**RHODE ISLAND MARINE FISHERIES
STATUTES AND REGULATIONS**

PURPOSE

The purpose of these rules and regulations is to manage the marine resources of Rhode Island.

AUTHORITY

These rules and regulations are promulgated pursuant to Chapter 42.17.1, 42-17.6, 20-1-2, 20-1-4, 20-3-2 thru 20-3-6, 20-4 thru 20-10 and in accordance with Chapter 42-35, Administrative Procedures, of the General Laws of 1956, as amended.

ADMINISTRATIVE FINDINGS

Rules and regulations are based upon the need to modify existing regulations (RIGL 20-3-2 through 20-3-6).

APPLICATION

The terms and provisions of these rules and regulations shall be liberally construed to permit the Department to effectuate the purposes of state law, goals, and policies.

DEFINITIONS

See Rhode Island Marine Statutes and Regulations, Part I, '1.3.

SEVERABILITY

If any provision of these Rules and Regulations, or the application thereof to any person or circumstances, is held invalid by a court of competent jurisdiction, the validity of the remainder of the Rules and Regulations shall not be affected thereby.

SUPERSEDED RULES AND REGULATIONS

On the effective date of these rules and regulations, all previous rules and regulations, and any policies regarding the administration and enforcement of Part VII shall be superseded.

Rule 8. EFFECTIVE DATE

The foregoing rules and regulations Rhode Island Marine Statutes and Regulations, after due notice, are hereby adopted and filed with the Secretary of State this 28th day of March, 2002 to become effective 20 days from filing, unless otherwise indicated, in accordance with the provisions of Chapters 20-1-2, 20-1-4, 20-3-2 through 20-3-6, 20-4 through 20-10, 42-35, 42-17.1, 42-17.6 of the General Laws of Rhode Island of 1956, as amended.

Jan H. Reitsma
Director

Notice Given:	11/17/01
Public Hearing:	12/18/01
Filing date:	3/28/2002
Effective date:	20 days from filing

March 21, 2002

Honorable Edward S. Inman III
Secretary of State
217 State House
Providence, RI 02907

Dear Mr. Secretary:

Pursuant to the provisions of Chapter 42-17.1 and 20-3, and in accordance with 42-35 of the Administrative Procedures Act of the General Laws of Rhode Island, 1956 as amended, and the Department of Environmental Management adopted regulations governing the commercial possession of **summer flounder**.

The purpose of this filing is to redefine sub-periods, sub-period allocations, and starting possession limits for the commercial summer flounder fishery. This filing also establishes a procedure to manage overages and under harvest of sub-period allocations.

This regulation becomes effective 20 days from filing.

Sincerely,

John A. Stolgitis,
Chief

R.I. Marine Fisheries Statutes and Regulations
PART VII - MINIMUM SIZES OF FISH/SHELLFISH

7.1 Minimum Size of Quahaugs, Soft-Shell Clams, Mussels --

No person shall take or have in his custody or possession quahaugs of less than one inch (1") shell thickness (hinge width). For purposes of this regulation, hinge width is defined as the distance between the convex apex of the right shell and convex apex of the left shell. (ref 20-6-11) (RIMFC REGULATIONS) [Penalty - Part 3.3; (RIGL 20-3-3)]

No person shall take or have in his custody soft-shelled clams or mussels of a shell diameter less than one and one half inches (1 1/2") (taking the maximum shell diameter for soft-shelled clams and mussels), unless greater minimum sizes are established by the Rhode Island Marine Fisheries Council. (ref RIGL 20-6-11).

Penalty -- Any person who takes or possesses shellfish of less than the minimum size shall, upon conviction, be fined not less than ten dollars (\$10) nor more than fifty dollars (\$50) for each and every fifteen (15) shellfish taken or possessed; provided, however, that such penalty shall not attach if said person promptly returns the shellfish un mutilated to the same immediate water or shore area from which the quahaugs were first taken. (ref RIGL 20-6-11)

7.2 Oysters -- Minimum Size: Three (3) inches measured parallel to the long axis of the oyster. (ref 20-6-11) (RIMFC REGULATION) [Penalty - Part 3.3; (RIGL 20-3-3)]

7.3 Sea Clams (Surf Clams) -- Minimum Size: Five (5) inches measured parallel to the longest axis of the clam. (RIMFC REGULATION) [Penalty - Part 3.3; (RIGL 20-3-3)]

7.4 Scallops -- Taking and Possession of Seed Scallops -- Every person taking any seed scallops, and failing to restore them as soon as possible to their natural beds in the water from which taken, shall be fined not less than twenty dollars (\$20) nor more than one hundred dollars (\$100) or be imprisoned exceeding thirty (30) days, or both, for each offense. For the purpose of this Chapter, a "seed scallop" means a scallop with a bright, thin, slightly curved shell with no foreign adherent, the shell having no well-defined raised annual growth line, and the scallop being less than one (1) year old. (RIGL 20-6-17)

