## Finfish

-- [top](#) ^

### Recreational Finfish Regulations as of Oct 09, 2004

Species	Season Open - Close	Size Limit	Possession Limit
<b>American Eel</b> ( <a href="#">1</a> )	All Year	6 in	50 fish
<b>Black Sea Bass</b> ( <a href="#">2</a> )	May 10 - Sep 07 Sep 22 - Dec 31	12 in 12 in	20 fish 20 fish
<b>Blue Marlin</b> ( <a href="#">7</a> )	Jan 01 - Dec 31	86 in	1 fish
<b>Bluefish</b>	Jan 01 - Dec 31	none	10 fish
<b>Cod</b>	Apr 01 - Nov 30 Dec 01 - Mar 31	22 in 22 in	10 fish 5 fish
<b>Dab (Plaice)</b>	All Year	14 in	none
<b>Dogfish</b>	All Year	none	none
<b>Fluke</b>	Jan 01 - Dec 31	16.5 in	7 fish
<b>Gray Sole (Witch)</b>	All Year	14 in	none
<b>Haddock</b> ( <a href="#">8</a> )	All Year	19 in	none
<b>Monkfish</b>	Jan 01 - Dec 31	17 in	none
<b>Pollock</b>	All Year	none	none
<b>Redfish</b>	Jan 01 - Dec 31	9 in	none
<b>River Herring</b> ( <a href="#">6</a> )	Jan 01 - Dec 31	none	25 fish

<b>Sailfish</b> (7)	Jan 01 - Dec 31	57 in	1 fish
<b>Scup</b> (3)	Jan 01 - Oct 06	10 in	40 fish
<b>Shad</b>	Jan 01 - Dec 31	none	6 fish
<b>Sharks</b>	<i>Federal rules apply. Consult <a href="#">NOAA Fisheries</a></i>		
<b>Smelt</b>	Mar 15 - Jun 15	none	none
<b>Striped Bass</b> (4)	Jan 01 - Dec 31	28 in	2 fish
<b>Tautog</b>	Jan 01 - Dec 31	16 in	3 fish
<b>Tunas</b>	<i>Federal rules apply. Consult <a href="#">NOAA Fisheries</a></i>		
<b>Weakfish</b>	Jan 01 - Dec 31	16 in	10 fish
<b>White Marlin</b> (7)	All Year	62 in	1 fish
<b>White Perch</b>	Jan 01 - Dec 31	8 in	25 fish
<b>Windowpane</b>	All Year	12 in	none
<b>Winter Flounder</b> (5)	Mar 01 - Apr 30	12 in	3 fish
	May 01 - Feb 28	12 in	8 fish
<b>Yellowtail Flounder</b>	All Year	13 in	none

**Notes:**

- 1) Subject to regulation by the Division and local community. Consult local regulations
- 2) Black sea bass are measured from the tip of the snout or jaw (mouth closed) to the farthest extremity of the tail, not including the tail filament
- 3) Scup has a recreational limit of 40 fish per angler with a maximum of 80 fish per private vessel with 2 or more fishermen on board. Anglers on board party/charter boats are allowed 40 fish per angler.
- 4) Bass must be kept whole, with head, tail and body intact - no mutilation permitted (other than evisceration). The discard of dead, legal size striped bass is prohibited. To prohibit the practice of high-grading, recreational fishermen may not retain legal-sized striped bass and release said fish in favor of another larger legal-sized striped bass captured subsequently. It shall be unlawful to keep striped bass alive in the water by attaching a line or chain to the fish or placing the fish in a live well or holding car. Striped bass are measured from the tip of the snout or jaw (mouth closed) to the farthest extremity of the tail.
- 5) Winter flounder may not be taken from Mount Hope Bay and its tributaries except recreational fishermen may take 4 fish between Apr 13 and May 19 and between Sep 28 and Oct 28
- 6) River herring may not be taken on Tuesdays, Thursdays or Sundays. It is prohibited to catch river herring with any net other than hand-held dip nets. River herring are also subject to regulation by the local community. Consult local regulations.
- 7) Billfish are measured from the tip of the lower jaw to the tail fork
- 8) Federal rules apply beyond state waters. consult [NOAA Fisheries](#).

## Shellfish

-- [top](#) ^

Recreational Shellfish Regulations		
Species	Minimum Size	Other Restrictions
<b>Blue Crab</b>	4 1/8" shell width (spine to spine)	egg bearers cannot be taken; 50 crabs/day; no pots; closed season is 1/1 - 4/30, inclusive
<b>Other Edible Crabs</b> (excludes green crabs)	none	same as for blue crab
<b>Lobster</b>	3 1/4" carapace length 5" carapace maximum length on	egg bearers cannot be taken; v-notched female lobster

	lobster taken from the Gulf of Maine (includes Cape Cod Bay)	cannot be taken; state license required
<b>Bay Scallop</b>	well defined growth ring	consult town regulations
<b>Conch</b>	2 ¾" shell width	consult town regulations
<b>Oyster</b>	3" shell diameter	consult town regulations
<b>Quahog</b>	1" shell thickness	consult town regulations
<b>Sea Scallop</b>	3 ½" shell height	daily limit of 1 bushel in shell, or 4 quarts of shucked meats
<b>Softshell Clam</b>	2" shell diameter	consult town regulations
<b>Surf Clam</b>	5" shell diameter	consult town regulations

Regulations are subject to change; contact the Division for details (617) 626-1520.

