. However, a person may fish for finfish without a license in Maryland's nontidal waters if the person is:

1. Under 16 years of age.
2. A resident of Maryland on active duty with Armed Forces, on leave with official orders.
3. A patient of a veterans hospital hospitalized for service connected disability (must secure a permit issued by a special service officer of the American Red Cross granted by the Department).
4. A patient under treatment by a State-approved mental health facility or an individual who attends or resides in a State-approved retardation facility engaged in an approved therapeutic program which involves fishing activities.
5. A person who fishes in nontidal waters of the State on free fishing days designated by the Secretary.
6. A person holding a current consolidated senior sport fishing license.

7. Owners or tenants, spouses, children or the spouse of their children residing on the property may fish from their riparian shoreline on nontidal waters.
8. A person holding a valid Virginia or West Virginia fishing license may fish in the nontidal waters of the Potomac River.
9. A person holding a valid Pennsylvania or Maryland fishing license may fish only the Youghiogheny and Conowingo Reservoirs by boat. Shores and tributaries within Maryland may be fished only by persons holding an appropriate Maryland fishing license.

A Trout Stamp Is Required

1. For anyone 16 years of age or older to fish in a "special trout management area" or possess trout taken from nontidal waters. Maryland residents holding a valid Consolidated Senior Resident Sport fishing License are exempt.
2. Trout stamps are not required to possess trout taken from privately owned lakes or ponds or licensed fee fishing lakes or ponds that are stocked with trout artificially propagated by, or purchased from, persons licensed by the State to sell fish.

Fishing Guide License

Types Available

NT – allows licensee to provide fishing guide services only in nontidal waters

NTT – allows licensee to provide fishing guide services in nontidal waters and designated tidal areas

L – allows licensee to provide fishing guide services (paddler and oar only) in all waters of the State.

Documents Required by Applicant

1. A valid freshwater angler's license; if applicable.
2. A valid Chesapeake Bay Sport fishing license; if applicable
3. Any necessary stamps issued by the Department;
4. A valid license issued by the U.S. Coast Guard, if operating a vessel;
5. A valid copy of a Cardiopulmonary Resuscitation Certificate (CPR); and
6. A valid copy of an American Red Cross First Aid Certification or equivalent.

Requirements differ for each license type. Contact a DNR Service Center for fees, fishing locations and restrictions.

It Is Unlawful

2. To use more than 5 rods (hand held devices) or tip-ups for ice fishing.
3. To cut a hole through the ice measuring more than ten (10) inches in any direction for the purpose of ice fishing.
4. Bait Fish.
 - a. To use a seine that exceeds 6 feet in length or 4 feet in depth to catch bait fish.
 - b. To take or possess more than 35 bait fish per person in any day from nontidal waters of the State. (This does not apply to live bait dealers).
 - c. To take bait fish of any description from any Put-and-Take Fishing Areas or Special Management Areas for Trout.
5. Spear Gun
 - a. To use a spear or spear gun within 100 yards of any private or public swimming areas, scuba diver's flag, other than that used by the spear fisherman, vessel in the water or human being without specific advance permission.
 - b. To use a spear or spear gun in State owned ponds, lakes or Put-and-Take Fishing Areas or Special Management Areas for Trout.
 - c. To shoot any trout, walleye, striped bass, striped bass hybrid, northern pike, large and smallmouth bass, muskellunge or tiger musky, with a spear gun and spear in the nontidal waters of the State.
6. To use a trotline:
 - a. Except in the mainstem of the Potomac and Monocacy Rivers.
 - b. In any waters during April, May and June.
 - c. In any waters between 9 a.m. and 4 p.m., E.S.T.
 - d. Made of metallic material.
 - e. Having more than 75 single hooks.
 - f. More than 300 feet in length.
 - g. Baited with scale bait.
 - h. To catch walleye, smallmouth bass or largemouth bass.
- i. Not identified with a metal tag securely attached to it showing the name and address of the person operating it.
- j. Anchored from one shore to the other.
7. In Deer and Swan Creeks in Harford County:
 - a. For a person to catch or attempt to catch fish other than by hook and line only, attached to a pole or rod, with line held in hand, attended in a manner that the fish voluntarily takes bait or lure in its mouth.
 - b. For a person to possess or use minnows for bait while fishing.
8. Bush-bobs/bank poles
 - a. For anyone other than a resident to use bush-bobs or bank poles.
 - b. For residents to use more than 25 bush-bobs or bank poles, or any bush-bobs or bank poles having more than 1 hook to a pole or bob.
 - c. To use bush-bobs or bank poles except in the mainstems of the Potomac and Monocacy Rivers within Carroll, Washington and Frederick counties.
 - d. To use bush-bobs or bank poles between sunrise and sunset.
 - e. To use bush-bobs or bank poles on any streams stocked with trout.
9. Dip net
 - a. For anyone other than a resident to use a dip net in:
 1. the Susquehanna River in Cecil and Harford counties.
 2. Allegany and Washington counties.
 3. the Monocacy and Potomac Rivers in Carroll and Frederick counties.
 - b. To use a dip net from April 16 to December 31 inclusive.
 - c. To use a dip net within 50 yards of the mouth of a tributary or the breast of any dam.
 - d. To use a dip net in waters of the State stocked with trout.

