### INLAND REGULATIONS

#### Easy two-step process:

1. Check the **REGULATION TABLE** (page 21) for general statewide regulations.
2. Look up the waterbody in the **LAKE AND PONDS** (pages 28-37) or **RIVERS AND STREAMS** (pages 40-48) listings to find any special regulations.

### LEARN TO FISH: Free Classes, Page 8

The Connecticut Aquatic Resources Education (CARE) Program will introduce you and your family to the fun of fishing. Expert instruction, hands-on activities and a fishing trip will lead to a wonderful time spent outside with your family or friends.

#### ON THE COVER

"Fishing with my family since I was a child has motivated me to carry out my passion into adulthood," said Andrea Repko, the 2014 Angler's Guide Cover Photo Contest winner. "I am honored that I was awarded the cover of the 2014 Angler's Guide. My photo truly represents the diversity of the hobby

and the exceptional fish that can be caught right here, in our backyard." Luckily, anglers here don't have to travel far to experience great fishing, Connecticut offers some spectacular fishing with a wide variety of species year round.

## About this Guide

This high-quality regulation guide is offered to you by the Connecticut Department of Energy & Environmental Protection through its unique partnership with J.F. Griffin Publishing, LLC.

J.F. Griffin is an award winning publishing house that specializes in producing state fish & wildlife regulation books. J.F. Griffin supports CTDEP's staff in the design, layout and editing of the guides. They also manage the marketing and sales of advertising to appropriate businesses within the book.

The revenue generated through ad sales significantly lowers production costs and generates savings. These savings translate into additional funds for other important fisheries and habitat programs!

If you have any feedback or are interested in advertising, please contact us at 413.884.1001 or online at [www.JFGriffin.com](http://www.JFGriffin.com)

# Message from the Bureau Chief

## Why Connecticut Needs More Hunters and Anglers

In last year's message I wrote about the amazing contribution that hunters and anglers make in supporting conservation through the purchase of licenses and gear. I showed that all of this revenue comes back to our Agency and is used to fund fish & wildlife programs. That revenue from sportsmen accounts for approximately 85% of the annual Bureau of Natural Resources budget. And most importantly, that all Connecticut residents, particularly sportsmen, should be proud of what they've achieved in conserving fish and wildlife populations and habitat in Connecticut.

**But it's not just about the money!** Conservation of our fish and wildlife and our natural landscape is a quality of life issue that affects not only us but our children and all subsequent generations. Our collective ability to succeed in conserving critical habitat for fishing, hunting, or just enjoying nature is a function of having both the financial resources and the political will to get the job done and done right. The funding provided by sportsmen is our foundation but it's the large number of hunters and anglers, found across all walks of life in Connecticut that is the engine that makes all of this possible.

We cannot afford to take for granted that our success will continue. The number of licensed sportsmen hunting and fishing in Connecticut each year has declined from about 300,000 in the early 1990s to around 200,000 today. The engine is beginning to lose some of its steam. And this trend could continue over the next ten years as more and more baby boomers retire, become less active in the outdoors, or move out of the state.

The importance of hunters and anglers is far greater than their numbers alone. Sportsmen spend a huge amount of time in the woods and on the waters learning in detail what they need to know to be successful. In the process they absorb a great deal of knowledge on how natural systems work and develop an instinctive feel for what is truly needed to conserve fish and wildlife. Along with this comes a passion for wild places and, oftentimes, a lifelong commitment to hunting and fishing traditions and to environmental stewardship. In short, these sportsmen become the public's most knowledgeable, passionate, and effective conservationists.

This is why our Agency is investing so deeply in Conservation Education/Firearms Safety courses, Aquatic Resource Education courses, youth hunting days, trout parks, community fishing areas, free fishing days, and Hunting & Fishing Appreciation Day. We know how important hunting, fishing and the outdoors are to us, we understand how important these are to all of you, and we want to be certain that the engine for conservation and hunting and fishing traditions runs strong and long into the future.

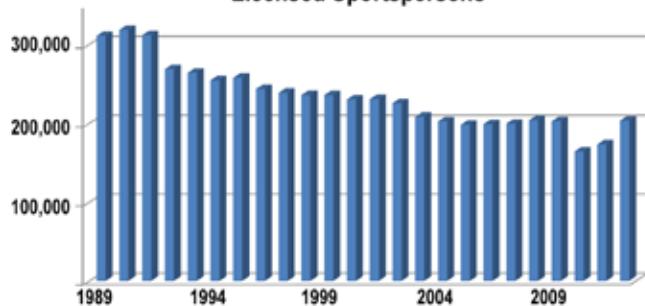

So please join me in making a pledge for 2014 to introduce someone to hunting, take a kid fishing, buy someone a license, invite a non-member to your club, and to stay engaged in important conservation issues.

Thank you and best wishes for a great year of hunting and fishing in Connecticut!

### William A. Hyatt

Licensed Sportspersons

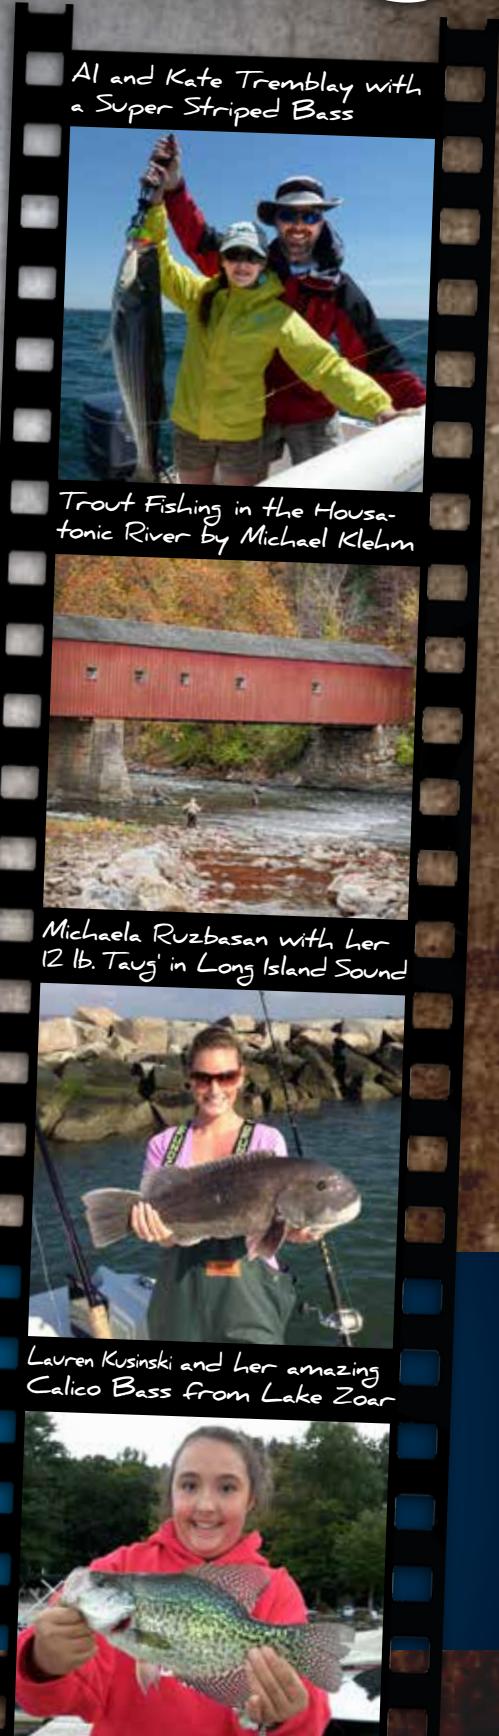

# 2014 FISHING PHOTO CONTEST WINNERS

Please check out other great photo submissions used throughout this Angler's Guide and on our web page at [www.ct.gov/deep/fishing](http://www.ct.gov/deep/fishing)

What better way to share the excitement of your catch than to have every angler carrying it around. We are now accepting high quality photos (please submit digital images to: [deep.inland.fisheries@ct.gov](mailto:deep.inland.fisheries@ct.gov)) of anglers with their catches from Connecticut waters for the 2015 CT Angler's Guide.

# Adults & Kids Youth Fishing Passport!

Do you have an aspiring young angler or know of one? Registering them for the youth fishing passport is a perfect way to instill a sense of pride as they become a part of the fishing community.

**Over 1,700 have registered during 2013, our first year!**

Visit [www.ct.gov/deep/yfp](http://www.ct.gov/deep/yfp) to see details about:

- our two great activities; fish geo-catching and the fishing challenge.
- sponsors who are offering discounts or free items to passport holders
- information on our free “learn to fish” classes

Registration is available on-line through the sportsmen licensing system, the same system that is used for adult licenses. Once registered, don't forget to sign up for the youth fishing passport sweepstakes at [www.eregulations.com/connecticut/fishing/register-your-passport](http://www.eregulations.com/connecticut/fishing/register-your-passport) for a chance to win a family fishing trip with Captain Bruce Sportfishing.

For more information or assistance contact:

# FREE FAMILY FISHING LESSONS

## *Start making a lifetime of memories*

**For over 25 years, the Connecticut Aquatic Resources Education (CARE) Program** has been providing free fishing instruction to children and families across Connecticut. No prior experience is necessary. Our experienced and knowledgeable certified fishing instructors will walk you through each step process in the controlled environment of a classroom. Practice makes perfect so our classes are customized to your pace. Most classes culminate in an Instructor guided fishing trip where we provide all of the tackle and equipment free of charge.

**CARE needs YOU!** A one day training course for anyone interested in becoming a CARE instructor is offered in February and June — we are continually recruiting new people who have a true passion for the outdoors and like to be rewarded by teaching fishing to the next generation of anglers. We provide all of the training and equipment, support to make your classes a success, and a network of fellow fishing enthusiast to share your experiences.

Call the CARE Center TODAY (860-663-1656) for an application! *Applicants must pass a State Police background check.*

### Fish with CARE:

**Family Fishing Courses — year round:** Let Certified CARE Instructors teach you all you need to know to get started fishing with family and friends. First, meet for just two hours in the classroom to learn how to cast, identify your catch, select the right bait and tie a strong knot. Next, take those skills you've learned to the field where CARE Instructors

will guide you and your family to success on a fishing trip to a local pond or lake! Check for a class near you at [www.ct.gov/deep/CARE](http://www.ct.gov/deep/CARE).

**Family Fishing Day:** May 10th, 2014 Chatfield Hollow State Park, Killingworth, CT. Join CARE, DEEP parks No Child Left Inside Program, and outdoor clubs and enthusiast as we celebrate fishing together as a family. This annual event does not require a fishing license, so bring the entire family and try fishing, risk free.

**Summer Fishing Classes — July and August:** Certified CARE Instructors provide students with an interactive learning experience that concludes with a fishing trip! If you are a youth camp coordinator or parks and recreation director, call the CARE Center to reserve a date for your program.

**Summer Fishing Event:** August 16, 2014 Fort Trumbull State Park, New London, CT. Enjoy a superb day of saltwater fishing. Cast off the pier to catch snapper bluefish, scup (porgy), striped bass, tautog (blackfish) or blue crabs. We supply the rods, tackle, and bait. You supply the camera and memories for a lifetime. Please note a saltwater fishing license is required for those 16 and older.

**Ice Fishing Classes:** During January, these 2 hour indoor classes will introduce you to the social, wintertime sport of ice fishing. This is an excellent program for families, scouts and youth organizations. Certified Instructors will show you how to stay warm and how to use special equipment to catch a big bass, pickerel or jumbo perch through the ice. Once

▲  
CARE Instructors **RAY POTKAY**, **RUSS HALL**, and **JEAN RIES** have been teaching Family Fishing Courses for over 15 years! These conservation heroes have combined to donate over 900 hours of volunteer time while helping introduce over 10,000 new anglers to the sport of fishing. Thank You CARE Instructors!

you complete this course you'll be invited to attend the Family Ice Fishing Derby or Ice Fishing Winter Festival (see below).