7.5 Striped Bass -- Except as provided for in 12.3 and 12.5 no person, firm, or corporation shall possess any striped bass measuring less than twenty-eight (28) inches total length, whether caught within the jurisdiction of this State or otherwise. (RIMFC REGULATIONS) [Penalty - Part 12.2; (RIGL 20-4-11)]

7.6 Minimum sizes, other species -- Except as specifically noted, no person shall possess or take any of the following species which are less than the following minimum size

AMERICAN PLAICE (DAB): Commercial and Recreational 14"
ATLANTIC STURGEON: Commercial and Recreational - no possession
COD: Commercial - 19"; Recreational - 20"
EEL: Commercial and Recreational - 6"
HADDOCK: Commercial and Recreational - 19"
MONKFISH: Commercial and Recreational - 17". When possessed as tails either processed or mutilated the minimum length shall be 11"
POLLOCK: Commercial and Recreational - 19"
SCUP: Commercial - 9" and Recreational -10". Floating trap fishermen may possess undersize scup provided they are not sold, bartered, traded, and exchanged, but following culling, are taken to sea and released back into the water.
WEAKFISH (SQUETEAGUE): Commercial and Recreational 16"
WITCH FLOUNDER (GRAY SOLE): Commercial and Recreational 14"
YELLOWTAIL FLOUNDER: Commercial and Recreational 13"
All minimum sizes for the above listed fish shall be measured as total length (from tip of snout to tip of tail).
(RIMFC REGULATION) [Penalty - Part 3.3; (RIGL 20-3-3)]

7.7 Fluke (Summer Flounder) -- No person commercially licensed under RIGL 20-2-27 or RIMFC Part II shall possess or harvest any fluke which is less than fourteen (14) inches total length. A total annual statewide quota for fluke will be established. It shall be the most recent allocation established for the State by the Atlantic States Marine Fisheries Commission and/or the Secretary of the U.S. Dept. of Commerce and published in the Federal Register. The quota may be harvested by licensed gear fishermen in accordance with the provisions of Title 20 of the General Laws and in accordance with all rules and regulations promulgated by the R.I. Marine Fisheries Council. In order to provide for the orderly harvest of the quota the R.I. Marine Fisheries Council has established the following sub-period allocations:

7.7.1 Summer flounder Sub-periods

**7.7.1-1 Winter Sub-Period: January 1 - April 30 annually.
Target allocation - 54% of the annual quota established in Section 7.7.
The possession limit per vessel will be 700 pounds per calendar day.
The DFW will increase the possession limit during the sub-period based on the current catch rate and advice from fishing industry representatives and the Rhode Island Marine Fisheries Council.**

7.7.1-2 Summer I Sub-Period: May 1 - July 31 annually.

**Target allocation - 12% of the annual quota established in Section 7.7.
The possession limit per vessel will be 100 pounds per calendar day.**

**7.7.1-3 Summer II Sub-Period: August 1 - October 31 annually.
Target allocation - 23% of the annual quota established in section 7.7.
The possession limit per vessel will be 150 pounds per calendar day.**

**7.7.1-4 Fall Sub-Period: November 1 - December 31 annually.
Target allocation - 11% of the annual quota established in Section 7.7.
The possession limit per vessel will be 450 pounds per calendar day.**

Any unused portion of the quota from a 'sub-period' will be equally distributed to the allocations of the remaining sub-periods. The over-harvest of a sub-period allocation will be deducted from the allocations of the remaining sub-periods. Annually, the target allocations specified in sections 7.7.1-1 through 7.7.1- 4 shall be adjusted by the DFW to charge over-harvest of a sub-period allocation during a given year to the same sub-period of the next following year.

7.7.2 Summer flounder Trip Limits (possession limit)

7.7.2-1 Repealed 5/11/01

7.7.2-2 The possession limit may vary from the amount specified in sections 7.7.1-1 through 7.7.1- 4. Fish and Wildlife, after discussions with fishing industry representatives, will determine, based upon the period of time remaining in the quota period and the current catch rate, whether the quota will be reached prior to the end of the sub-period. Having determined the catch rate and time remaining in the sub-period, Fish and Wildlife will decide whether the possession limit should be decreased or increased. Fish and Wildlife will file a notice with the Secretary of State's Office if the rate is changed, and publish a news release announcing the change in a newspaper of daily circulation throughout the State.

[Effective 12:01 AM, February 10, 2002, the possession limit for the commercial summer flounder fishery will be 1,500 lbs. per vessel, per calendar day.]

