SYMBOLS TO LOOK FOR

- (A) Albemarle Sound Management Area: contact DMF for seasons, areas or other limits; Atlantic Ocean year-round: 2 per person per day at 28" TL minimum; Other coastal areas (excluding Inland Waters-regulations set by Wildlife Resources Commission), 2 per person per day at 18" TL minimum and unlawful to possess between 22" – 27" TL in Joint waters. Moratorium in Cape Fear River system. Season October through April, statewide by proclamation (except Cape Fear River). Includes hybrid bass.
- (B) Limit of 10/person/day or 60/trip, whichever is less. On headboats, limit is 10/person/day.
- (C) Unlawful to possess red drum greater than 27 inches total length. Unlawful to gig, spear, or gaff red drum.
- (D) **North of Cape Hatteras** scup recreational season is July 6 through September 26. **Black sea bass north of Hatteras seasons are July 1 through September 25 and November through December.**
- (E) See prohibited species list above; Legal sharks include: tiger, blacktip, spinner, lemon, bull, nurse, smooth and scalloped and great hammerhead, blacknose, finetooth, bonnethead, shortfin mako, blue, thresher, porbeagle, and oceanic whitetip. One (1) Atlantic sharpnose (no minimum size) and one bonnethead (no minimum size) per person per day may be landed in addition to allowable bag limits for other sharks.
- (F) Mature female crabs are exempt from minimum size. Maximum size is effective September through April and applies to mature females only.
- (G) In state or federal waters, federal permit required for Highly Migratory Species, excluding Atlantic bonito, little tunny (albacore), and blackfin tuna: (978) 281-9370. Prior to removal from vessel, all billfishes, swordfish and bluefin tuna must be reported at NC HMS reporting stations. DMF website for more details.
- (H) Reef complex species: whitebone porgy, jolthead porgy, knobbed porgy, longspine porgy, sheepshead, gray triggerfish, queen triggerfish, yellow jack, crevalle jacks, bar jack, almaco jack, lesser amberjack, banded rudderfish, white grunt, margates, spadefish and scup (south of Hatteras). 20 per person per day in combination.
- (I) For seasons, bag limits, size limits or closures for tunas, billfishes, and sharks contact NMFS Highly Migratory Species Division 1-800-894-5528. For snapper, grouper, and mackerels contact the South Atlantic Council (1-843-571-4366 or www.safmc.net) and see **Proclamation FF-58-2011**.
- (J) Vermilion snapper season is closed November 1-March 31. Shallow water grouper species (gag, black grouper, red grouper, scamp, rock hind, red hind, coney, grasby, yellowfin, grouper, yellowmouth grouper and tiger grouper) harvest is prohibited January 1–April 30. **Possession of red snapper is currently prohibited.**
- (K) Groupers in the management unit include: red, yellowfin, yellowmouth, black, warsaw, snowy, yellowedge, and misty grouper; gag, scamp, speckled hind, red hind, rock hind, graysby, and coney. The three (3) grouper bag limit in the EEZ also includes blueline, golden, and sand tilefish. No possession of Nassau and Goliath grouper.
- (L) It is unlawful to possess Large Coastal and Pelagic sharks less than 54 inches (Fork Length).
- (M) One crab pot may be used from private property or private pier, without a license – Reference 15A NCAC 3J .0302.
- (N) Contact DMF or visit www.ncdmf.net/procs for seasons, areas, or other restrictions.
- (O) Of those six, no more than two shall be greater than 24 inches total length.
- (P) It is unlawful to possess more than 10 American shad or hickory shad **in the aggregate** per person per day.

Total length (TL) is measured from tip of snout with mouth closed to top of compressed tail. Fork length (FL) is measured from tip of snout to middle of fork in tail. Lower jaw fork length (LJFL) is measured from lower jaw to middle of fork in tail. Curved fork length (CFL) is the measurement of the length taken in a line tracing the contour of the body from the tip of the upper jaw to the fork of the tail. Anglers cannot catch both a federal and state bag limit for the same species on the same trip.

Ocean boundary is defined as water seaward of the COLREGS Demarcation Lines as indicated on National Ocean Service navigation charts.

No one may possess aboard a vessel or while engaged in fishing any fish subject to limits without head and tail attached, except for alewife and blueback herring used for bait provided not more than two fish per boat/operation may be cut at any one time – Reference 15A NCAC 3M .0101