**Family Ice Fishing Derby:** Each January — Shut off the TV, get off the couch, and join CARE Instructors out on the "hard water". Participants of this family oriented derby tell us that this event is one of their favorite wintertime activities. Purge that stale indoor air from your lungs and add some outdoor adventure this winter with family and friends. Kids get a prize just for attending. The CARE Program will provide hands-on instruction, bait, and equipment to borrow. We even provide a warming hut complete with hot chocolate. Check the CARE webpage for details as the date approaches.

**Family Ice Fishing at No Child Left Inside® Winter Festival:** Each February — If you missed the Derby (above), you can still join us for an ice fishing adventure! Besides ice fishing, this festival will introduce you to a wide variety of outdoor winter activities.

**For more information or a CARE Class Schedule visit our website at: [www.ct.gov/deep/CARE](http://www.ct.gov/deep/CARE)**  
or call Tom or Justin at the CARE Center at 860-663-1656 or the Inland Fisheries Division at 860-424-FISH.

# RISE & SAVE

# Licenses

## RECREATIONAL FISHING LICENSES

An Inland fishing license is required for anyone 16 years of age or older fishing in the Inland District (see page 50 for demarcation between Inland and Marine Districts). A marine recreational fishing license is required for anyone age 16 of age or older fishing from shore or from a boat in the marine district. Most licenses are issued on a calendar year basis and expire on December 31<sup>st</sup>.

Licenses are available online at [www.ct.gov/deep/fishing](http://www.ct.gov/deep/fishing). Licenses are also available at participating town halls, tackle retailers and DEEP field offices, and by phone or in person from the DEEP Store (860-424-3555). For a complete list of vendors, visit the DEEP website or call DEEP Licensing and Revenue (860-424-3105).

### Active Armed Forces Members

Any active, full-time member of the armed forces may be issued fishing and/or small game firearms licenses for the resident fee. Proof of membership during the calendar year must be carried while using the license.

### Other Recreational Marine Licenses

Special "Personal Use" licenses are required for: a) persons taking lobsters for their own use by up to 10 pots or SCUBA, and B) persons taking menhaden with a single gill net not more than 60 feet in length, for personal use from marine waters only.

- **Personal Use Lobster License:** \$120.00  
(purchase of pot tags also required if using pots)
- **Personal Use Gillnet License for Menhaden:** \$100

Marine "Personal Use" licenses are issued on a calendar year basis, are non-transferable, and are only issued by DEEP Licensing and Revenue at 79 Elm St., Hartford, CT 06106-5127. See [www.ct.gov/deep/fishinglicense](http://www.ct.gov/deep/fishinglicense) for additional information and a license application.

A marine recreational fishing license is required to fish in the marine district.

## GROUP FISHING LICENSES

Now available to qualified 501(c)(3) organizations wishing to conduct group fishing programs and events for:

- Veterans with a service-related or other disability who receive services at a U. S. Department of Veterans Affairs Connecticut Healthcare System facility;
- Persons who receives mental health or addiction services from the Department of Mental Health and Addiction Services (DMHAS), DMHAS programs or facilities, or psychiatric hospitals operated at least in part by DMHAS;
- Individuals with autism or intellectual disabilities who receive services from the Department of Developmental Services (DDS) or a facility licensed by DDS; or
- Persons receiving care from the Department of Children and Families (DCF), DCF receiving homes, or certain DCF-licensed child care facilities or programs.

Qualified tax-exempt organizations can apply for a Group Fishing License (\$250.00 annual fee). Holders of this license may hold up to 50 events per year, including both inland and marine water events. Each event is limited to 50 people. The events must be supervised by organization staff or volunteers. Supervising staff and volunteers must have fishing licenses. The organization may not charge a fee to participate and the events may not be used as a fundraiser.

Contact DEEP Inland Fisheries (email: [deep.inland.fisheries@ct.gov](mailto:deep.inland.fisheries@ct.gov), phone: 860-424-3474) for more information and application forms.

## COMMERCIAL LICENSES

A commercial license is required to take, possess or land (regardless where taken) fish, lobsters, blue crabs, squid, sea scallops, horseshoe crabs and bait species intended for sale from both the inland and marine districts. Contact the DEEP Marine Fisheries Division at 860-434-6043 or write to the Marine Fisheries Division at [deep.marine.fisheries@ct.gov](mailto:deep.marine.fisheries@ct.gov) or P.O. Box 719, Old Lyme, CT 06371 for further information on commercial fishing.

RESIDENT LICENSES	FEES
Resident Inland Waters Sport Fishing License	\$28.00
Resident Marine Waters Sport Fishing License	\$10.00
One Day Resident Marine Waters Sport Fishing License	\$5.00
Resident All Waters (Inland & Marine) Sport Fishing License	\$32.00
Resident Combination Inland Waters Fishing and Firearms Hunting License	\$38.00

Resident Archery Super Sport License to Fish in All Waters, Bow and Arrow Permit to Hunt Deer and Small Game, and Permit to Hunt Wild Turkey During Spring Season on Private Land	\$82.00
Resident Firearms Super Sport License to Fish in All Waters and Firearms Hunt, Firearms Private Land Shotgun or Rifle Deer Permit, muzzleloader private land deer permit, and Permit to Hunt Wild Turkey During Spring Season on Private Land	\$84.00
Age 65 and older (annual) fishing, hunting, combination licenses	Free
Special resident licenses available only from participating town halls and selected DEEP offices.	
Blind Inland or Marine Waters fishing licenses (lifetime)*	Free
Inland or Marine Waters fishing licenses (lifetime) for individuals with intellectual disabilities*	Free
Physically handicapped (loss of one or more limbs, or permanent loss of use of one or more limbs) Inland or Marine Waters fishing, hunting, combination licenses (lifetime)**	Free
<p>* Issuance of a free license to the blind or individuals with intellectual disabilities (as defined in Public Act 11-16) requires proof of disability in the form of a certificate provided by any person licensed to practice medicine in this state.</p> <p>** Any resident with the loss of a limb or the permanent loss of the use of a limb and a doctor's certificate may be issued a free license. Qualified nonresidents who are residents of states which allow CT residents the same privileges are also eligible.</p>	
NON-RESIDENT LICENSES	FEES
Nonresident Inland Waters Fishing License	\$55.00
Nonresident Inland Waters Fishing License for 3 Consecutive Days	\$22.00
Nonresident Marine Waters Fishing License	\$15.00
Nonresident Marine Waters Fishing License for 3 Consecutive Days	\$8.00
Nonresident All Waters Fishing License	\$63.00
Nonresident Combination License to Fish in Inland Waters and Firearms Hunt	\$110.00
Nonresident Combination License to Fish in Marine Waters and Firearms Hunt	\$94.00
Nonresident Combination License to Fish in All Waters and Firearms Hunt	\$120.00

To obtain permit applications or further information contact the Inland Fisheries Division at 860-424-3474. Convenient fillable PDF forms of the **Importation/Liberation**, **Live Fish Importation** and **Tournament** permits can be found on the DEEP web site ([www.ct.gov/deep](http://www.ct.gov/deep)).

DEEP's Inland Fisheries Division administers a number of permits including the following:

#### **IMPORTATION AND/OR LIBERATION PERMIT (GENERAL)**

Authorizes the importation of live fish or live fish eggs from out-of-state and/or the liberation (stocking) of live fish or live fish eggs into Connecticut waters.

- A **liberation permit** is necessary whenever an **individual** or **organization** stocks live fish or fish eggs into any pond, lake or stream in Connecticut.
- An **importation permit** is required for the importation into Connecticut of live fish or fish eggs.
- See "Note," below.

#### **LIVE FISH IMPORT PERMIT**

Required for **commercial fish hatcheries** and **bait dealers** to import live fish or live fish eggs into the state.

**Note:** No permit is required to import common aquarium species. It is illegal to release any aquarium fish into public or private waters. Possession or importation of a number of fish species is prohibited. These prohibited species include piranha, walking catfish, black, silver & bighead carp, gizzard shad and all species of the family Channidae (snakeheads). For further information and a complete listing, contact Inland Fisheries at 860-424-3474.

#### **IMPORTATION AND/OR LIBERATION PERMIT FOR TRIPLOID GRASS CARP**

Authorizes the importation, possession and liberation of triploid grass carp into inspected/approved ponds. **Possession of diploid grass carp is prohibited.** Triploid grass carp represent one method of controlling nuisance aquatic vegetation. The Inland Fisheries Division inspects all ponds to determine regulatory compliance, particularly to verify that the fish can not escape from the waters in which they were stocked, thereby preventing off-site damage to aquatic habitats. Grass carp information packets and application forms can be obtained by contacting the Inland Fisheries Division at 860-424-3474.

#### **Permits are required for these activities:**

- Stock fish or import fish into the state
- Conduct a fishing tournament or derby
- Use grass carp to manage aquatic plants

#### **NOTICE TO SPORTSMEN**

A judgement or a plea of guilty, forfeiture of a bond, or payment of a fine for a fishing, hunting, or trapping violation may result in the suspension of your fishing, hunting, or trapping license.

#### **BUY ONLINE ENJOY THE CONVENIENCE**

of purchasing fishing, hunting and trapping licenses and permits directly over the internet.

[www.ct.gov/deep/fishing](http://www.ct.gov/deep/fishing)

#### **INLAND FISHING TOURNAMENT/DERBY PERMIT**

Required to conduct a fishing tournament or derby on inland waters open to public fishing involving anglers 16 years of age and older. Open water catch-and-release-only tournaments can be granted an exemption from Bass Management Area special regulations (exemptions available for all Bass Management lakes from September 1 through June 30, exemptions granted only for Gardner Lake and Mansfield Hollow Reservoir from July 1 to August 31). Additional guidelines and restrictions may apply for open-water trout tournaments/derbies conducted on waters managed by the state for trout.

#### **MARINE FISHING TOURNAMENT/ DERBY REGISTRATION**

DEEP's Marine Fisheries Division administers a number of permits including the following:

A permit is required to conduct a marine fishing tournament or derby in Connecticut that is open to persons 16 years of age and older as described under section 26-159a-26 of the Regulations of Connecticut State Agencies (see back of application). There is no charge for the permit.

[www.ct.gov/deep/permits&licenses](http://www.ct.gov/deep/permits&licenses)

#### **NATIONAL SALTWATER ANGLER REGISTRY**

Congress, through the Magnuson-Stevens Fishery Conservation and Management Act, called on NOAA Fisheries to create a national registry of saltwater anglers. As required by the Magnuson-Stevens Act, NOAA will deliver to congress a report on all the efforts underway to phase in the new Marine Recreational Information Program (MRIP)—a partnership working to improve saltwater recreational fishing data collection and provide more informed fisheries conservation.

The registry will improve data collection by creating a universe of saltwater anglers, essentially a phonebook of fishermen. This resource will help reduce bias and improve the efficiency of catch and effort surveys. Instead of asking a random sample of coastal U.S. residents if they've gone fishing (what is currently done), an angler registry would allow surveyors to call upon those who have already identified themselves as saltwater fishermen. The National Saltwater Angler Registry team is in charge of creating this "phonebook" of anglers to ensure that marine anglers are accurately accounted for.

#### **Anglers please note:**

New York, Rhode Island and Massachusetts also have marine license requirements. Though Connecticut has reciprocity with these neighboring states, residents of Connecticut are required to have a CT Resident Marine Waters Sport Fishing License to fish in the Marine District.

Connecticut anglers holding valid Marine Waters Fishing License are exempt from National Saltwater Angler Registry.