7.7.3 Summer flounder Mesh Regulations – Otter trawlers that land or possess 100 pounds (45.4 kg) or more of summer flounder from May 1 through October 31; or 200 pounds (90.8 kg) or more of summer flounder per trip from November 1 through April 30, must fish with nets or combinations of nets that have a minimum mesh size of 5.5 inch (14.0 cm) diamond, or 6 inch (15.2 cm) square mesh applied throughout the body, extension(s) and codend portion of the net.

7.7.4 Summer flounder Recreational Regulations

7.7.4-1 Size and Possession – No person fishing recreationally shall possess a summer flounder less than seventeen and one-half inches (17.5") total length, and no person fishing recreationally shall possess, per calendar day, more than six (6) summer flounder whether caught within the jurisdiction of this state or otherwise. Compliance with the possession limit aboard vessels will be determined by dividing the number of fish on a vessel by the number of recreational fishermen onboard said vessel.

7.7.4-2 Season – The recreational season for summer flounder in Rhode Island waters is open from May 26 through September 3. The season is closed from September 4 through May 25. Possession of summer flounder taken from any waters of the state for recreational purposes during the closed season is prohibited.

7.7.5 Summer flounder Dealer/Shipping/Transfer/Reporting Regulations/Penalty --

7.7.5-1 Prohibition on the transfer of Summer flounder -- No Summer flounder (*Paralichthys dentatus*), may be purchased, bartered, or sold within the State of Rhode Island unless marked, processed, shipped, labeled, and handled in accordance with the following rules:

- a. All persons are prohibited from transferring or attempting to transfer at sea summer flounder from one vessel to another vessel, and the licensed person in charge of the vessel may only transfer summer flounder to dealers who possess a valid Rhode Island Dealer's License.
- b. No licensed person in charge of the vessel may land summer flounder after 8:00 PM or prior to 6:00 AM. The legal hours for landing summer flounder are from 6:00 AM to 8:00 PM only.
- c. The licensed person in charge of the vessel pursuant to RIGL Title 20-2 must notify the Rhode Island Office of Law Enforcement (401) 222-2284 or 222-3070 at least one hour prior, but not more than six hours prior, to offloading any commercial vessel which possesses more than 200 pounds of summer flounder or the maximum allowable possession limit or the lesser thereof. Said notice shall be provided by the vessel who will be involved in the transfer and must include the name of the dealer, the name of the vessel, the landing time, and the precise landing location.
- d. All summer flounder must be weighed prior to the removal of the summer flounder from the dealer's premises or from the point of transfer.
- e. The weight scales must be certified in accordance with Rhode Island

law RIGL, Chapter 47-1.

- f. All summer flounder may only be shipped out of state in standard 60 or 100 pound cartons (containers) unless specific prior written authorization is requested and received from the Rhode Island Office of Law Enforcement, 83 Park St., Providence, RI 02903.
- g. All dealers are required to record and report all transfers of summer flounder in accordance with the following:
 - (1) Each dealer shall maintain a written record, on forms provided by Fish and Wildlife, of each summer flounder transaction at their permanent place of business in Rhode Island. Records must be available at the dealer's Rhode Island office for a period of three years.
 - (2) The record must include: date of purchase; time of purchase; location of purchase; the vessel name; the Rhode Island License Holder; the Rhode Island License number; the amount of summer flounder transferred.
 - (3) It is illegal for anyone to land summer flounder in Rhode Island more than once in a calendar day.
 - (4) Data forms must be signed by the Rhode Island licensed dealer or his agent and transmitted weekly to the Rhode Island Division of Fish and Wildlife, 150 Fowler St., Wickford, Rhode Island 02852, (401) 294-4524; FAX (401) 294-9640.
 - (5) The total weekly purchases in pounds of summer flounder must be reported by phone to the Rhode Island DEM Division of Fish and Wildlife office at 150 Fowler St., Wickford, Rhode Island 02852 1-800-839-1346.

7.7.5-2 License Suspension:

- a. In addition to the penalty prescribed in RIGL 20-1-16, the license of any person who refuses or neglects to make the report required herein will be suspended by the Director. The license of any person who knowingly or willfully makes a false report or violates any provision of these regulations may be suspended for a period not to exceed one year.
- b. The Director has determined that non-compliance with these regulations seriously threatens the proper management of the available stock of summer flounder and, thus, the general welfare as represented that it is appropriate to suspend the license of alleged violators pending formal suspension or revocation hearing arising from the alleged violation.
- c. No person shall take, sell, or possess within this state any summer flounder which have not been taken in compliance with the provisions of this regulation. Any summer flounder which the Director shall have reasonable cause to believe have not been taken in compliance with the provisions of RIGL Title 20 and the regulations adopted in accordance therewith shall be confiscated and sold by the Department of Environmental Management.

