About the Gulf of Mexico Fishery Management Council

The Gulf of Mexico Fishery Management Council is one of eight regional Fishery Management Councils established by the Fishery Conservation and Management Act of 1976. The Council prepares fishery plans, which are designed to manage fishery resources within the 200-mile limit of the Gulf of Mexico.

The Council consists of 17 voting members: the Southeast Regional Administrator of the National Marine Fisheries Service (NMFS) (or his designee), the directors of the five Gulf state marine resource management agencies (or their designees), and 11 members who are nominated by the state governors and appointed by the Secretary of Commerce. Appointments are three year terms with a maximum of three consecutive terms. In addition, there are four nonvoting members representing the U.S. Coast Guard, U.S. Fish and Wildlife Service, Department of State, and the Gulf States Marine Fisheries Commission.

The Council meets five times a year at various locations around the Gulf coast. When reviewing potential rule changes, the Council draws upon the services of knowledgeable people from other state and federal agencies, universities, and the public, who serve on panels and committees.

Public hearings are held throughout the Gulf coast before the takes final action on proposed rule changes. Public testimony is also heard during the meeting at which final action is scheduled. Proposed rule changes are then submitted to NOAA Fisheries Service for further review and approval before implementation.

Recreational Fishing Regulations

Reef Fish			
Species	Minimum Size Limit	Season	Daily Bag Limit
Snappers			
Red Snapper	16" total length	Red snapper season June 1-July 10.	2 per person
Vermilion Lane	10" total length 8" total length	Year round Year round	20 per person within the 20-reef combined total
Gray/Mangrove Mutton	12" total length	Year round	10 per person within the 10-snapper combined total
Yellowtail	12" total length	Year round	
Cubera	12" total length	Year round	
Queen	None	Year round	
Blackfin	None	Year round	
Silk	None	Year round	Includes all snappers except red, vermilion, and lane
Wenchman	None	Year round	

Other Reef fish

Species	Minimum Size Limit	Season	Daily Bag Limit
Hogfish	12" fork length	Year round	5 per person
Gray Triggerfish	14" fork length	Closed June 11, 2012. Reopen January 1, 2013.	20 per person within the 20-reef fish combined total
Greater Amberjack	30" fork length	Closed June 1–July 31	1 per person Captain & crew may not retain a bag limit
Lesser Amberjack	14" – 22" fork length slot limit	Year round	5 fish combined total
Banded Rudderfish	14" – 22" fork length slot limit	Year round	

Gulf of Mexico Federal Waters

The Gulf of Mexico Fishery Management Council manages federal waters of Gulf of Mexico Exclusive Economic Zone. Federal waters begin three to nine nautical miles offshore to 200 mile limit of the Gulf of Mexico. From Texas and Florida federal waters begin nine nautical miles out, and from Mississippi, Louisiana and Alabama, federal waters begin three nautical miles out.

Title 50: Wildlife and Fisheries

PART 600—MAGNUSON-STEVENSON ACT PROVISIONS
Subpart B—Regional Fishery Management Councils

§ 600.105 Intercouncil boundaries.

- (c) South Atlantic and Gulf of Mexico Councils. The boundary coincides with the line of demarcation between the Atlantic Ocean and the Gulf of Mexico, which begins at the intersection of the outer boundary of the EEZ, as specified in the Magnuson-Stevens Act, and 83° 00' W. long., proceeds northward along that meridian to 24° 35' N. lat., (near the Dry Tortugas Islands), thence eastward along that parallel, through Rebecca Shoal and the Quicksand Shoal, to the Marquesas Keys, and then through the Florida Keys to the mainland at the eastern end of Florida Bay, the line so running that the narrow waters within the Dry Tortugas Islands, the Marquesas Keys and the Florida Keys, and between the Florida Keys and the mainland, are within the Gulf of Mexico.

State Authority in Federal Waters

A state may regulate vessels that are registered in that state and fishing in federal waters for species for which there are no federal fishery management plans or applicable federal regulations, or for which the appropriate fishery management plan has delegated management of the state and the state rules are consistent with federal regulations.

NOTE: Federally permitted for-hire reef fish vessels must comply with the more restrictive of federal or state reef fish regulations when fishing for reef fish in state waters.

Marine Sanctuaries and Area Closures *continued*

"The Edges" 40 fathom contour is closed January 1–April 30. The Edges is a 390 nautical square mile region northwest of Steamboat Lumps.