For more information, please see [www.countmyfish.noaa.gov](http://www.countmyfish.noaa.gov) or [www.nmfs.noaa.gov/sfa/management/recreational](http://www.nmfs.noaa.gov/sfa/management/recreational)

## VOLUNTEER OPPORTUNITIES

The Bureau of Natural Resources appreciates all the help it receives from volunteers each year. Typically, volunteers are from organized groups, but there are also some opportunities for individuals. Among the programs in which you may be able to participate:

### Atlantic Salmon and Herring Restoration Programs

**For groups:** Contact Steve Gephard or Bruce Williams (Inland Fisheries Division) at 860-434-6043

### CT Aquatic Resource Education Program (CARE)

**For individuals:** Volunteers are trained and certified to teach an introductory course in fishing. Training/Certification is offered once a year in February. Certified instructors must participate in one CARE event per year. Participation may include teaching or assisting the teaching of a 6 hour class in your hometown or helping out at a special event. A desire to pass on your angling knowledge and lots of enthusiasm for the sport are all we require to join the program. See page 8 for more! Contact Tom Bourret or Justin Wiggins of the Inland Fisheries Division at 860-663-1656.

### Volunteer Angler Survey – Saltwater Anglers

**For individuals:** See page 53 for details. Contact Rod MacLeod (Marine Fisheries Division) at 860-434-6043 or [rod.macleod@ct.gov](mailto:rod.macleod@ct.gov).

Thanks for your interest in the health of our fisheries resources!

The Trophy Fish Award Program recognizes and rewards angling skill. Successful anglers will receive a:

- Certificate of Merit
- Bronze pin for your first fish of merit.
- Silver pin for your fifth fish of merit.
- Gold pin for your tenth fish of merit or a new state record fish.

#### General Rules: Saltwater/Freshwater Fish

- Youth Category is defined as anyone 15 years of age and under.
- Female anglers can qualify for both youth and adult state marine records.
- Saltwater entries must be caught by boats leaving and returning to Connecticut ports. No overnight stays in another state prior to day(s) of fishing.
- Entries must be filed on the **Official Affidavit Form**, page 12.
- Fish must be caught by legal methods, played by only one person.
- Fish must be entered within 30 days of capture.
- Fish caught in hatchery ponds are not eligible.
- Fish must be caught during Connecticut's legal open season.
- **A clear photograph of the fish must accompany the Affidavit Form.**
- Fish must be weighed on scales certified in Connecticut (tackle shops—see page 14, local markets or delis) or other state certified scales.
- **Please note:** for all potential State Record Fish, a print out of weight from a certified scale must accompany affidavit.

#### Catch and Release Category Rules

- All of the General Rules apply except that the fish does not need to be weighed. A witness must be present.
- **A clear photo must accompany the affidavit. This photo must include the angler holding the fish and also include the fish next to a measuring (yardstick, ruler, or tape measure) device to clearly show the length of the fish.**
- The accompanying photo must be taken at the location where the fish was caught and released.
- Fish can't be taken from the site and then transported back.
- BLE = best length estimate for highly migratory species.
- Minimum Length = Tip of snout to end of tail.
- Marlin & swordfish—measure from lower jaw to fork in tail.
- Shark species—minimum length is fork length.
- Fish must be released alive!

#### Connecticut's License Plate Program is working for you...

Since 1992, the Long Island Sound Fund has:

- provided grants for the construction of 7 fishways to restore populations of alewife, blueback herring and other anadromous fish in Connecticut's rivers.
- provided funding for fishing piers, platforms, and educational signs at public fishing areas across the Nutmeg State that enhance access and promote greater awareness.

Do **your** part to continue funding for these important projects! **Purchase a Preserve the Sound** license plate for your car, truck, combination vehicle or boat trailer.

**For more information, call 1-800-CT-SOUND.**

#### TROPHY FISH AWARD MINIMUM WEIGHTS

Note: Minimum Lengths apply to the catch-and-release category only! The minimum lengths listed below do not apply to the traditional weighed category.

CATEGORY	SPECIES	MINIMUM WEIGHT	MINIMUM LENGTH
FRESHWATER	American Eel	3 lbs	35"
	American Shad	5 lbs	25"
	Atlantic Salmon <sup>1</sup>	15 lbs	31"
	Bluegill	12 oz	10"
	Brook Trout	2 lbs	17"
	Brown Bullhead	2 lbs	15"
	Brown Trout	5 lbs	22"
	Calico Bass (Black Crappie)	2 lbs	15"
	Common Carp	20 lbs	34"
	Chain Pickerel	5 lbs	27"
	Channel Catfish	4 lbs	22"
	Fallfish	1.5 lbs	14"
	Kokanee	1.75 lbs	16"
	Largemouth Bass	6 lbs	22"
	Northern Pike	10 lbs	35"
	Pumpkinseed	8 oz	9"
	Rainbow Trout	4 lbs	21"
	Redbreast Sunfish <sup>3</sup>	8 oz	9"
	Rock Bass	12 oz	11"
	Smallmouth Bass	4 lbs	21"
	Sunfish Hybrids <sup>4</sup>	12 oz	10"
	Tiger Trout	2 lbs	17"
	Walleye	5 lbs	23"
	White Catfish	4 lbs	20"
	White Perch	2 lbs	15"
	White Sucker	3 lbs	15"
	Yellow Bullhead <sup>2</sup>	2 lbs	15"
	Yellow Perch	1.5 lbs	15"
SALTWATER	Albacore	30 lbs	40"
	American Eel	3 lbs	35"
	Atlantic Bonito	4 lbs	20"
	Atlantic Cod	20 lbs	40"
	Atlantic Mackerel	2 lbs	14"
	Black Sea Bass	3.5 lbs	18"
	Blackfish (Tautog)	8 lbs	22"
	Blue Marlin	100 lbs	BLE (99")
	Blue Shark	175 lbs	BLE (54")
	Bluefin Tuna	400 lbs	60"
	Bluefish	12 lbs	32"
	Cunner	1.5 lbs	12"
	Dolphin Fish (Dorado)	45 lbs	48"
	Hickory Shad	1.75 lbs	18"
	Little Tunny (False Albacore)	5 lbs	24"
	Mako Shark	175 lbs	BLE (54")
	Oyster Toadfish	1 lb	10"
	Pollock	15 lbs	34"
	Scup (Porgy)	2 lbs	17"
	Squid	—	10" Mantle Length; 18" Total Length
	Striped Bass	35 lbs	45"
	Striped Searobin	3 lbs	18"
	Summer Flounder (Fluke)	6 lbs	25"
	Swordfish	100 lbs	BLE (47")
	Thresher Shark	200 lbs	BLE (54")
	Weakfish	4 lbs	22"
	White Marlin	80 lbs	BLE (66")
	White Perch	1.5 lbs	14"
	Winter Flounder	2.5 lbs	17"
	Yellowfin Tuna	150 lbs	60"
	Blue Crab	8"	8"

<sup>1</sup> Includes only hatchery-reared broodstock salmon released into the Broodstock Atlantic Salmon waters and supplemental lakes. Wild Atlantic salmon from the Connecticut River and Long Island Sound are illegal to possess and not covered under this Trophy Fish Award program.

<sup>2</sup> Good photos (both lateral and ventral shots) will have to be required for identifications.

<sup>3</sup> Redbreast Sunfish will require only a good lateral photo.

<sup>4</sup> Most sunfish over 10" are probably hybrids.

## REMINDER TO ANGLERS!

### Fishing In Or Casting Into Permitted Swim Areas Is Prohibited

State regulations prohibit fishing in or into a swim area that's been permitted by DEEP. Additionally, vessels cannot be operated within a permitted swim area, and there's a 100 foot "no-wake" zone around the perimeter.

Swim areas that have been permitted by DEEP will be marked by white buoys with orange markings, and there should be a permit number posted on the buoys. They may or may not have small orange barrier floats to further demarcate the area.

Should questions arise concerning the validity of the swim area (*no permit numbers or the area appears to have been changed / enlarged or keeps moving*), please contact DEEP's Boating Division at 860-434-8638.

## FISHERIES ADVISORY COUNCIL

The Fisheries Advisory Council (FAC) is a group of dedicated citizens from all regions of the state working together for fish and fishing in Connecticut.

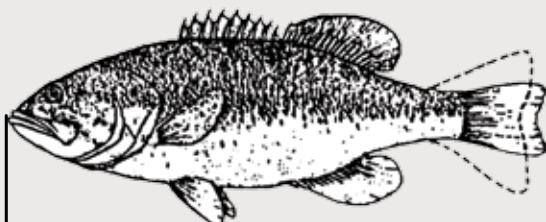

For more information about the FAC, please call 860-424-3474.

## DISCARDED FISHING LINE AND OTHER TRASH

Anglers are reminded that any person who intentionally discards fishing line or other litter in the waters of the state, on public property of the state or on private property not owned by such person is subject to a fine under section 22a-250 of the general statutes.

Each year, DEEP's Wildlife Division receives numerous reports of birds and other animals that have been injured or killed after getting tangled in our trash. Discarded fishing line, hooks, lures and weights are often left behind by unthinking anglers at fishing sites, and have caused serious injury, illness or death to wildlife. Please dispose of these items and all other trash properly.

All fish are measured from tip of snout  
to end of tail (total length).

# Environmental Conservation Police

## DEEP'S ENVIRONMENTAL CONSERVATION POLICE

### Greetings,

With the anticipation of the start of another great year of fishing in Connecticut, I would like to remind all the men, women and children who fish in our State that the management model that has provided the excellent opportunities to fish and hunt in our state is the North American Wildlife Conservation Model. The model has two basic principals—that our fish and wildlife belong to all Americans, and that they need to be managed in a way that their populations will be sustained forever. The Environmental Conservation Officers of this state ensure that the management measures that the Agency's marine and inland fisheries biologist establish to protect our resource are followed. We are in the field everyday attempting to discourage illegal behavior and gain voluntary compliance of the laws and regulations designed to protect and sustain our natural resources. The Division's officers, all of whom either hunt, fish or boat in our State, uphold a long and proud tradition of fish and game law enforcement. When they are not checking for fishing licenses or helping teach a hunting education class, they are searching for lost or missing persons, investigating boating accidents, tranquilizing black bears under a home owner's deck or seizing an illegally held alligator. Our mission of natural resource protection and public safety is to improve the quality of life for the citizens of Connecticut.

Through enforcement and education the Environmental Conservation Police Division will continue to provide public safety and protect the state's natural resources. We encourage the citizens of Connecticut to take an active role in this mission by reporting fish and game violations to our 24 hour toll free line at 1-800-842-4357.

Thank you and good luck!

### Colonel Kyle Overturf

Director-State Environmental Conservation Police  
Bureau of Outdoor Recreation

### Fishing Violations and Fines

- Fishing without a license: **\$87.00**
- Violation of sport fishing regulations (includes closed season, bag and size limits, methods of take and specific area restrictions): **\$154.00 per count**
- Destruction of posted notice: **\$87.00**
- Failure to carry fishing license while fishing: **\$87.00**
- Violation of salmon fishing regulations: **\$87.00**
- Fishing while license or privilege suspended: **\$150.00**
- Illegal fishing for or taking of fish or bait in the Inland District: **\$154.00 per count**
- Unauthorized fishing in reservoir: **\$250.00**
- Unauthorized obstruction of streams or ponds: **\$250.00**
- Illegal fishing near fishways: **\$250.00**
- Operation of a motorboat on Bantam River: **\$50.00**
- Transporting vessel or trailer without properly inspecting for, removing and disposing of vegetation and aquatic invasive species: **\$95.00**

Officer Vroman checking an ice angler.

The list above is only a partial listing of violations and their fines. These and other fisheries violations will be accompanied by a suspension of your hunting, fishing and trapping license(s). Help protect our natural resources for future outdoor sports enthusiasts, obey the law and report suspected violations by calling 1-800-842-HELP.

## BE A RESPONSIBLE ANGLER

Protecting both the resource and your access to the resource requires more than simply knowing and following the fishing regulations!

### Respect Private Property

- Do not cast onto docks or into permitted swim areas (when in doubt, cast elsewhere).
- Ask permission before fishing from shore, or wading on private property.

### Don't Litter, Don't Pollute

- Keep your boat and motor properly maintained.
- Retrieve all lures and gear.
- Don't release live bait.
- Leave your fishing area cleaner than you found it!

### Be A Safe Boater

- Obey boating regulations, and check your safety gear frequently!