(RIMFC REGULATION) [Penalty - Part 3.3; (RIGL 20-3-3)]

7.7.6 Moratorium on the Landing of Summer Flounder -- No person shall possess, land, sell, or offer for sale in excess of two hundred (200) pounds of summer flounder *Paralichthys dentatus*, in any calendar day, in the State of Rhode Island or the jurisdictional waters of the state without a summer flounder exemption certificate issued by Fish and Wildlife and a valid Rhode Island commercial fishing license. Application for a summer flounder exemption permit must be received by Fish and Wildlife prior to January 1, 1997.

7.7.7 Exemption Certificates -- Fish and Wildlife will issue an exemption certificate for a vessel if the owner of the vessel or his/her representative applies to Fish and Wildlife prior to January 1, 1997, for the issuance of such a certificate and demonstrates to the satisfaction of the Director that:

7.7.7-1 the operator of the vessel possesses a valid Rhode Island commercial fishing license to land summer flounder up to the amount permitted by the Rhode Island Marine Fisheries Council regulations; and

7.7.7-2 the subject vessel meets any of the following criteria:

a. the vessel was operated by a person who possessed a valid Rhode Island commercial fishing license and landed and sold in excess of one pound of summer flounder to a Rhode Island licensed dealer during the period from January 1, 1987, through December 31, 1992; or

b. the vessel fished exclusively in the Exclusive Economic Zone (EEZ) and landed and sold in excess of one pound of summer flounder to a licensed Rhode Island licensed dealer sometime during the period January 1, 1987, through December 31, 1992. The Department may require additional supporting documents including but not limited to the ship's logs, ice and fuel slips; or

c. the vessel replaces a vessel which was operated by a person who possessed a valid Rhode Island commercial fishing license, and the vessel being replaced landed and sold in excess of one pound of summer flounder to a Rhode Island licensed dealer during the period from January 1, 1987, through December 31, 1992, and if the vessel being replaced was lost by sinking or was otherwise destroyed, the replaced vessel is required to have been owned by the applicant at the time of the loss; or

d. the vessel replaces a vessel which fished exclusively in the EEZ and landed and sold in excess of one pound of summer flounder to a Rhode Island licensed dealer, during the period January 1, 1987,

through December 31, 1992, and if the vessel being replaced was lost by sinking or was otherwise destroyed, the replaced vessel is required to have been owned by the applicant at the time of the loss.

e. If the vessel is replacing a vessel that was lost by sinking or was otherwise destroyed, documentation must be presented from a licensed insurance company, U.S. Coast Guard report, or some other valid evidence of ownership to the satisfaction of the Director.

7.7.8 Application for Certificate of Exemption -- A vessel is eligible to receive a Rhode Island Summer Flounder Exemption Certificate if it meets the following conditions. The applicant applying for an exemption certificate shall:

7.7.8-1 provide Fish and Wildlife with a copy of the operator's valid current Rhode Island commercial fishing license or non-resident landing license, and Federal Fluke Permit if the summer flounder is to be taken in the Exclusive Economic Zone (EEZ); and

7.7.8-2 submit a completed notarized application for said certificate; and

7.7.8-3 submit proof that the vessel meets the requirements set out in **7.7.7** and

7.7.8-4 provide a completed notarized waiver authorizing the Department to access records verifying that this vessel and operator meet the criteria set forth in **7.7.7**; and

7.7.8-5 provide Fish and wildlife with a copy of the vessels's U.S. Coast Guard documentation papers or state issued boat registration certificate proving ownership of the vessel. If replacing a vessel, proof of ownership for both boats is required, and

7.7.8-6 provide to the satisfaction of the Division of Fish and Wildlife proof that the applicant vessel is replacing a vessel which has been removed from the Summer Flounder Exemption Program (as described in **7.7.6**)

(a) A vessel may be sold with all permits and history (state and federal) transferred together or without the vessel history and permits. A vessel owner may sever the permits and history in entirety from the vessel for the purposes of replacing the vessel. The vessel owner must supply credible written evidence verifying that the transferror/seller is retaining the vessel's fishing and permit history for purposes of replacing the vessel. If a vessel owner elects to sever permits and history from a vessel, the permits and history may be transferred only to another vessel owned by said vessel owner.

(b) Vessel permits, Certificates of Exemption, and fishing history

cannot be split.

(c) Vessel permits or Certificates of Exemption may not be combined to create larger replacement vessels.

(d) The replacement vessel may not exceed a 10% increase in length overall (LOA), a 10% increase in gross registered tonnage (GRT) or net tonnage, or a 20% increase in horsepower of the vessel being replaced.

(e) Only one vessel upgrade based upon the original issuance of certificate is allowed for the Certificate of Exemption or permit.

7.7.9 Submission of Application -- Application for an exemption certificate shall be mailed or submitted prior to January 1, 1997 to the office of Fish and Wildlife at: Oliver Stedman Government Center, 4808 Tower Hill Rd., Wakefield, RI 02879, Attention: Fluke Exemption.