The Edges Coordinates:		
	Latitude	Longitude
NW	28° 51" N	85° 16" W
NE	28° 51" N	85° 04" W
SW	28° 14" N	84° 54" W
SE	28° 14" N	84° 42" W

Habitat Areas of Particular Concern

Bottom anchoring, the use of trawling gear, bottom longlines, buoy gear and all traps/pots are prohibited in the Habitat Areas of Particular Concern (HAPCs) listed below.

Pulley Ridge		
Position	North Latitude	West Longitude
A	24° 58' 18" N	83° 38' 33" W
B	24° 58' 18" N	83° 37' 00" W
C	24° 41' 11" N	83° 37' 00" W
D	24° 40' 00" N	83° 41' 22" W

Recreational Fishing Regulations *continued*

Species	Minimum Size Limit	Season	Daily Bag Limit
Shallow-water Groupers			
Red	20" total length	2/1 - 3/31 closed season for shallow-water grouper	4 per person combined total
Black	22" total length		
Yellowfin	20" total length		
Scamp	16" total length		
Yellowmouth	None	July 1–Oct. 31	2 per person within the 4 fish combined grouper total
Gag	22" total length		
Deep-water Groupers		Year round	1 per vessel, included in the 4-fish combined grouper total
Yellowedge	None		
Snowy	None		
Speckled Hind	None		
Warsaw	None		

Protected Groupers

Goliath *(Jewfish)* HARVEST AND POSSESSION PROHIBITED

Species included in the 20-reef fish aggregate bag limit

Vermilion Snapper Lane Snapper Almaco Jack Gray Triggerfish Tilefish Goldface Tilefish Blueline Tilefish	20 per person combined total
--	------------------------------

NOTES: For-hire captains and crew are prohibited from retaining bag limits of any grouper or red snapper while under charter.

Federally permitted for-hire reef fish vessels must comply with the more restrictive of federal or state reef fish regulations when fishing for reef fish in state waters.

See Pages 16-20 for Marine Protected Areas and other area/seasonal closures.

Recreational Fishing Regulations *continued*

- Reef fish taken under the recreational bag limit may not be sold.
- Stressed areas for reef fish begin at the shoreward boundary of federal waters and generally follow the 10 fathom contour from the Dry Tortugas to Sanibel Island; the 20 fathom contour to Tarpon Springs; the 10 fathom contour to Cape San Blas; the 25 fathom contour to south of Mobile Bay; the 13 fathom contour to Ship Island, Mississippi; the 10 fathom contour off Louisiana; and the 30 fathom contour off Texas. Use of roller trawls and power heads is prohibited in designated "stressed areas."
- Reef fish gear is limited to no more than 3 hooks in a special management zone off Alabama. Nonconforming gear is restricted to bag limit. For reef fish without a bag limit nonconforming gear is restricted to 5% by weight of all fish aboard.
- Non-stainless steel circle hooks are required, along with venting tools and dehooking devices when angling for reef fish, because they reduce mortality on released fish.
- Operators of vessels with Gulf of Mexico reef fish commercial or charter vessel/headboat permits comply with guidelines for proper care and release of incidentally caught smalltooth sawfish and sea turtles must and possess on board specific gear to ensure proper release of such species.

Reef Fish as Bait

Federally managed reef fish are prohibited as bait.

Additional Rules, Regulations and Permit Requirements

Please see pages 8–10 for details on other applicable recreational rules, regulations and permit requirements.

Coastal Migratory Pelagics

Species	Minimum Size Limit	Season	Daily Bag Limit
Cobia (ling)	33" fork length	Year round	2 per person
King Mackerel	24" fork length	Year round	2 per person including captain and crew of for-hire vessels
Spanish Mackerel	12" fork length	Year round	15 per person

Marine Sanctuaries and Area Closures *continued*

The following locations off the west-central coast of Florida are closed to all fishing from November 1 to April 30. Surface trolling for species other than reef fish is allowed May 1 to October 31.

Madison/Swanson Marine Reserve:		
	Latitude	Longitude
NW	29° 17' N.	85° 50' W.
NE	29° 17' N.	85° 38' W.

Recreational Fishing Regulations *continued***Shellfish**

Species	Minimum Size Limit	Season	Daily Bag Limit
Spiny Lobster	More than 3" carapace. Divers must measure in water.	8/6 – 3/31 There is a special 2 day, non-trap, recreational season, to be the last consecutive Wednesday and Thursday in July.	6 per person, no transfer at sea between boats (During the 2 day special season, 12 per person off Florida, except 6 per person for Monroe County, Florida Keys.) See additional rules on page 9.