### Be A Good Neighbor

- Treat fellow anglers, other recreational users and property owners with courtesy.
- Always be willing to share both the resource and your knowledge.

**And always use common sense and be courteous!**

## DON'T LET THIS HAPPEN AGAIN!

**DON'T LITTER  
Dispose of  
fishing line,  
lures, hooks  
and all other  
trash items  
properly.**

Dead osprey found hanging from its nest in Old Lyme, CT. Discarded fishing line, which is often picked up by ospreys to place in their nests, was wrapped around the bird's neck.

Photo courtesy of long-time DEEP Wildlife Division volunteer Hank Golet, who took the image prior to removing the dead bird.

# Consumption Advisory

## ARE THE FISH I CATCH SAFE TO EAT? 877-458-FISH

The summary of advisories issued in the past by the Connecticut Department of Public Health and Department of Energy & Environmental Protection is updated annually and included as a reminder to anglers. These advisories apply to recreationally-caught fish from Connecticut waters. Individuals in the high risk group should be particularly careful in their fish consumption.

Proper cleaning and cooking methods include: removing the skin, "lateral line" area, belly flaps and dark meat, and broiling or grilling. These methods can reduce PCB levels by 50%.

## For More Information

Including the fish consumption fact sheet, a special fact sheet for pregnant women, foreign language summaries, and for updates visit the Department of Public Health (CTDPH) website at: [www.ct.gov/dph/fish](http://www.ct.gov/dph/fish) or call CTDPH.

- **Have health questions:** call CTDPH at 860-509-7740 or toll-free at 877-458-FISH (3474).
- **Have fishing questions:** call CTDEEP at 860-424-FISH (3474).

	Brewster Pond (Stratford)	Catfish & Bullheads	Do not eat	Do not eat	Chlordane
	Union Pond (Manchester)	Carp, Catfish, Bass	Do not eat	Do not eat	Chlordane
<b>Specific Saltwater Species</b>	Long Island Sound and connected rivers	Striped Bass	Do not eat	One meal per month	PCBs
		Bluefish over 25"	Do not eat	One meal per month	PCBs
		Bluefish 13–25" <sup>d</sup>	One meal per month	One meal per month	PCBs
		Weakfish	One meal per month	One meal per month	PCBs
	Mill River (Fairfield) (excluding Southport Harbor)	Blue Crab	Do not eat	Do not eat	Lead

<sup>a</sup> High Risk Group includes pregnant women, women planning to become pregnant within one year, nursing mothers and children under six.

<sup>b</sup> Low Risk Group includes everyone not in the High Risk Group.

<sup>c</sup> It is prudent for the High Risk Group to eat no more than one large trout (over 15") from lakes and ponds per month.

<sup>d</sup> Bluefish under 13" are not on the advisory because they have not been found to contain PCBs at levels sufficient to merit an advisory.

# Aquatic Invasive Species

## Help stop the spread!

A number of aquatic invasive species are established in Connecticut and more are threatening to invade. This year's Angler's Guide focuses on the zebra mussel, as it has notably expanded its distribution in Connecticut during the last several years.

### ► ZEBRA MUSSEL

Zebra mussels are now found in a number of locations scattered throughout the Housatonic River and its impoundments.

Until late 2010 when adult zebra mussels (*Dreissena polymorpha*) were found in Lake Zoar and Lake Lillinonah, zebra mussels had been found (1998) in CT only in East Twin Lake and West Twin Lake (Salisbury). Since 2010, adult mussels have also been found in Lake Housatonic and free-floating juveniles (veligers) have been sampled at several sites in the river in Connecticut from the Massachusetts line downstream to Lake Lillinonah. Surveys completed in late 2012 confirm the continuing presence of zebra mussels adults and free-floating juveniles (veligers) in the Housatonic River and its major impoundments in Connecticut.

One possible source of these mussels is downstream migration from Laurel Lake in Lee/Lenox, Massachusetts. Its short outlet stream drains directly into the Housatonic River. In 2009, an abundant population of zebra mussels was documented in Laurel Lake. Adult mussels were also found that year in the Housatonic River in Massachusetts downstream of the confluence with Laurel Lake's outlet stream. Since then additional small populations have been found at sites in the river in Massachusetts.

The non-native zebra mussel was first found in North America in Lake St. Clair (Michigan/Ontario) in 1988. Since then they have spread throughout the Great Lakes, the Mississippi River system and most of New York State including Lake Champlain and the Hudson River, and then into a number of western and southwestern states.

Zebra mussels have fairly specific water chemistry requirements and are limited to waters with moderate to high calcium concentrations and pH. In Connecticut, suitable habitat for zebra mussels is mostly limited to a number of water bodies in western portions of the state. Under highly favorable conditions, this invasive mussel can disrupt aquatic ecosystems and is notorious for clogging water intakes and fouling boat hulls and engine cooling water systems.

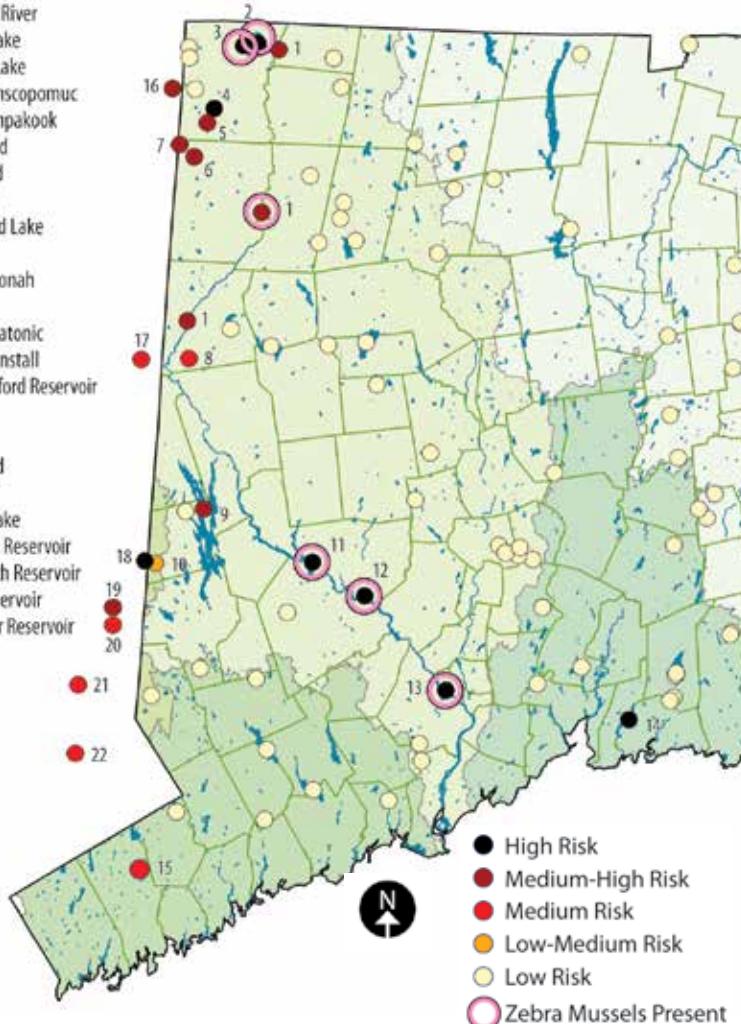

Zebra mussels and other aquatic invasive species can be inadvertently spread by boats, gear and bait buckets. Easy "Clean, Drain & Dry" methods to help prevent their spread can be found on the next page.

## Zebra Mussels in Connecticut

Their current known distribution and the susceptibility of additional Connecticut water bodies to colonization by zebra mussels.

1. Housatonic River
2. East Twin Lake
3. West Twin Lake
4. Lake Wononscopomuc
5. Lake Wononpakoak
6. Mudge Pond
7. Indian Pond
8. Hatch Pond
9. Candlewood Lake
10. Ball Pond
11. Lake Lillinonah
12. Lake Zoar
13. Lake Housatonic
14. Lake Saltonstall
15. East Stamford Reservoir

- NEW YORK
16. Rudd Pond
  17. Ellis Pond
  18. Putnam Lake
  19. Bog Brook Reservoir
  20. East Branch Reservoir
  21. Titicus Reservoir
  22. Cross River Reservoir

In 2011 and 2012, Biodrawversity LLC. conducted zebra mussel surveys in northwest Connecticut, including the upper Housatonic River, to determine the presence or absence of zebra mussels. Selected physical, chemical, and biological attributes of the surveyed water bodies were also documented and combined with existing data to develop a risk assessment for those water bodies. Additionally, a risk assessment was developed that included other water bodies in the state for which relevant water chemistry data were available. Above is a map showing the susceptibility of these water bodies (plus some close by NY waters) to colonization by zebra mussels. All areas assessed as being at medium to high risk of colonization by zebra mussels are located in western Connecticut. (Figure adapted from Biodrawversity LLC. report).

The full report prepared for DEEP by Biodrawversity LLC. can be found online at [www.ct.gov/deep/fishing](http://www.ct.gov/deep/fishing).

- Remove all aquatic organisms, mud & debris!

## Some of the Invasives Found in Connecticut

Many boaters and anglers are familiar with freshwater invasive plants, in Connecticut these include:

**EURASIAN WATER MILFOIL** was first found in Connecticut in 1979 and has been documented in a number of locations in Connecticut as well as the Connecticut River.

**VARIABLE LEAF MILFOIL** was first discovered in Connecticut in 1936 and can now be found in a number of locations throughout Connecticut.

**HYDRILLA** was first discovered in 1989 and can now be found in a few locations scattered throughout the state. Very aggressive and can outcompete native and invasive species.

**FANWORT** was first observed in Connecticut in 1937 and is now widely distributed throughout the state.

**WATER CHESTNUT** was first discovered in Connecticut in 1999 and can be found in a number of locations throughout the state including scattered sites along the Connecticut River, several tributaries and connected. Water chestnut appears to be expanding its distribution in Connecticut. Annual plant that spreads via sharp, spiny fruits.

### New arrivals to Connecticut include:

**(2011) DIDYMO** is a freshwater alga that under suitable conditions can form extensive blooms. Prefers cold, low-nutrient streams. In Connecticut, didymo has only been found in one area, the upper West Branch Farmington River near Riverton.

**(2012) CHINESE MITTEN CRAB** A juvenile Chinese mitten crab was collected from the Mianus River in Greenwich. This is the first confirmed report of this invasive in CT. This crab reproduces in saltwater but spends most of its life in freshwater.

A Chinese mitten crab captured at Chesapeake Beach, MD in 2007 (image courtesy of the Smithsonian Environmental Research Center).

More information on these and other invasive species in Connecticut can be found online at: [www.ct.gov/deep/invasivespecies](http://www.ct.gov/deep/invasivespecies).

Please prevent new introductions of invasive plants and animals; CLEAN, DRAIN, DRY your boat and gear.

**STOP AQUATIC HITCHHIKERS!**

Prevent the transport of nuisance species.  
Clean all recreational equipment.  
[www.ProtectYourWaters.net](http://www.ProtectYourWaters.net)

## YOU CAN HELP!

CLEAN, DRAIN, DRY. You can help prevent the spread of problem species by following these simple suggestions.

### BEFORE LEAVING A BOAT LAUNCH

- **CLEAN**—Inspect your boat, trailer and equipment. Remove and discard all aquatic plants and animals, mud and debris you may have picked up while on the water.
- **DRAIN**—Completely drain all water from the boat, including bilge water, livewells and engine cooling systems.

### AT HOME

- **DRY**—Dry anything that came in contact with the water (boats, trailers, trailering vehicle) for at least one week.
- or
- **WASH**—Rinse boat, trailer and equipment with hot water (high pressure if possible). A bleach solution can be used to clean livewells. Dispose of all rinse materials properly!

### REMEMBER

- Do not dump your bait bucket or release live bait! Avoid introducing unwanted plants and animals. Unless your bait was obtained on site, dispose of it in a suitable trash container.
- Do not transport fish, other animals or plants between water bodies. Release caught fish, other animals and plants only into the waters from which they came.