7.8 Winter Flounder (Blackback) -- No person shall take, possess, sell, possess for sale, or offer for sale any winter flounder measuring less than twelve (12) inches total length whether caught within the jurisdiction of this State or otherwise. During a closure of the R.I. winter flounder fishery a vessel fishing in the Exclusive Economic Zone (EEZ) may traverse Rhode Island waters for the purpose of landing winter flounder provided they are not fishing and nets are stowed in accordance with Section 10.10 of these regulations.

7.8.1 Winter Flounder - Four fish recreational possession limit -- The taking and possession of winter flounder by recreational fishermen is prohibited with the exception that annually, beginning on the third Saturday in April and continuing for 37 days, and beginning on the last Saturday in September and continuing for 31 days, fishermen may take and possess not more than four (4) winter flounder in Rhode Island waters. Said fish shall not be offered for sale. The four fish possession limit shall not apply to fishermen licensed pursuant to RIGL 20-2-26, 20-2-27, 20-2-28, or 20-2-28.1, provided winter flounder possessed by those licensed in the above sections are harvested in compliance with R.I. Marine Fisheries Council Statutes and Regulations.

7.8.2 Winter Flounder - Mesh Regulations/Commercial Fishing Gear -- With the exception of the taking of winter flounder in the Coastal Marine Life Management Area as provided in 11.19 and 11.19-1, it shall be illegal to fish for winter flounder in Rhode Island waters with any commercial fishing gear except fyke nets unless such gear has mesh size measuring no less than six (6) inches stretched diamond, or six (6) inches stretched square mesh. Vessels may utilize commercial fishing gear with mesh smaller than the sizes referenced in this section provided they do not possess any winter flounder except as provided in Section 7.8-1.

(RIMFC REGULATION) [Penalty - Part 3.3; (RIGL 20-3-3)]

7.9 Tautog (Blackfish) -- No person shall take, possess, sell, possess for sale, or

offer for sale any tautog measuring less than sixteen (16) inches total length whether caught within the jurisdiction of this State or otherwise.

7.9.1 Recreational -- Except as provided in Part II, no person may possess more than three (3) tautog from May 1 through October 14, annually, and no more than ten (10) tautog from October 15 through December 31, annually. Compliance aboard vessels will be determined by dividing the number of fish onboard a vessel by the number of recreational fishermen onboard said vessel.

7.9.2 Commercial --The total allowable harvest of tautog will be established annually, and will be that amount allocated to the State of Rhode Island by the Regional Fishery Management Council and/or the Atlantic States Marine Fisheries Commission. The quota may be harvested only by permitted gear types and licensed fishermen in accordance with all rules and regulations promulgated by the RIMFC and the RIGL Title 20. In order to provide for the orderly harvest of the quota the RIMFC has established the following three sub-period allocations:

April 15 - May 31	1/3 annual allocated quota
August 1 - Sept 15	1/3 annual allocated quota
October 15 - end of quota or 12/31	1/3 annual allocated quota

Within each period the allocation may be harvested until it is exhausted. Any unused quota not harvested during a sub-period will be carried forward into the next period and any over-harvest will be deducted from that period allocated in the next calendar year. No licensed commercial fisherman may possess more than twenty (20) tautog in any calendar day. The aggregate number of tautog on any vessel, regardless of how many licensed fishermen are onboard, may not exceed the twenty (20) fish limit per day. [Effective November 16, 2001 at 12:01 AM the commercial tautog fishery will be closed until the next sub-period begins on April 15, 2002.] During a closure of the R.I. tautog fishery a federally permitted vessel fishing in the Exclusive Economic Zone (EEZ), may traverse Rhode Island waters for the purpose of landing tautog in another state, provided their nets are stowed in accordance with Section 10.10 of these regulations.

7.9.3 Possession Limits for Charter and Party Boats -- Compliance aboard vessels will be determined by dividing the number of fish on board a vessel by the number of recreational fishermen on board said vessel. Said fish shall not be offered for sale. Party and charter boats may obtain a State permit by showing proof of a U.S. Coast Guard License to conduct their fishery within the territorial waters of Rhode Island.

7.9.4 Reporting requirements. -- For the purpose of determining the commercial landings of tautog in Rhode Island, and whether the landings are increasing or decreasing during any period, every person licensed to catch, possess, purchase, or sell tautog shall report weekly by telephone a record of the pounds of tautog taken, possessed, purchased, or sold in Rhode Island during the period for which such record is requested. Compliance in the party and charter boat industry will be satisfied through submission of the blue copy of the National Marine Fisheries Service fishing vessel trip report to Fish and Wildlife, or they must report weekly landings as requested by Fish and Wildlife. Provided, however, such returns from any person shall only be made public in a statistical format.