## Lobster

## Definitions

-- [top](#) ^

**Anadromous Fish:** Saltwater fish that return to fresh water systems to reproduce.

**Angling:** Fishing with handline or rod, with naturally or artificially baited hook.

**Closed Season:** The time when fish cannot be lawfully taken.

**Fish:** Any animal life inhabiting the ocean or connecting waters, including crustacea or marine fish, whether free swimming or free moving, any shellfish or sea worms, whether or not imbedded in the soil.

**Coastal Waters Under the Jurisdiction of the Commonwealth:** All the waters within the rise and fall of the tide extending out to three miles from an established coastal baseline and all the waters of Massachusetts Bay, Cape Cod Bay, and Nantucket Sound. It does not include the waters within or above any fishladder or dam, nor the waters above any tidal bound established by DEP in streams flowing to the sea.

**Minimum Size Limits** are measured as the greatest **straight** line (not curved over the body) length in inches as measured on a fish with its mouth closed from the anterior tip of the jaw or snout to the farthest extremity of the tail. For fish with forked tails, the upper and lower fork may be squeezed together to measure the tail extremity.

**Sale of Fish:** A commercial permit is required to sell fish.

**Snagging or Snatching:** The taking of fish not attracted by bait or artificial lure with hooks, gangs or lures whether baited or unbaited, in a manner as to pierce and hook a fish in any part of the body other than the mouth.

## Prohibitions

-- [top](#) ^

**Snagging, Snatching of Anadromous Fish:** including shad, smelt, white perch, striped bass, trout, and salmon, but excluding alewives or river herring is prohibited.

**The taking of striped bass** by any other means other than hook and line is prohibited.

**The discard of dead, legal size striped bass** is prohibited.

**The taking of billfish** using other than a rod and reel is prohibited.

**The taking of Atlantic Salmon, Sturgeon, all Marine Mammals, all sea turtles and the Diamond Back Terrapin** from Massachusetts waters is prohibited.

**For anyone, except the owner, to handle destroy or molest any lobster or crab pot or other fishing gear** including any gear swept up on the shore, beaches or flats whether public or private, or to take fish there from is illegal.

**To take crabs by pot without a permit** is illegal.

## Permits

-- [top](#) ^

Presently, there is no license requirement for recreational saltwater angling, however, a commercial permit is required when any fish are sold.

**Non Commercial Lobster Permits** are required to fish for or take lobsters for personal use, using a maximum of 10 pots. This authorizes the holder and members of the holder's immediate family, residing in the same residence, to fish for and take lobsters. The immediate family is defined as the spouse, parents, children, grandparents, sisters and brothers of the permit holder. This permit may be endorsed for **diving** by only the permit holder. Other family members may purchase additional permits for diving only.

> [Renew your Non-Commercial Lobster Permit online](#)

**Recreational Shellfishing** is permitted in designated clean areas and regulated by the individual Towns. Contact your Town department of Natural Resources for local regulations and permit acquisition.

**Note:** A person may, without a special permit, use a small net of **no more than 200 square feet** inside those inshore waters listed in 322 CMR 4.02(2) or inside any estuary, embayment, salt pond, tidal creek, river, or an other similar body of inshore water for the sole purpose of obtaining bait fish for personal use.

## DMF Recreational Fishing/Research Programs

-- [top](#) ^

**Tagging** - Periodically the Division conducts tagging studies of a particular finfish species to develop a better understanding of local movements, habitat preference, migration, growth, and general abundance. The angler plays a significant role in retrieving valuable data. Carefully examine your catch for tags. If found, record the tag number if returning fish to water, or snip off the tag if keeping fish. Contact the address printed on the tag and you will be briefed on the tagging study and may even receive a reward. Note: Recently, snapper bluefish, striped bass, winter flounder, and cunner have been tagged in our waters. The Division participates in federal tagging programs as well.

**Saltwater Fishing Derby** - Our Division sponsors an annual fishing derby. Contact our Pocasset office for details.

**Catch & Release** - The Division encourages the proper handling of fish that are to be released. Catch and release practitioners should follow accepted handling conventions such as reduced play time, minimizing exposure to air, and minimizing physical damage from hooking and handling to ensure the highest possible chances for survival.