Coral and Other Species

Species	Minimum Size Limit	Season	Daily Bag Limit
Live Rock	Harvest and possession of live rock is prohibited (except for permitted aquaculture operations). Call 727-824-5763.		
Other Marine Life Organisms	Marine life organisms from the EEZ harvested or possessed by Florida residents or landed in Florida are subject to Florida's Marine Life Rule. Contact the Florida Fish and Wildlife Commission for more information at 850 487-3122		
Other Species			
Red Drum	Illegal to harvest or possess in federal waters		

Other Federal Regulations

Highly Migratory Species

All HMS species (except blackfin tuna) require an HMS Angling Category permit from NOAA Fisheries. Permits are available by calling 888-872-8862 or visiting www.nmfspermits.com. No sale permitted for HMS species caught under an angling permit. Additional recreational reporting requirements apply for swordfish, billfish, and Atlantic bluefin tuna. For complete HMS regulations, contact the NOAA Fisheries HMS Management Division at 301-713-2347 or visit the web site at www.nmfs.noaa.gov/sfa/hms/.

For updates on tuna quota monitoring and tuna retention limit adjustments, anglers may call the Atlantic Tunas Information Line at 888-872-8862 or 978-281-9305, or visit www.nmfspermits.com. For further information on tunas, contact the HMS Management Division located in Gloucester, MA at 978-281-9260. Recreational swordfish and billfish landings should be reported to 800-894-5528.

Species	Minimum Size Limit	Season	Daily Bag Limit
Tuna			
Bluefin	27" curved fork length	Bag limits are subject to sub-quotas by size and permit categories, change seasonally, and are reduced to zero when sub-quotas are filled	
Bigeye	27" curved	Year round	None
Yellowfin	27" fork length	Year round	3 per person
Albacore	None	Year round	None
Skipjack	None	Year round	None
Blackfin	None	Year round	None
Billfish			
Minimum size lower jaw to fork			
Blue Marlin	99" lower jaw	Year round	None
White Marlin	66" fork length	Year round	None
Sailfish	63" fork length	Year round	None
Longbill spearfish	HARVEST PROHIBITED		
Swordfish	Whole fish: 47" lower jaw to tail fork, or 29" carcass length	Year round	1 per person; maximum 4 per vessel (6 per vessel for Charter boats; 15 per vessel for Head boats)

Marine Sanctuaries and Area Closures *continued*

Injury to or Possession of Sanctuary Resources

The following activities are prohibited:

- Injuring or removing, or attempting to injure or remove, any coral or other bottom formation, coralline algae or other plant, marine invertebrate (e.g., *spiny lobster, queen conch, shell, sea urchin*), brine-seep biota or carbonate rock.
- Possessing within the Sanctuary (regardless of where collected, caught, harvested or removed), any coral or other bottom formation, coralline algae or other plant, or fish (except for fish caught by use of conventional hook and line gear).
- Placing or abandoning any structure, material or other matter on the seabed of the Sanctuary.

Flower Garden Banks National Marine Sanctuary Boundary Coordinates (NAD 83) Updated February 8, 2007

East Flower Garden Bank Boundary Coordinates:		
Position	Latitude	Longitude
E-1	27° 52' 54.84" N	93° 37' 41.84" W
E-2	27° 53' 35.80" N	93° 38' 23.90" W
E-3	27° 55' 14.61" N	93° 38' 40.89" W

Marine Sanctuaries and Area Closures

Flower Garden Banks National Marine Sanctuary

Phone: (409) 621-5151

Fax: (409) 621-1316

Email: flowergarden@noaa.gov

URL: <http://flowergarden.noaa.gov>

The following is an abbreviated summary of prohibited or otherwise regulated activities within the Flower Garden Banks National Marine Sanctuary:

For full text of the regulations contact the Sanctuary office, or see: 15 CFR, Pt. 922, Subpart L, §922.122(a); 15 CFR, Pt. 922, Subpart A, §922.3

Fishing and Related Activities

The following activities are prohibited:

- Fishing by any means (e.g. *spear guns, powerheads, traps, longlines, nets*) **except** conventional hook and line gear.
- Possessing, except while passing through the Sanctuary without interruption, any fishing gear, device, or equipment (e.g. *trawl gear, spearguns*) **except** conventional hook and line gear.
- Possessing fish caught by any means **other** than conventional hook and line.
- Feeding fish.