7.9.5 Closure of commercial fisheries managed under a federally mandated quota or allocation system. -- Any landing of a marine species managed under a quota or allocation system, or the taking or possession of any marine species, may be prohibited by the Director for a specified portion of the calendar year upon the finding by the Director that ninety percent (90%) or more of the annual quota is about to be harvested, and upon submission of a notice of closure to the Office of Secretary of State, and publication of the closure notice in a daily newspaper of statewide circulation. Further, it is the responsibility of the licensed person in charge of a vessel harvesting species regulated in this section to call the DEM hotline for current harvesting and possession regulations.

(RIMFC REGULATION) [Penalty - Part 3.3; (RIGL 20-3-3)]

7.10 Bluefish - Possession limit for recreational fishermen -- No person shall possess more than ten bluefish unless he/she has a permit meeting the requirements of RIGL 20-2-26, 20-2-26.1, 20-2-27, 20-2-28, 20-2-28.1. Compliance onboard vessels will be determined by dividing the number of fish onboard a vessel by the number of recreational fishermen onboard said vessel.

7.10.1 Bluefish - Commercial Quota -- A total allowable harvest of bluefish will be established annually, and shall be that amount allocated to the State of Rhode Island by the Regional Fishery Management Councils and/or the Atlantic States Marine Fisheries Commission. The quota may be harvested only by permitted gear types and licensed fishermen in accordance with all rules and regulations promulgated by the Rhode Island Marine Fisheries Council. To provide for the orderly harvest of the quota, the Rhode Island Marine Fisheries Council has established the following sub-period allocations.

7.10.2 Bluefish Commercial Quota - Sub-Periods

7.10.2-1 Spring sub-period - January 1 through June 30 annually. Quota - 50% of the annual allocation.

7.10.2-2 Summer-Fall Sub Period - July 1 through December 31 annually.
Quota - 50% of the annual allocation.

When 50% of any seasonal sub-period quota is reached, Fish and Wildlife will determine if a possession limit of between 200 - 10,000 pounds should be established depending upon the time remaining in the quota period and the current catch rate. Fish and Wildlife will file a notice with the Secretary of State's office if a possession limit is established, and will publish a news release announcing the change. The possession limit may be modified by Fish and Wildlife providing such notification is made.

7.10.3 Bluefish - Reporting Requirement -- For the purpose of determining the commercial landings of bluefish in Rhode Island and whether the landings are increasing or decreasing during any period, every person licensed to catch, possess, purchase, or sell bluefish shall report weekly by telephone a record of the pounds of bluefish taken, possessed, purchased, or sold in Rhode Island during the period for which such record is requested; provided, however, such returns from any person or firm shall not be made public, shall be kept only in the files of said Division and be used only for statistical and fisheries management purposes.

(RIMFC REGULATION) [Penalty - Part 3.3; (RIGL 20-3-3)]

7.11 Scup Regulations - Minimum Size - 9" total length (TL) -- It is unlawful for any person commercially licensed under RIGL 20-2-27 or RIMFC Part II, to land or possess any scup, or parts thereof, that do not meet this size limit. [see *Part 10.12 for gear roller regs*] (RIMFC REGULATION) [Penalty - Part 3.3 (RIGL 20-3-3) (RIGL 20-6-29)]

7.11.1 - Scup - Commercial Quota -- A total allowable harvest of scup will be established annually, and shall be that amount allocated to the State of Rhode Island by the Regional Fishery Management Councils and/or the Atlantic States Marine Fisheries Commission. The quota may be harvested only by permitted gear types and licensed fishermen in accordance with all rules and regulations promulgated by the Rhode Island Marine Fisheries Council. To provide for the orderly harvest of the quota, the Rhode Island Marine Fisheries Council has established the following sub-period allocations.

7.11.2 Scup Commercial Quota - Sub-Periods

7.11.2-1 Winter Period I (January-April) -- possession and landing limit is 10,000 pounds decreasing to 1,000 pounds once 75% of the period quota is landed. [Effective 12:01 AM March 7, 2002, the commercial possession limit of scup per vessel will be 1,000 pounds per calendar day]

Winter Period II (November-December) -- possession and landing limit is

2,000 pounds, decreasing to 500 pounds once 70% of the period quota is landed.

7.11.2-2 Summer-Fall Sub Period (May - October) The total scup allocation for the Summer-Fall Sub Period (5/1/01 - 10/31/01) is 944,544 pounds and will be divided as follows:

Floating traps licensed by the state of RI -- 60% of the period allocation or 566,726 pounds will be allocated to the floating trap harvesting sector. A total of 50,000 pounds will be set aside. Once the floating trap sector harvests 516,726 pounds of the period allocation the trip limit per calendar day for the remaining 50,000 pounds will be 1,000 pounds per calendar day. Other gear types - 40% of the period allocation or 377,818 pounds will be allocated to gear types other than floating traps.