(Landing nets used to land fish are not considered dip nets.)

Mind Your Stream Manners

- Use good manners on the stream today to ensure access to your favorite fishing spots tomorrow. If fishing on private land, remember – you are a guest of the landowner.
- Ask permission of the landowner before entering.
- Treat the area, including trees, shrubs, grass, fences, etc., with respect.
- When departing, leave the area as clean as you found it – littering is unlawful as well as bad manners.
- Do not obstruct driveways, cattleways or fields, or dig in or drive over cleared or cultivated lands – these actions are also unlawful.

Import of Fish for Stocking

The Fisheries Service is responsible for the protection and management of fish populations across the state. To prevent the introduction of fish that may compete with native or naturalized species, it is unlawful to introduce any fish species except bluegill, sunfish, golden shiner, fathead minnow, channel catfish, and bait fish on a hook for the purpose of angling without written approval of the Freshwater Fisheries Division.

In order to import fish to Maryland, out-of-state suppliers must be registered with the Department. Companies must comply with the Maryland Fish Health Requirements to ensure that aquaculture operations do not adversely impact wild stocks of fish. Please do not release aquarium fish to the wild.

To obtain information pertaining to permits, please contact the Annapolis office at 410-260-8317.

- e. For nonresidents to fish in nontidal waters of the State with nets of any description. However, nonresidents may use a net commonly known as a landing net to land fish caught by hook and line.
 - f. To use a dip net to fish for any trout species, walleye, striped bass, striped bass hybrid, northern pike, large and smallmouth bass, muskellunge, or muskellunge hybrids (including tiger musky).
 - g. For anyone to use a baited dip net by attaching an attractant to the net material or frame.
10. For a nonresident to gig at any time.
 11. To use a gig, gig iron, nets, seines, fish pots or other fishing rigs, except as provided for by law or regulation.
 12. To snag fish with hooks.
 13. To remove the head and tail of fish in possession while at the fishing location. The head and tail shall remain attached in such a manner as to permit identification of fish species and total length.
 14. To use a trap to catch turtles unless the top portion is exposed above the surface of water to prevent mortality.
 15. To disturb, take, destroy or possess any terrapin eggs.
 16. For a person to catch snapping turtles from waters of the State by hook and line, trotline, bow and arrow, spear gig or iron or any device capable of piercing any part of the turtle at any time.
 17. To use a bow and arrow:
 - a. to shoot or attempt to shoot any fish in a Put-and-Take Fishing Areas or Special Management Areas for Trout.
 - b. to shoot or attempt to shoot any fish in state-controlled community ponds or lakes. However, the Department may permit the taking of carp with bow and arrow, if the angler first obtains a valid freshwater fishing license.
 18. To trespass or fish any waters closed to the public for fishing by the Department.
 19. To operate any vehicle on any lands owned or controlled by the Freshwater Fisheries Division without written permission from the Division except on those roads, lanes or areas which are open to automobile traffic or which are specifically marked by the Division.
 20. To camp on lands owned and controlled by the Freshwater Fisheries Division except on designated sites or with written permission.
 21. To swim in any State controlled lake except in designated areas.