### IT'S THE LAW! (CGS 15-180, CGS 22a-381d)

- Boaters must inspect their vessel for vegetation and listed invasive invertebrates (zebra mussel, quagga mussel, Chinese mitten crab, New Zealand mud snail, Asian clam, rusty crayfish) and properly remove and dispose of any vegetation or invasives before transporting the vessel. You can be fined \$95 per violation.
- The importation, transportation, sale, purchase, possession, cultivation or distribution of a number of invasive plants including the following aquatic plants is prohibited:
  - Curly leaved pondweed, Fanwort, Eurasian water-milfoil, Variable water milfoil, Water chestnut, Egeria, Hydrilla, Common reed, Purple loosestrife, Pond water-starwort, Parrotfeather, Brittle water-nymph, American water lotus, Yellow floating heart, Giant salvinia, Yellow iris, Watercress, Onerow yellowcress. Violators can be fined \$50 per plant!

# INLAND REGULATIONS

## INLAND DISTRICT REGULATIONS EXPECTED TO CHANGE IN 2014

There are a number of changes to the regulations that are expected to take effect later in 2014. These changes include:

### Allowable number of fishing lines/rods

The number of lines (with or without rods) that may be used at one time by an angler will be increased from two lines to three, except for the designated Trout Management Areas, Wild Trout Management Areas, Trout Parks, Sea-run Trout Streams and Trophy Trout Streams where the maximum number of lines will continue to be two.

### Yantic River

The lower Yantic River (from just below the falls at Indian leap in Norwich to the confluence with the Thames River/Norwich Harbor) will be open to fishing year-round.

### East Twin Lake

The fishing season at East Twin Lake will be extended through the month of March (last day of the season will be March 31). The special regulations (one brown trout per day with a 20 inch minimum length) for brown trout are removed. The size and creel limits for trout during March will be one trout per day with a 16 inch minimum length.

### Fishing seasons

**Batterson Park Pond and Mansfield Hollow Reservoir** will be open to fishing year-round and the open season for fishing at **Scoville Reservoir** will be from 6:00 am Opening Day through the last day in February.

### Opening Day

Opening Day of trout season will change from the current 3rd Saturday in April to the 2nd Saturday in April. Opening Day remains the 3rd Saturday (April 19) for 2014, but it is expected that in 2015, Opening Day will be the 2nd Saturday in April.

### American eel

The minimum length for American eel is increased to 9 inches and the daily creel limit is reduced to 25 fish per day.

### American shad

Harvest of American shad is limited to the Connecticut River system. The closed season for American shad will be removed.

### Kokanee salmon

The maximum daily harvest of kokanee will be reduced from eight to five fish per angler per day.

### Wild Trout Management Areas (WTMA)

The Belding WMTA on the Tankerhoosen River (Vernon) is expanded to include those portions of the Tankerhoosen River (and its tributaries) in the Tankerhoosen Wildlife Management Area. This expanded WMTA will be named the Belding-Tankerhoosen WMTA.

### Thermal Refuges

These are seasonal no-fishing zones created to protect thermally stressed trout seeking cool water refuge at tributaries to major rivers (Housatonic, Naugatuck, Shetucket). To better reflect cool water flow patterns, the reference point will be changed from the outlet of the tributary to a point or points as posted by DEEP. Additionally, a thermal refuge is created along the Salmon River (East Haddam) within Sunrise Resort State Park. The closure period for all thermal refuges will be extended, ending on September 15 (instead of August 30).

## EXPECTED CHANGES HIGHLIGHTED IN RED

Because the new Inland regulations are expected to become effective after publication of this Guide, both the existing (as of March 31, 2014) Inland District regulations and expected changes are provided in this Guide. The changes expected to occur in 2014 are highlighted in red (see example).

Areas affected by these changes will be posted with new signs when the regulations become effective. DEEP will also issue press releases and post notices on the DEEP web site ([www.ct.gov/deep](http://www.ct.gov/deep)) and the Fish & Wildlife Facebook page ([www.facebook.com/CTFishandWildlife](http://www.facebook.com/CTFishandWildlife)).

Expected  
change  
highlighted  
in red

**SCOVILLE RESERVOIR**, Wolcott (121 acres)

• **Species:** (T LMB S YP CP CB)  
**Change expected in 2014 (see page 20):**  
**Season:** Open 6:00 a.m. 3rd Saturday of April – last day February.

• **Other:** Operation of vessels prohibited from sunset to sunrise. Use or possession of internal combustion engines prohibited.

Existing  
regulations

# Inland District Statewide Species Regulations

## DETERMINING REGULATIONS

A summary of the *Statewide Species Open Seasons, Legal Methods and Length & Daily Creel Limits* is listed in the table on page 21. **The regulations on many water bodies differ from the statewide regulations.**

### Use this two-step process to determine regulations on a specific waterbody:

1. Check the table on page 21 for the general statewide regulations.
2. Refer to the specific waterbody in the alphabetical listings of *Lakes & Ponds* (pages 28–37) or *Rivers & Streams* (pages 40–48) for specific site-specific regulations. If no site-specific

regulations are listed for a waterbody, statewide regulations apply for seasons, methods, and/or limits.

Unless otherwise indicated in the *Lakes & Ponds* and *Rivers & Streams* listings:

- Lakes and ponds are open year-round.
- Rivers & streams are open from 6:00 a.m. on the 3<sup>rd</sup> Saturday in April through the last day of February (Closed to all fishing from March 1<sup>st</sup> to 6:00 a.m. on the 3<sup>rd</sup> Saturday in April).

**The open seasons listed in this table do not apply in areas closed to all fishing during a period of the year.**

## Lower River/Tidal Waters

Designated rivers & streams with no closed season. These include the entire Connecticut and Thames Rivers, and downstream portions of the Coginchaug, Farmington, Housatonic, Mattabesett, Mystic, Naugatuck, Niantic, Quinnipiac and Salmon Rivers. Check individual waterbody listing for boundaries.

For more information on **Legal Methods & Gear, Length Limits, Creel & Possession Limits and Species**, refer to the definitions on pages 22–23.

**Note:** Regulations for several marine species found in the Inland District are subject to change.

SPECIES	NOTES	LEGAL METHODS	AREA	OPEN SEASON*	MINIMUM LENGTH	DAILY CREEL LIMIT
Alewife/Blueback Herring	Daily creel limit is for both species in aggregate.	Taking of anadromous alewife & blueback herring from all Connecticut waters is prohibited. Emergency closure is in effect. See page 24 for more information. <b>Exception:</b> Landlocked alewife only may be taken from specific lakes. See page 24 for list of lakes. Methods, seasons & creel limits for these lakes are as follows:				
		Angling	Lakes & Ponds (see page 28)	Open year-round*	None	25
		Scoop Net	Lakes & Ponds (see page 28)	April 1 – June 15	None	25
American Eel	Spearing and bow and arrow use prohibited in streams or stream sections stocked with trout. Spearing prohibited in all lakes & ponds. The taking of elver eel, glass eel and silver eel is prohibited.	Angling, Icefishing, Bobbing, Bow and Arrow, Spearing	All areas	Open year-round*	6" Change expected in 2014 (see page 20)	50 Change expected in 2014 (see page 20)
American Shad	Harvest of American shad allowed only in the Connecticut River system.	Angling	Connecticut River (including tributaries open year-round)	April 1 – June 30 Change expected in 2014 (see page 20)	None	6
Atlantic Salmon	Taking of Atlantic Salmon is prohibited. <b>Exception:</b> Atlantic Salmon Broodstock Fisheries (see page 24)					
Largemouth Bass & Smallmouth Bass	Daily creel limit is for both species in aggregate.	Angling, Icefishing	Lakes & Ponds	Open year-round*	12"	6
			Rivers & Streams	Open year-round*	None	6
			Connecticut River	Open year-round	12"	6
Carp, Suckers & Lampreys <i>Change expected in 2014 (see pages 22 &amp; 23): will include bowfin and tench</i>	Spearing and bow and arrow use prohibited in streams or stream sections stocked with trout. Spearing prohibited in all lakes & ponds.	Angling, Icefishing, Bobbing, Bow and Arrow, Spearing	All areas	Open year-round*	None Change expected in 2014 (see pages 22 & 23)	None
Chain Pickerel	—	Angling, Icefishing	Lakes & Ponds	Open year-round*	15"	6
Hickory Shad	Daily creel limit is in aggregate with American shad.	Angling, Icefishing, Scoop Net	All areas	Open year-round*	None	6
Kokanee	—	Angling, Icefishing	All areas	3 <sup>rd</sup> Saturday in April – last day in February	8 Change expected in 2014: (see page 20)	
Northern Pike	—	Angling, Icefishing	All areas	Open year-round*	26"	2
Panfish**	Except White Perch, see below.	Angling, Icefishing, Bobbing	All areas	Open year-round*	None	None
Smelt	Taking of smelt in rivers & streams is prohibited.	Angling & Icefishing	Lakes & Ponds	Open year-round*	None	50
Striped Bass	—	Angling	All areas	Open year-round*	28"	2
Sturgeon	Taking of sturgeon is prohibited.					
Trout (Brook, Brown, Lake, Rainbow)	—	Angling, Icefishing	Lakes & Ponds, Rivers & Streams	3 <sup>rd</sup> Saturday in April – last day in February	None	5
			Lower Rivers/Tidal Waters	Open year-round*	15"	2
White Perch	—	Angling, Icefishing, Bobbing	Connecticut River (including Coves & Tributaries) Tidally influenced Rivers & Streams	Open year-round*	7"	30
			Lakes & Ponds All other Rivers & Streams	Open year-round*	None	None
Walleye	—	Angling, Icefishing	All areas	Open year-round*	18"	2

\*Except in areas closed to all fishing during a period of the year.

\*\*Yellow Perch, White Perch, Calico Bass (Crappie), Rock Bass, bullheads, all species of catfish, and all species of sunfish.

# Inland Regulations & Definitions

The following provisions are taken from the inland district sport fishing regulations, and do not apply to taking fish from licensed commercial hatcheries, private waters legally registered with DEEP, or to commercial fishing in the inland district. Information on commercial fishing in the inland and marine districts is available on request.

**ANGLING** Fishing with hook and line, which must be personally attended. No more than two lines, with or without rods, may be used at one time. Each line may have any combination of hooks, flies or lures, of which a maximum of three hooks may be baited.

**Change expected in 2014 (see page 20):** The number of lines (with or without rods) that may be used at one time by an angler will increase from two lines to three, except for the in the designated Trout Management Areas, Wild Trout Management Areas, Trout Parks, Sea-run Trout Streams and Trophy Trout Streams where the maximum number of lines will continue to be two.

**BAIT** Any animal or vegetable, or their parts, living or dead, used with a hook for the purpose of attracting and catching fish. Any fish legally acquired, except largemouth bass, smallmouth bass, chain pickerel, northern pike, trout, salmon, carp and goldfish may be used as bait.

**BAIT SPECIES** The following species of fish, amphibians, aquatic insects and crustaceans may be taken by sport fishermen for personal use (a recreational fishing license is required), but may only be sold if taken under an inland commercial bait license.

- **Bait species:** Common shiner, golden shiner, fallfish, creek chub, spot-tail shiner, bridle shiner, blacknose dace, longnose dace, pearl dace, bluntnose minnow, fathead minnow, cutlips minnow, chub sucker, white sucker, killifish, mummichog, Atlantic & tidewater silverside, sand lance, frogs (except northern leopard frog), crayfish (except rusty crayfish), perch bugs, hellgrammies and mayfly nymphs.
- **The legal methods for taking the bait species listed above are as follows:**

— **Rivers & streams:** Bait species may be taken at any time with seines not over 15 ft. long and 4 ft. deep, bait traps not over 20 inches long and 15 inches in diameter, and umbrella nets not over 4 ft. by 4 ft.