Those harvesting scup with floating fish traps licensed by the State of Rhode Island will be limited to a 10,000 pound possession limit, once 60% of their seasonal allocation is projected to be harvested. Dealers are required to report scup landings daily to the DFW. Annually on September 1, the unharvested portion of the floating trap fishery quota will be allocated to gear types other than floating traps, except for 50,000 pounds, which will remain available to the floating trap fishery at a possession limit of 1,000 pounds per calendar day.

[Effective 12:01 AM on June 13, 2001, the commercial scup fishery for floating fish traps will be closed.] Annually on October 15, the unharvested portion of the 50,000 pound remainder will be allocated to gear types other than floating traps at the current established trip limit. Once their entire allocation has been harvested, the floating trap fishery for scup will close for the season. For gear types other than floating traps, the allocation will be divided equally into three Sub-Periods, each having a 125,939 pound harvest limit.

MAY - JUNE: May 1 - 14 the possession limit per vessel will be 1,000 pounds per calendar day. Beginning May 15th the possession limit per vessel will be 100 pounds per calendar day. The fishery will close once the entire period allocation is projected to be harvested.

JULY - SEPT. 15: The possession limit per vessel will be 100 pounds per calendar day until the end of the sub-period or until the entire period allocation is projected to be harvested, at which time the fishery will close.

SEPT. 16: The possession limit per vessel will be 100 pounds per calendar day until the end of the sub-period or until the entire period allocation is projected to be harvested, at which time the fishery will close. Annually,

on October 15, or thereafter, the Division may increase the possession limit if they project the entire quota will not be harvested by the end of the sub-period.

Any unused portion of a sub-period allocation will be divided between the two remaining period(s). The DFW will have the discretion of adjusting trip limits upwards or downwards as necessary.

7.11.2-3 Possession Limit Adjustments -- Except for scup harvested from floating fish traps licensed by the State of Rhode Island, the possession limit may vary from 0 - 10,000 pounds. Fish and Wildlife, after discussions with fishing industry representatives, will determine, based upon the period of time remaining in the quota period and the current catch rate, whether the quota will be reached prior to the end of the sub-period. Having determined the catch rate and time remaining in the sub-period, Fish and Wildlife will decide whether the possession limit should be decreased or increased. Fish and Wildlife will file a notice with the Secretary of State's Office if the rate is changed and publish a news release announcing the change. The rate may be modified by Fish and Wildlife upon providing such notification with the possession limit altered between a range of 0 - 10,000 pounds in possession.

7.11.3 Scup - Reporting Requirement -- For the purpose of determining the commercial landings of scup in Rhode Island and whether the landings are increasing or decreasing during any period, every person licensed to catch, possess, purchase, or sell scup shall report weekly by telephone a record of the pounds of scup taken, possessed, purchased, or sold in Rhode Island during the period for which such record is requested; provided, however, such returns from any person or firm shall not be made public, shall be kept only in the files of said Division and be used only for statistical and fisheries management purposes.

7.11.4 Scup - Recreational -- No person fishing recreationally shall possess scup less than ten inches (10") total length, and no person fishing recreationally shall possess, per calendar day, more than fifty (50) scup whether caught within the jurisdiction of this State or otherwise. Compliance with the possession limit aboard vessels will be determined by dividing the number of fish on board a vessel by the number of fishermen on board said vessel.

7.11.5 Scup - Scup Dealer/Shipping/Transfer/Reporting Regulations

7.11.5-1 Prohibition on the transfer of Scup -- No Scup, *Stenotomus chrysops*, may be purchased, bartered, or sold within the State of Rhode Island unless in compliance with the following:

A. All persons are prohibited from transferring or attempting to transfer scup from one vessel to another vessel while at sea. The

licensed person in charge of the vessel may only transfer scup to a dealer licensed by the State of Rhode Island. Dealers are required to be licensed by the R.I. Department of Environmental Management (in compliance with RIGL 20-2-27 (d) , or 20-2-28.1).

B. All scup must be weighed prior to the removal of the scup from the dealer's premises or from the point of transfer.

C. The weight scales must be certified in accordance with RIGL, Chapter 47-1.

D. Vessels are only allowed one trip limit in possession per calendar day. In addition, no person may land more than one trip limit in any calendar day. No person shall transport into the State of Rhode Island any scup which is not landed at a port located within the state unless the transaction of the first point of sale is in another state.

E. All dealers are required to record and report all transfers of scup in accordance with the following:

(1) Dealers shall maintain a written record on forms provided by the DFW, or dealer forms, of each scup transaction at their permanent place of business in Rhode Island, or with an authorized agent located in Rhode Island for inspection 8:00 AM - 4:00 PM during the course of normal daily business operations. Records must be available by 10:00 AM on the next business day following the date of landing. Records must be available at the dealers's or agent's Rhode Island office for a period of three years.