Conventional hook and line gear means any fishing apparatus operated aboard a vessel and composed of a single line terminated by a combination of sinkers and hooks or lures and spooled upon a reel that may be hand or electrically operated, hand-held or mounted.

Anchoring and Mooring

The following activities are prohibited:

- Anchoring any vessel within the Sanctuary boundaries.
- Mooring a vessel over 100 feet in registered length on a Sanctuary mooring buoy.

Discharges

Discharging or depositing any material or other matter within the Sanctuary is prohibited, with the following exceptions:

- Fish, fish parts, chumming materials or bait used in, or resulting from, fishing with conventional hook and line gear.
- Biodegradable effluents incidental to vessel use and generated by an approved marine sanitation device.
- Water generated by routine vessel operations (e.g. *engine exhaust, cooling water, deck wash down, and gray water*), excluding oily wastes from bilge pumping.

Other Federal Regulations *continued*

Species	Minimum Size Limit	Season	Daily Bag Limit
Sharks			
All sharks*	54" fork length	Year round	1 per vessel
* Exceptions:			
Atlantic sharpnose	None	Year round	1 per person
Bonnethead	None	Year round	1 per person

Prohibited Sharks-Recreational Harvest

Atlantic angel	Bigeye thresher	Bigeye sand tiger	Caribbean reef	Caribbean sharpnose
Bigeye sixgill	Basking	Bignose	Dusky	Sand tiger
Galapagos	Longfin mako	Narrowtooth	Night	White
Sevengill	Sixgill	Smalltail	Whale	Sandbar

Additional Rules

Charter vessels/ headboat two-day bag limit allowance	Persons on qualified charter vessels or headboats with two captains for trips in excess of 24 hours may possess 2 days' bag limits of reef fish species, king mackerel and Spanish mackerel. One-day bag limits apply on all other species and trips regardless of length.
Cobia (ling)	The 2-day bag limit allowance for charter vessels and headboats does not apply to cobia.
Spiny Lobster	Removal of tail prohibited at sea. See commercial regulations for trap use. No spears, hooks, or piercing devices. No taking of spiny or slipper lobsters that are berried (egg-bearing).

Head and Fins Attached Rule

All fish except for bait and oceanic migratory species taken from federal waters must have heads and fins intact through landing. Up to 1½ pounds of finfish per person is exempt from the head and fins intact rule for personal consumption provided the vessel is equipped to cook such finfish.

Recreational Permit Requirements

Recreational Requirements

Permit	Required for:
Charter vessel/headboat coastal pelagics permit	Charter vessel and headboats fishing for mackerels, cobia, little tunny, cero, dolphin, bluefish. NOTE: Issuance of new permits is under a moratorium effective June 16, 2003.
Charter vessel/headboat reef fish permit	Charter vessels and headboats require a reef fish permit when fishing for snappers, groupers, amberjack, tilefish, hogfish, and gray triggerfish. NOTE: Issuance of new permits is under a moratorium effective June 16, 2003.
Highly migratory species (HMS) charter/headboat permit	HMS charter/headboat permit is required for all charter or headboats that fish for or possess an HMS.
HMS recreational angling permit	Owners of vessels used to fish recreationally for Atlantic HMS Atlantic tunas (other than blackfin), billfish, sharks and swordfish.

Applications for permits other than HMS permits may be obtained from National Marine Fisheries Service, Southeast Regional Office, 263 13th Avenue S., St. Petersburg, FL 33702 (telephone 877-376-4877). HMS permits can be purchased online at www.nmfspermits.com or by calling 888-872-8862.

Measurement Guidelines

Fork length: the straight-line distance from the tip of the head (snout) to the rear center edge of the tail (caudal fin).

Total length: the straight-line distance from the tip of the snout to the tip of the tail (caudal fin), excluding any caudal filament, while the fish is lying on its side. The mouth of the fish may be closed and/or the tail may be squeezed together to give the greatest overall measurement.

Dressed weight: fish has been gutted and the head and fins removed, but is otherwise in whole condition.

Curved fork length: the tip of the upper jaw to fork of tail measured along the contour of the middle of the body.

Carcass length: the curved measure from posterior edge of gill opening to anterior portion of caudal keel.