Special Fisheries Management Areas

Special Trout Management Areas

Catch and Return Trout Fishing Areas Limited to Artificial Fly Fishing Only

1. Special provisions in effect on these areas:

- a. A person may not have any trout in possession while fishing in these areas. All trout which are caught shall be released and returned to the water.
- b. A person may fish only with artificial flies and streamers constructed using natural and/or synthetic materials (which may include feathers, fur, hair, tinsel, thread, fiber, plastic, cork and rubber) on a single hook with the components wound on or about the hook. Weights or sinkers may be built into the fly or streamer or fixed on the leader. Specifically prohibited are the use of molded replicas of insects, earthworms, fish eggs, fish or any invertebrate or vertebrate either singly or in combination with other materials, or other lures commonly described as spinners, spoons, or plugs made of metal, plastic, wood, rubber or similar substance or a combination of these.
- c. A person may fish only with conventional fly fishing tackle (fly rods, fly reels, and fly line with a maximum of 18 feet of leader or monofilament line attached). Any method of angling when the fly is cast directly from the reel is prohibited. The use of spinning, spincast, and casting reels is prohibited.
- d. Except for artificial flies and streamers, a person may not use or possess any natural bait, bait fish, fish bait, scents or natural or synthetic devices capable of catching fish.

- e. The open season is Jan. 1 through Dec. 31, inclusive.

2. Areas subject to provisions of this section:

- a. Big Hunting Creek, Frederick County. All waters of Big Hunting Creek and its tributaries within Cunningham Falls State Park and Catoclin Mountain Park except Owens Creek, Little Hunting Creek, Cunningham Falls Lake and Frank Bentz Pond.
- b. Beaver Creek, Washington County. From the confluence with Black Rock Creek downstream approximately 1 mile to a red post located 0.1 mile above Beaver Creek Road.
- c. Patuxent River, Montgomery and Howard Counties. From red bank posts located on both sides of the river, approximately 400 yards below Brighton Dam downstream to Mink Hollow Road.

Catch and Return Trout Fishing Areas

Limited to Use of Artificial Lures Only

1. Special provisions in effect on these areas:

- a. A person may not have any trout in possession while fishing in these areas. All trout which are caught shall be released and returned to the water.
- b. A person may fish only with artificial lures, including artificial flies.
- c. The use or possession of any natural bait, bait fish, fish bait, scents, or any other devices capable of catching fish other than artificial lures and artificial flies (see definition on page 13) is prohibited.
- d. The open season is Jan. 1 through Dec. 31, inclusive.

Put 'em Back Alive

Use of barbless hooks is recommended in special fishery management areas and for those anglers that release some or all of the fish they catch. Although use of barbless hooks does not appear to significantly increase the chance of a released fish surviving, there are benefits. Barbless hooks are easier to remove, thereby reducing the amount of stress from handling when removing a hook. Injuries to fish which cause scarring and loss of mouth parts are also reduced. Barbless hooks also have the added advantage of being easier to remove from an angler's skin after an errant cast.

Because barbless hooks may not be available at tackle retailers, you can easily make your own by breaking, filing or pinching down the barbs on regular hooks. Give barbless hooks a try, you may be surprised to find that you catch more fish.

2. Areas subject to provisions of this section:

- a. Patuxent River, Howard and Montgomery counties. The mainstem of the Patuxent River from the crossing of Maryland Route 97 upstream to the crossing of Maryland Route 27 and Cabin Branch from its confluence with the Patuxent River upstream to Hipsleys Mill Road.
- b. Morgan Run, Carroll County. From bridge on London Bridges Road upstream to bridge on Maryland Route 97.
- c. Paint Branch and tributaries, Montgomery County. Upstream of Fairland Road.
- d. Gunpowder Falls, Baltimore County. Mainstem from Prettyboy Reservoir Dam downstream to Bluemount Road.
- e. North Branch Potomac River from the mouth of unnamed tributary at Bench Mark 1218 on the Westernport U.S.G.S. Quadrangle downstream approximately 0.75 mile to a red post, located approximately 100 yards above the upstream concrete abutments at Barnum, West Virginia, and from a red post located below a pool known as Blue Hole, approximately 1/3 mile upstream of Bench Mark 1110 on the Westernport U.S.G.S. Quadrangle, downstream approximately 4 miles to the confluence of Piney Swamp Run.
- f. Youghiogheny River, Garrett County. Mainstem beginning at a red post approximately 100 yards upstream of the Deep Creek Lake tailrace and extending downstream 4 miles to the Sang Run Bridge.
- g. Little Hunting Creek, Frederick County. Mainstem from a red post located approximately 0.25 mile downstream of Route 806, upstream approximately 1 mile to the upper boundary of Cunningham Falls State Park Manor Area.