(2) The record must include: date of purchase, time of offloading, location of purchase, the vessel name, the name and license number of the Rhode Island license holder and the amount of scup transferred.

F. The total weekly purchases in pounds of scup must be reported by phone to the R.I. DEM Division of Fish and Wildlife office at 150 Fowler St., Wickford, Rhode Island 02852 (1-800-839-1346) by Tuesday of the following week.

7.11.5-2 License Suspension

A. In addition to the penalty prescribed in RIGL 20-1-16, the license of any person who refuses or neglects to make the report required herein will be suspended by the Director. The license of any person who knowingly or willfully makes a false report or violates any

provision of these regulations may be suspended for a period not to exceed one year.

B. The Director has determined that non-compliance with these regulations seriously threatens the proper management of the available stock of scup and thus the general welfare as represented that it is appropriate to suspend the license of alleged violators pending formal suspension or revocation hearing arising from the alleged violation.

C. No person shall take, sell, or possess within this state any scup which have not been taken in compliance with the provisions of this regulation. Any scup which the Director shall have reasonable cause to believe have not been taken in compliance with the provisions of RIGL Title 20 and the regulations adopted in accordance therewith shall be confiscated and sold by the Department of Environmental Management.

(RIMFC REGULATION) [Penalty - Part 3.3 (RIGL 20-3-3) (RIGL 20-6-29)]

7.12 Size, Possession, and Daily Limit Violations On Board Vessels -- In any instance, when there is a violation of the size, possession, or daily limit on board a vessel carrying more than one person when the catch is commingled, the violation shall be deemed to have been committed by the owner of the vessel, or the operator of the vessel, if the owner is not on board. (RIMFC REGULATION) [Penalty - Part 3.3 (RIGL 20-3-3) (RIGL 20-6-29)]

7.13 Atlantic Sturgeon - Moratorium on Harvest -- No harvest or possession of Atlantic Sturgeon will be permitted within the territorial waters of the State of Rhode Island until further notice. (RIMFC REGULATION) [Penalty - Part 3.3(RIGL 20-3-3) (RIGL 20-6-29)]

7.14 Black Sea Bass -Commercial -- No person shall take, possess, sell, possess for sale, or offer for sale any black sea bass measuring less than ten (10) inches total length whether caught within the jurisdiction of this State or otherwise.

7.14.1 Commercial Possession Limits -- A total allowable harvest of black sea bass will be established annually by the Regional Fishery Management Councils and/or the Atlantic States Marine Fisheries Commission, and will be allocated as possession limits to permitted gear types and licensed fishermen during specific seasons as follows:

Season	Pounds
January - March	7,000

April - June	1,500
July - September	1,000
October - December	300

The quota may be harvested only in accordance with all rules and regulations promulgated by the Rhode Island Marine Fisheries Council. [Effective November 10, 2001 at 12:01 AM, the commercial black sea bass fishery will be closed until January 1, 2002 when it is scheduled to reopen with a possession limit of 7,000 pounds per vessel per calendar day.]

7.14.1-1 Reporting Requirement -- For the purpose of determining the commercial landings of black sea bass in Rhode Island and whether the landings are increasing or decreasing during any period, every person licensed to catch, possess, purchase, or sell black sea bass shall report weekly by telephone a record of the pounds of black sea bass taken, possessed, purchased, or sold in Rhode Island during the period for which such record is requested; provided, however, such returns from any person or firm shall not be made public, shall be kept only in the files of said Division, and be used only for statistical and fisheries management purposes.

(RIMFC REGULATION) [Penalty - Part 3.3 (RIGL 20-3-3) (RIGL 20-6-29)]

7.14.2 Recreational Possession Limits

7.14.2-1 - No person fishing recreationally shall possess a black sea bass less than eleven inches (11") total length, and no person fishing recreationally shall possess, per calendar day, more than twenty-five (25) black sea bass whether caught within the jurisdiction of this State or otherwise. Compliance with the possession limit aboard vessels will be determined by dividing the number of fish on a vessel by the number of recreational fishermen onboard said vessel.

7.14.2-2 - The recreational season for black sea bass in Rhode Island waters is open from January 1 through the last day of February, and May 10 through December 31, annually. The season is closed March 1 through May 9, annually.

7.15 Spiny dogfish -- The commercial harvest, landing and possession of spiny dogfish and parts thereof within the territorial waters of the State of Rhode Island is prohibited until further notice. **RIMFC REGULATIONS [Penalty – Part 3.3 (RIGL 30-3-3)]**

7.16 American Eel – No person shall take, attempt to take, possess, sell, or offer for sale any American Eel measuring less than six inches (6"). No person shall possess more than fifty (50) American eel per day unless commercially licensed pursuant to RIGL 20-2-26, 20-2-27, 20-2-28, 20-2-28.1. RIMFC REGULATIONS
[Penalty – Part 3.3 (RIGL 30-3-3)]