— **Lakes & ponds:** Bait species may be taken at any time with bait traps not over 20 inches long and 15 inches in diameter and umbrella nets not over 4 ft. by 4 ft. Seines shall not be used in lakes and ponds except those designated by the DEEP as open to commercial taking of bait. Where posted, taking, use or possession of fish as bait is prohibited in lakes and ponds.

— **All inland waters:** During the open season for fishing, the species listed above may also be taken by hand, angling and scoop net.

**BARBLESS HOOK** A curved, pointed device, without a barb, used to catch fish. Barbless hooks may be single, double or treble, and each point must be without a barb. For the purposes of this regulation, hooks manufactured with a barb are considered barbless if the barb has been bent down to the hook, broken off or otherwise made ineffective.

**BOBBING** Fishing with a ball or mass of worms or other bait attached to a hookless line held in the hand or a line attached to a rod held in the hand.

**BOW AND ARROW FISHING** Common carp, white suckers, American eels and sea lampreys may be taken with a bow and arrow. These species may be taken by archery in streams and stream sections not stocked with trout, and in lakes and ponds, and only taken during the open season for fishing in those waters. Use of crossbows is prohibited. A fishing license is required.

**Change expected in 2014:** Bowfin and tench are added to the list of species that can be taken with a bow and arrow.

**CAST NET** A net weighted at the edges which is cast out over bait to capture it in shallow water. The use of cast nets is prohibited in inland waters.

**CHILDREN'S FISHING AREA** Angling in such areas is restricted to children under sixteen years of age when posted as such.

**CLOSED SEASON** That period of time during which all fishing is prohibited in the area specified.

**DAILY CREEL LIMIT** The quantity or number of fish of a species or species group that can be taken by an individual angler during the period from 12:01 a.m. to midnight.

**DOWNRIGGER** A device, supplemental to a fishing line, used to deploy, via an electric or handpowered winch, reel or spool that projects over the side or stern of a boat and is used as a hoist, main line and terminal weight, one or more fishing lines to a desired depth in the water column.

**FISHHOOK or HOOK** A curved, pointed device, with or without barb, used to catch fish. Hooks may be single, double or treble and each point shall be considered as a single hook.

**FISHING OR SPORT FISHING** Taking or attempting to take fish. In the Inland District, fishing is limited to angling, bow and arrow fishing, bobbing, ice fishing, snagging or snatching, spearing, scoop netting, and taking or attempting to take fish by hand.

**FLOAT (BOBBER)** Any buoyant object attached to a fishing line. No floats may be used unless personally attended.

**FLY** A single or double hook dressed with hair, feathers, tinsel, thread, yarn or similar material to which no bait, spinner, spoon, plug or other device is added.

**FLY FISHING** Angling with the use of a fly reel, fly rod, fly line, leader and a fly or flies. Extra weight may be built into the fly in its construction, as in a weighted nymph, and additional weight may be attached to the leader or line. The use of strike indicators is permitted.

**GAFF** A spear or hook, with or without a handle, used for holding or lifting fish. The use of a gaff to land or assist in landing a fish is prohibited in the inland district.

**HAND-HELD JIG** A rod, jig stick or line held in the hand used for fishing through the ice.

**ICE FISHING** Not more than six tip-ups, floats (bobbers), similar devices, or hand-held jigs or any combination thereof not exceeding six in the aggregate may be used at one time. Not more than three baited hooks, with or without attractors, or three ice flies, or three artificial lures, or any combination thereof not exceeding three in the aggregate may be used with each tip-up, float (bobber), or similar device or hand-held jig. Devices must be personally attended. The name and address of the user must be legibly stamped on or attached to all devices.

**INLAND DISTRICT** Is the area inland of the demarcation lines as listed on page 50.

**LEADCORE LINE** A fishing line constructed with a metal core.

**MINIMUM LENGTH** Measured from the tip of the snout to the end of the tail. No person shall possess any fish less than the lengths specified and any fish less than the minimum length, shall, without avoidable injury, be immediately returned to the water from which taken.

**PANFISH** Includes yellow perch, white perch, calico bass, rock bass, bullheads, all species of catfish, and all species of sunfish.

**POSSESSION LIMIT** The total number of fish of any species or species group that may be possessed by one person either on the person, on the waters of the state, the shores of these waters, or in any type of vehicle and may not exceed the creel limits for one day, as listed in this pamphlet. Fish so possessed shall be intact to the extent that neither the heads nor tails have been removed. Note that this does not restrict the number of legally acquired fish that may be kept in storage at home.

**SCOOP NET** A manually operated, flexible mesh net attached to a hoop which is attached to a handle. The hoop may not be over 36 inches across the widest point and the mesh bag may not be more than 36 inches in

depth at its deepest point. The use of any such net constructed of metal mesh or stiff plastic mesh is prohibited.

**SEINE NET** A net weighted at the bottom, with top floats, that is used to encircle fish.

**SET LINE** A line with one or both ends secured to the shore, or to a fixed or buoyant object in the water which is used for fishing and is not personally attended. Use of set lines in the inland district is prohibited.

**SLOT LENGTHS** Length limits designated to reduce or increase the taking of fish by anglers.

- **Protected slot lengths:** Lengths between which fish may not be kept by anglers.
- **Open slot lengths:** Lengths between which fish may be kept by anglers.

**SNAGGING or SNATCHING** The taking of fish by foul hooking, that is hooking fish in any part of the body other than the mouth. Snagging is prohibited in all waters in the Inland District except that, in streams open to fishing throughout the year, menhaden, alewives and blueback (glut) herring may be taken by these methods. Anglers are reminded that there currently is an emergency ban on the taking of anadromous alewife and blueback herring (see page 24).

**SPEARING** The use of any pointed instrument, with or without barbs, propelled solely by hand. Common carp, American eels, white suckers and sea lampreys may be taken by spearing in streams or sections of streams not stocked with trout during the open seasons for fishing in such waters. Prohibited in lakes and ponds. Underwater spear fishing and the use of any type of spear gun is prohibited in all waters within the Inland District.

**Change expected in 2014:** Bowfin and tench are added to the list of species that can be taken by spearing.

**STRIKE INDICATOR** Means a brightly colored, highly visible tab, sleeve or bead or similar material used in fly fishing. Such devices may be attached to the line or leader when used in areas restricted to fly fishing only.

**TAKE or TAKING** Killing, capturing or otherwise rendering into possession, any fish or bait species, or attempting to kill, capture or rendering into possession, or assisting in taking or attempting to take any fish or bait species.

**TROUT** Include brook (char), brown, lake, and rainbow trout and their hybrids.

**VISIT THE DEEP STORE**  
[www.ct.gov/deep/store](http://www.ct.gov/deep/store)

## FISHWAYS AND FISHING

Fishing is prohibited in the area immediately downstream or upstream of a fishway, generally for a distance of 250 feet from the fishway. Note that at some fishways, this distance may vary from 250 feet.

At locations where the distance from the fishway does differ from 250 feet, the boundaries of the "no-fishing" area will be as posted by DEEP (look for signs and/or large rocks painted red marking the boundaries).

Anglers with questions about the "no-fishing" zones around any of the over 50 fishways in the state should contact DEEP's Diadromous Fisheries Restoration Program (Inland Fisheries Division) at 860-434-6043.

## DISABLED ACCESS

These areas in the Inland District provide fishing access with primary use intended for persons with disabilities. Check the *Coastal Launch* and *Coastal State Park Sections* (pages 57–51) for areas in the Marine District.

- **Angus Park Pond, Glastonbury:** Off Manchester Road (Route 83) turn east on Fisher Road: Located on upper dike in Town Park.
- **Beachdale Pond, Voluntown:** Route 149 next to boat access area.
- **Beaver Brook Ponds, Windham:** Off Back Road at dam/access area.
- **Bigelow Pond, Union:** At boat launch in Bigelow Hollow SP.
- **Billings Lake, North Stonington:** At dam adjacent to boat access area.
- **Black Pond, Meriden-Middlefield:** Adjacent to boat ramp.
- **Bladens Brook, Seymour:** Access only by permission of Seymour Land Conservation Trust.
- **Connecticut River-Haddam Meadows State Park, Haddam:** Dock at the boat launch in Haddam Meadows State Park.

# Broodstock Atlantic Salmon & River Herring

## BROODSTOCK ATLANTIC SALMON: Seasons, Creel Limits & Methods for the period from December 1, 2013–March 31, 2015

RIVERS	OPEN SEASON	DAILY CREEL LIMIT	LEGAL METHODS (all seasons)
	December 1, 2013 through March 31, 2014	One (1) salmon per day	Fishing for Atlantic Salmon is limited to use of a <b>single fly or artificial lure with a single free-swinging hook</b> . Additional weight may not be added to the line. <b>Snagging is strictly prohibited.</b>
	April 1, 2014 to 6:00 a.m., April 19, 2014	Salmon fishing closed	
	6:00 a.m., April 19, 2014 through August 31, 2014	One (1) salmon per day	
	September 1, 2014 through November 30, 2014	Catch and release only	
LAKES	Seasons and Methods in lakes stocked with broodstock Atlantic salmon are the same as for trout in that water body except that the Daily Creel Limit is One (1) salmon per day.		

### ATLANTIC SALMON BROODSTOCK FISHING

The DEEP stocks surplus broodstock Atlantic salmon during the fall, generally from mid-October through early December. Approximately 800 to 1,600 surplus salmon are stocked each year into three designated Broodstock Areas and into selected lakes and ponds (beginning in 2007, Beach Pond, Crystal Lake, Mashapaug Lake and Mount Tom Pond all have been stocked at various times). These fish are typically two to five years old and weigh from 2 to 20 pounds. They are the progeny of sea-run Atlantic salmon that have been raised in hatcheries for the purpose of producing eggs for the Connecticut River restoration effort. Surplus broodstock are fish that are no longer needed in the restoration program. Stocked salmon in rivers surviving until March will begin to move downstream to the saltwater during the high spring flows. Consequently, broodstock are seldom caught after March.

### Fishing for broodstock Atlantic salmon in rivers is allowed only in the following areas:

- **Naugatuck River:** From the confluence of the East and West Branches (Torrington) downstream to the Housatonic River.
- **Housatonic River:** Entire river downstream of the Derby Dam.
- **Shetucket River:** Downstream from the Scotland Dam (Windham) to the Water Street Bridge (Norwich).

### Salmon are Stocked Into Three Designated Broodstock Areas:

- **Naugatuck River:**
  - From Route 118, Litchfield-Harwinton, downstream to the Thomaston Dam (Upper section).
  - From Prospect Street, Naugatuck, downstream to Pines Bridge Road, Beacon Falls (Lower section).
- **Shetucket River:** From the Scotland Dam, Scotland, downstream to the Occum Dam, Norwich.

### Designated Broodstock Area Fishing Restriction

From October 1 to March 31, angling for all species in the salmon broodstock areas is restricted to fishing methods that are legal for Atlantic salmon (a single fly or a lure with a single free-swinging hook only). Additional weight may not be added to the line. Anglers are reminded that the season is closed from March 1<sup>st</sup> to the 3<sup>rd</sup> Saturday in April for all species other than broodstock Atlantic salmon except in the upper Naugatuck River Broodstock Area. This area is within the Naugatuck River TMA, which is open year-round for trout (catch-and-release only).

Salmon

### Important Notes

The availability of surplus Atlantic salmon broodstock, stocking dates, and the regulations governing the fishery are subject to change. Details are provided to newspapers and are posted on the DEEP website at [www.ct.gov/deep](http://www.ct.gov/deep). Several lakes (Beach Pond, Crystal Lake, Mashapaug Lake, and Mount Tom Pond) have also recently been stocked with broodstock salmon and additional lakes may be stocked in the future. Regulations for salmon in lakes differs from those for rivers, please see the entries for these lakes in the Lakes & Ponds section for more information. If you are unsure of the regulations, please contact DEEP Fisheries staff at Hartford (860-424-3474), Marlborough (860-295-9523), Harwinton (860-485-0226), or Litchfield (860-567-8998).