- f. Except for artificial lures and artificial flies, a person may not possess or use any natural bait, fish bait, bait fish, scents, or natural or synthetic device capable of catching fish while fishing in this area.

2. Area subject to these provisions:

- a. Savage River mainstem from its mouth upstream for a distance of approximately 2.7 miles to the lower suspension bridge (Alleghany Bridge).

Trophy Trout Fishing Areas

Limited to Use of Artificial Flies Only

1. The following provisions apply to this area:
 - a. Open Season – there is no closed season.
 - b. Creel Limit (all species of trout) in aggregate – 2 Daily / 2 Possession.
 - c. Minimum Size – Brook Trout is 12 inches; Brown Trout is 18 inches; and for all other species of trout there is no minimum size.
 - d. A person may fish only with artificial flies and streamers.
 - e. The use or possession of any natural bait, bait fish, fish bait, scents, or natural or synthetic devices capable of catching fish other than artificial flies is prohibited in this area.
 - f. A person may not have in possession any trout smaller than the minimum size limit in effect for this area.
 - g. A person may fish only with conventional fly fishing tackle. Casting the fly directly from the reel, spinning and spin casting tackle and casting reels are prohibited.
2. Area subject to these provisions:
 - a. Savage River mainstem from the Savage River Reservoir Dam downstream to the lower suspension bridge (Alleghany Bridge).

Trophy Trout Fishing Areas

Limited to Use of Artificial Lures Only

1. The following provisions apply to this area:
 - a. Open Season – There is no closed season.
 - b. Creel Limit (all species of trout) in aggregate – 2 Daily / 2 Possession.

Hellbender

Please Do Not Kill – Help Save One Of Maryland's Endangered Species

The hellbender is a large, dark aquatic salamander that lives for more than 30 years and may grow to over two feet long. Hellbenders do not have a poisonous bite, but are difficult to handle because they are covered with a coating of protective slime. To release a hellbender, cut the line as close to the hook as possible. If you have seen or caught a hellbender we would like to hear from you.

Fish with a minimum size requirement should be measured from the tip of the nose to the end of the tail or caudal fin as indicated above. Fish should be placed on a flat surface with a measuring device beneath its body to get an accurate measurement.

If you are returning fish to the water

1. Never let it flap on the ground. Hold fish with a wet hand or wet rag (never dry) and gently remove hook.
2. Never keep fish out of the water for more than about 15 seconds. Many fish that appear to swim away eventually die. Fish out of water for longer periods of time can sometimes be revived by moving the fish forward and backward in the water to allow oxygen flow through the gills.
3. Anglers should use circle hooks to minimize damage to fish. They are no less effective in keeping fish on the line. Always have pliers handy for deep-set hooks and leave hooks in fish that have swallowed them rather than ripping out their stomachs.

Catch a Poacher...

"Poaching" deprives the public of the opportunity to use and enjoy Maryland's natural resources. Preserving our natural resources for our present and future enjoyment is everyone's responsibility.

It's Illegal

Taking sportfish or game out of season • Taking of banned sportfish or non-game wildlife • Exceeding creel or bag limit (legal quantity in possession) • Taking game or sportfish with illegal methods or equipment • Taking sportfish or game outside of established hours • Taking fox outside of prescribed open season

Reward

Citizens who supply the Natural Resources Police will receive cash rewards for the information leading to the arrest and conviction of a violator. Be specific in the description of individuals. When possible, give name, addresses and vehicle descriptions. The anonymity of the information/caller is guaranteed.

Report a Poacher

This is a cooperative program of the Maryland Department of Natural Resources, Maryland Association of Wildlife Conservation, Hunting and Sport Fishing Associations, and citizens of Maryland. MDE Fish Consumption Advisories

The Maryland Department of the Environment has issued revised fish consumption advisories recently. These advisories recommend limits to consumption of a number of species of recreationally caught fish from potentially contaminated areas, particularly for children and women who are or may become pregnant. Please contact the MDE web site at www.mde.maryland.gov for more information or call 410-537-3906.