### ALEWIFE & BLUEBACK HERRING

#### Emergency Fishery Closure is in effect:

Taking of anadromous alewife and blueback herring is **prohibited** from all Connecticut waters including Long Island Sound.

Alewife and blueback herring (collectively termed "river herring") runs have been declining. While the reasons for the decline are not fully understood, the DEEP believes it is mostly due to predation by increasingly abundant striped bass. Healthy river herring populations are needed to provide food for many species.

To restore herring runs, the DEEP is taking a number of actions including removing dams, building fishways, reintroducing pre-spawn adults into streams that had previously supported runs, and eliminating harvest. An immediate recovery is not expected. However, this closure may reduce the threat of further declines and enable river herring populations to recover more quickly in favorable years.

This emergency closure will be in place through at least March 2015 and will likely be extended. Check the DEEP website ([www.ct.gov/deep](http://www.ct.gov/deep)) or contact DEEP Inland Fisheries (860-424-3474) or Marine Fisheries (860-434-6043) for more information.

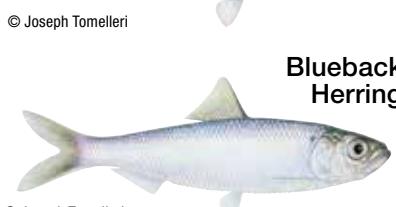

### Landlocked alewife

Landlocked alewife populations are established in several Connecticut lakes and ponds. Landlocked alewife may be taken by angling or scoop net only from the following lakes:

- Amos Lake
- Ball Pond
- Beach Pond
- Candlewood Lake
- Crystal Lake (Ellington)
- Highland Lake
- Mount Tom Pond
- Quassapaug Lake
- Quonniapaug Lake
- Rogers Lake
- Squantz Pond
- Uncas Lake
- Waramaug Lake

# New Programs

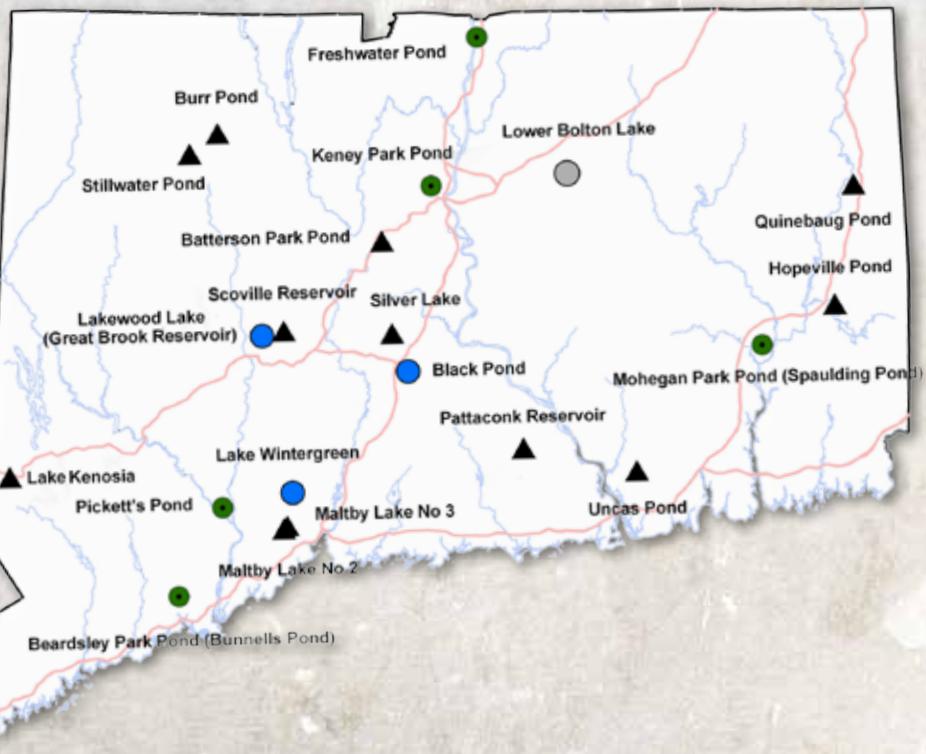

## Channel Catfish:

### Channel Catfish Waters

(2013 size stocked)

- Not stocked in 2013
- Adults and Yearlings
- Adults
- ▲ Yearlings

- Stocked as either yearlings (6"- 8") or adults (14" or more)
- The purchase of channel catfish is provided through federal Sportfish Restoration program funding
- Excellent to eat try blackened, Cajun, deep fried, or broiled)
- Reach large size (CT record = 29 lbs. 6 oz.)
- Are easy to catch year round
- No size limit or daily limit (as of 2014)

## Community Fishing Waters Program:

DEEP and local communities working together to promote natural resources and outdoor recreation opportunities within urban neighborhoods.

The Community Fishing Waters Program is growing! Currently there are six lakes in Connecticut designated as Community Fishing Waters and beginning in the spring of 2014, six more areas will be added to the list. These waters are stocked with trout in the early spring and channel catfish in late spring/early summer to provide a year-round fishery. All these waters are located along or close to public transportation routes to enhance fishing opportunities in urban neighborhoods. Be sure to visit one of the Community Fishing Waters near you!

Scan the code for more information about the Community Fishing Waters Program:

## LOOKING TO GET THE LEAD OUT?

Lead is a metal which, in sufficient quantities, can negatively affect the nervous and reproductive systems of animals and humans. Most fishing jigs and sinkers have historically been made with lead.

Wildlife such as eagles, loons, and other waterfowl can be poisoned by lead they've consumed. Hooked fish can ingest or retain attached lead fishing tackle such as hooks and jigs, and become a potential pathway of lead exposure for predatory birds consuming fish containing such lead fishing gear. In addition, lost or discarded lead fishing weights and other lead fishing tackle of smaller sizes can be ingested by wildlife, particularly dabbling and diving water birds such as swans, ducks, geese and loons.

There are alternatives to lead, made from non-poisonous materials such as tin, bismuth, steel, tungsten and glass that are available at established sporting goods retailers and on the internet. These will be more expensive than lead, but will be more environmentally benign, and as demand continues to grow, prices are expected to drop.

Consider asking for non-lead alternatives when purchasing new tackle or replacing old.

Websites for more information on lead sinkers include:

# Lakes & Ponds

Statewide regulations for seasons, legal methods, and limits (page 21) apply unless a site-specific regulation is listed for a water body.

The following lakes and ponds are available for public fishing through the courtesy of the owners or state ownership.

## Determining fishing regulations is a simple two-step process:

1. Check the regulation table (page 21) for general statewide Species, Legal Methods, and Limits regulations.
2. Look up the waterbody in the alphabetical list of lake and ponds to find any special regulations that apply. If no site-specific regulations are listed for a waterbody, statewide regulations apply.

## Lake and Pond Legend

- Public boat launching area
- Cartop boat launching area
- Facilities for disabled
- State campground
- Shore fishing access
- Family friendly fishing location
- State picnic area

*Italics* Access/stocking information

(T SMB) Most common species (those in bold type should provide the best fishing) – see key to fish species abbreviations at right

### ALLEN BROOK POND, Wallingford, (see Wharton Pond)

### ALEXANDER LAKE, Killingly (215 acres)

- Note: No public access.
- Species: (LMB SMB CP S BB WP YP)
- Season: Open 6:00 a.m. 3rd Saturday April–last day February.
- Other: The possession and use of any live alewives, blueback (glut or river) herring, gizzard, hickory or threadfin shad as bait is prohibited. Motor size limit—12 cu in (Approx. 10 hp).

### AMOS LAKE, Preston (113 acres)

- TROUT MANAGEMENT LAKE / BASS MANAGEMENT LAKE**
- Species: (T CP LMB BB AE YP S)
- Season: Open 6:00 a.m. 3rd Saturday April–March 31.
- **Largemouth & smallmouth bass:** 12" to 18" protected slot limit. Daily creel limit—6 bass, only 1 may be 18" or greater.
- **Trout:** From March 1–March 31, Daily creel limit—1, 16" minimum length.
- Other: 8 mph speed limit. See 2014 Boater's Guide for summer exemption.

### ANDERSON POND (Blue Lake), North Stonington (57 acres)

- Species: (LMB CP CB S BB YP)

### ANGUS PARK POND (Eastbury Pond), Glastonbury (9.4 acres)

- Species: (T CP LMB S BB YP)
- Season: Open 6:00 a.m. 3rd Saturday April–October 31.
- Other: Boats and canoes prohibited.

### ASHLAND POND, Griswold (89 acres)

- Species: (LMB CP YP S)

### ASPINOOK POND, Lisbon/Griswold/Canterbury (301 acres)

*Informal boat access off Butts Bridge Road, no facilities. Commercial launch (fee charged) at private campground off Ross Hill Road.*

- Species: (LMB WP YP S CA CB)
- Other: Butts Bridge is the demarcation line between the pond and the Quinebaug River.

### BANTAM LAKE, Morris-Litchfield (947 acres)

#### **NORTHERN PIKE LAKE**

- Species: (NP SMB LMB WP CB YP S BB)
- Northern Pike:
  - » May 1–Nov. 30: Daily creel limit—2, 26" minimum length.
  - » Dec. 1–last day Feb.: Daily creel limit—1, 36" minimum length.
  - » March 1–April 30: Closed to northern pike fishing.
- All Other Species: Open year round, statewide regulations apply.
- Other: Motors prohibited 11 p.m. to 5 a.m. Use of internal combustion motors prohibited on the Bantam River between Bantam Lake and the inlet to Little Pond.

### BARBER POND, Bloomfield (9.4 acres)

- Species: (S)
- Season: Open 6:00 a.m. 3rd Saturday April–last day February.
- Other: Boats and canoes prohibited except between May 16 and October 31. Use of all motors prohibited.

### BASHAN LAKE, East Haddam (273 acres)

- BASS MANAGEMENT LAKE**
- Species: (T LMB SMB CP CB YP S)
- Season: Open 6:00 a.m. 3rd Saturday April–last day February.
- **Largemouth & smallmouth bass:** 12" to 16" protected slot limit. Daily creel limit—6 bass, only 2 may be 16" or greater.
- Other: 35 mph speed limit days, 6 mph limit ½ hour after sunset to 8 a.m.

The boating laws and regulations provided in this guide are brief summaries of selected state boating safety statutes and regulations, and local ordinances. For complete boating regulations and additional information, please refer to the 2014 Connecticut Boater's Guide which can be obtained from the DEEP Boating Division (860-434-8638).

## Lakes and Ponds open year-round (no closed season) unless otherwise stated.

### BATTERSON PARK POND, Farmington (140 acres)

#### WALLEYE LAKE / CATFISH LAKE

Channel catfish first stocked in 2013.

- **Species:** (CB YP WP S LMB WA)
- **Season:** Open 6:00 a.m. 3rd Saturday April–October 31.  
**Change expected in 2014 (see page 20):**  
**Season:** Open year-round (no closed season).
- **Other:** Use of internal combustion engines prohibited.

### BAUMMER POND, Naugatuck (2.7 acres)

- **Species:** (T BB S)
- **Season:** Open 6:00 a.m. 3rd Saturday April–last day February.

### BEACH POND,

Voluntown – Rhode Island (372 acres)

#### WALLEYE LAKE

- **Species:** (T LMB SMB CP S YP WA)
- **Note:** Connecticut or Rhode Island fishing license legal on entire pond. Rhode Island regulations apply for bass and pickerel.
- **Season:** Open 6:00 a.m. 3rd Saturday April–last day February.
- **Largemouth & smallmouth bass:** Daily creel limit—5 bass, 12" minimum length.
- **Chain Pickerel:** Daily creel limit—5, 14" minimum length.
- **Broodstock Atlantic salmon have been stocked several times into this lake, first in 2007 and most recently in April 2009. Regulations for salmon are the same as for trout except:** Daily creel limit—1 Atlantic salmon.
- **All Other Species:** CT Statewide regulations apply.
- **Other:** No more than six tip-ups may be used when ice-fishing.

### BEACHDALE POND, Voluntown (46 acres)

- **Species:** (LMB T YP BB)
- **Season:** Open 6:00 a.m. 3rd Saturday April–last day February.
- **Other:** 8 mph speed limit.

### BEACHLAND POND, West Hartford (1.1 acres)

- **Season:** Open 6:00 a.m. 3rd Saturday April–November 30.

### BEAVER BROOK PONDS

(Bibbins Ponds), Windham (20 acres)

- **Species:** (T)
- **Season:** Open 6:00 a.m. 3rd Saturday April–last day February.

- **Other:** Boats and canoes prohibited except from May 16 to October 31. Motors prohibited.

### BEAVER PARK LAGOON, New Haven (8.5 acres)

#### COMMUNITY FISHING WATERS

New for 2014, trout and channel catfish to be stocked.

- **Species:** (AE LMB CA S BB)
- **Season:** Open 6:00 a.m. 3rd Saturday April–October 31.

- **Largemouth & smallmouth bass:** 12" to 16" protected slot limit. Daily creel limit—6 bass, only 2 may be 16" or greater.

### BISHOP SWAMP (Jurovaty Pond), Andover (53 acres)

#### Informal cartop launch.

- **Species:** (LMB CB S BB)
- **Other:** Use of internal combustion engines prohibited.

### BLACK POND, Meriden-Middlefield (76 acres)

#### BASS MANAGEMENT LAKE / CATFISH LAKE

Channel catfish first stocked in 2007.

- **Species:** (T LMB CP BB CB S CC)
- **Season:** Open 6:00 a.m. 3rd Saturday April–last day February.
- **Largemouth & smallmouth bass:** 12" to 16" protected slot limit. Daily creel limit—6 bass, only 2 may be 16" or greater.
- **Other:** Use of internal combustion engines prohibited.

### BLACK POND, Woodstock (74 acres)

- **Species:** (T LMB SMB CP YP BB S CB)
- **Season:** Open 6:00 a.m. 3rd Saturday April–last day February.
- **Other:** Motors limited to 5 hp.

### BLACK ROCK LAKE (Branch Brook), Watertown (21 acres)

#### Species: (T)

- **Season:** Open 3rd Saturday April–last day February.

### BLACK ROCK POND, Watertown (9.5 acres)

In Black Rock State Park.

#### TROUT PARK

- **Species:** (T LMB)
- **Season:** Open 6:00 a.m. 3rd Saturday April–last day February.
- **Trout:** Daily creel limit—2.
- **Other:** All vessels prohibited.

### BLUE LAKE (see Anderson Pond)

### BOLTON LAKES (Lower, Middle, Upper), Bolton-Coventry-Vernon (346 acres)

#### BASS MANAGEMENT LAKE / CATFISH LAKE

Channel catfish first stocked into Lower Bolton Lake in 2007.

- **Species:** (YP BB CP LMB SMB S CC)

- **Largemouth & smallmouth bass:** 12" to 16" protected slot limit. Daily creel limit—6 bass, only 2 may be 16" or greater.

- **Other:** Motors limited to 6 hp.

### BOLTON NOTCH POND, Bolton (17 acres)

- **Species:** (LMB S YP)

### BRANFORD SUPPLY PONDS,

Branford (26 acres)

- **Species:** (T LMB S CP)

- **Season:** Open 6:00 a.m. 3rd Saturday April–last day February.

### BREAKNECK POND,

Union-Massachusetts (92 acres)

Walk-in access (approximately 1.2 miles from north end of Bigelow Pond).

- **Note:** Connecticut or Massachusetts license legal on entire pond.
- **Species:** (S YP CB CP LMB)
- **Other:** Use of internal combustion engines prohibited. Motor vehicle access prohibited.

### BROAD BROOK MILLPOND, East Windsor (19 acres)

- **Species:** (T LMB YP S)

- **Season:** Open 6:00 a.m. 3rd Saturday April–last day February.

- **Other:** Motors prohibited.

### BULL POND, Harwinton (20 acres)

Informal cartop access.

- **Species:** (BB LMB BC)

- **Other:** Motors prohibited.

### BUNNELL'S POND (Beardsley Park Pond), Bridgeport (33 acres)

#### COMMUNITY FISHING WATERS /

#### CATFISH LAKE

Channel catfish first stocked in 2007.

- **Species:** (S CC T)
- **Season:** Open 6:00 a.m. 3rd Saturday April–November 30.
- **Other:** Ice fishing prohibited.

### BURR POND, Torrington (85 acres)

#### CATFISH LAKE

Channel catfish first stocked in 2013.

- **Species:** (BB LMB S)
- **Other:** 8 mph speed limit.

# Lakes & Ponds

Statewide regulations for seasons, legal methods, and limits (page 21) apply unless a site-specific regulation is listed for a water body.

## BUTTERNUT POND, East Windsor (1.4 acres)

- **Children's Pond:** Fishing restricted to children under age 16.
- **Season:** Open 6:00 a.m. 3rd Saturday April–October 31.

## CANDLEWOOD LAKE, Danbury-New Fairfield-Sherman-New Milford-Brookfield (5064 acres)

### TROUT MANAGEMENT LAKE

- **Species:** (T LMB SMB YP WC WP CB BB S)
- **Season:** Open 6:00 a.m. 3rd Saturday April–March 31.
- **Trout:** From March 1–March 31; Daily creel limit—1, 16" minimum length.
- **Other:** 45 mph daytime speed limit, 25 mph from ½ hour after sunset to ½ hour before sunrise.

## CEDAR LAKE, Chester (69 acres)

### WALLEYE LAKE

- Walleye first stocked in 2012.
- **Species:** (T YP LMB CP BB S)
  - **Season:** Open 6:00 a.m. 3rd Saturday April–last day February.
  - **Other:** 6 mph speed limit.

## CENTER SPRINGS PARK POND, Manchester (11.8 acres)

### COMMUNITY FISHING WATERS

New for 2014, note trout and channel catfish to be stocked in 2015.

- **Species:** (S)

## CHATFIELD HOLLOW POND (see Schreeder Pond)

## LAKE CHAMBERLAIN, Bethany (107 acres)

### BASS MANAGEMENT LAKE

- **Species:** (LMB CP S)
- **Season:** Open 6:00 a.m. 3rd Saturday April–November 30.
- **Largemouth & smallmouth bass:** 12" to 16" protected slot limit; Daily creel limit—6 bass, only 2 may be 16" or greater.
- **Note:** Shore fishing only. Fishing by permit from South Central Connecticut Regional Water Authority 203-562-4020.

## CHRISTENSEN'S POND, Granby (1.5 acres)

- **Species:** (T S)
- **Season:** Open 6:00 a.m. 3rd Saturday April–last day February.

## CITY HALL POND, Milford

- **Season:** Open 6:00 a.m. 3rd Saturday April–November 30.

## CLARKS POND (Mill River), Hamden

- **Species:** (T)
- **Season:** Open 6:00 a.m. 3rd Saturday April–last day February.
- **Other:** Boats and canoes prohibited.

## COLEBROOK RIVER LAKE,

Colebrook-Massachusetts (826 acres)

### BASS MANAGEMENT LAKE

- **Note:** Connecticut or Massachusetts fishing license legal on entire pond from demarcation posters downstream to the dam.
- **Species:** (T RA LMB SMB WC)
- **Season:** Open 6:00 a.m. 3rd Saturday April–last day February.
- **Largemouth & smallmouth bass:** 12" to 16" protected slot limit; Daily creel limit—6 bass, only 2 may be 16" or greater.
- **Other:** 20 mph speed limit. The possession and use of any live alewives, blueback (glut or river) herring, gizzard, hickory or threadfin shad as bait is prohibited.

## COLONY POND (Abe Stone Park Pond), Ansonia (3.6 acres)

Channel catfish first stocked in 2012.

- **Species:** (T)
- **Season:** Open 6:00 a.m. 3rd Saturday April–last day February.

## CANDLEWOOD LAKE DEPTH MAP

First produced in 2006, Connecticut DEEP's Candlewood Lake depth map has become an angler favorite.

- Produced using state-of-the-art GPS technology.
- Field work and compilation ran from 1999 to 2005, and the final product is a color chart which measures 23 by 36 inches.
- The best and most current information on Candlewood Lake depths available.
- Maps are fully laminated, so the weather won't damage it.

**Available from the DEEP Store \$10.95**

- Order by phone: 860-424-3555
- Shop online: [www.ct.gov/deep/store](http://www.ct.gov/deep/store)
- Visit our Hartford store or order by mail

**Remember, it's illegal to fish in or into a DEEP permitted swim area.**

(RSCA §15-121-B12(c))

### **GARDNER LAKE**, Salem-Montville-Bozrah (529 acres)

Walk-in access from Round Hill Road (300 yards).

- Species: (LMB S)

### LAKE ZOAR, Monroe-Oxford- Newton-Southbury (909 acres)

#### WALLEYE LAKE

Walleye first stocked in 2011.

From the Shepaug Dam to the Steven-son Dam.

- Species: (SMB WP LMB CB WC S YP WA)
- Other: 45 mph speed limit daytime, 25 mph from ½ hour after sunset to ½ hour before sunrise.

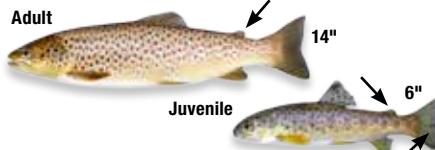

# A Guide to Catchable Freshwater Fish in Connecticut

Not sure about your catch? Subtle differences between fish include the shape of the body-long vs. round, whiskers, shape of the mouth, and if there is a small fleshy lobe-like fin on the back near the tail. Determine which of these traits match your fish, then look to the photos and specific details to make a positive identification. If you would like a professional opinion, email a clear photo of the entire fish to [deep.inland.fisheries@ct.gov](mailto:deep.inland.fisheries@ct.gov).

## Trout

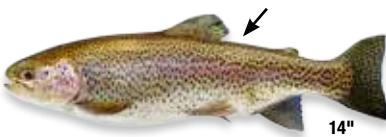

**Brook Trout** have a dark body with light spots and a worm-like pattern on back, head, and sides. The lower fins are typically red-orange with a white leading edge. Stocked Brook Trout are typically less colorful than wild Brook Trout.

**Brown Trout** have a light body with dark spots. The lower fins are typically brown, tan, or nearly colorless and may have a white leading edge. Wild Brown Trout may have bright red and orange spots and an orange adipose fin. The tail is more rounded than forked. Brown Trout and Atlantic Salmon look very similar.

**Tiger Trout** (hybrid) have worm-like markings covering the entire body. They usually do not have spots. Tiger Trout are a sterile cross between a male Brook Trout and a female Brown Trout.

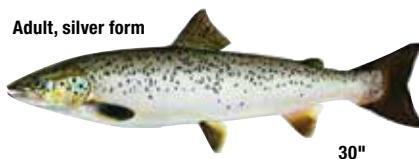

**Rainbow Trout** have a light body with dark spots on the head and the tail. There is usually a pink band along each side.

## Salmon

**Kokanee Salmon** are silver without spots until spawning season when they undergo significant changes in both the shape turn red. Males often develop a large hooked jaw (kype). The Kokanee Salmon die after they spawn.

**Atlantic Salmon** have a light body with dark spots. The adipose fin is brown or dark brown. The lower fins are brown with no color on the leading edge. There may be spots on the head and tail. Wild Atlantic Salmon recently entering freshwater typically are silver, turning brown after being in freshwater for a while. Small Atlantic Salmon will have a deeply-forked tail. Atlantic Salmon are stocked as fry into many tributaries of the Connecticut River. All Atlantic Salmon must be immediately released, unless it is from one of the areas the Inland Fisheries Division stocks with surplus adult Atlantic Salmon (see page 24).

© Joseph Tomelleri

## Bass, Perch & Walleye

**Largemouth Bass** have a dark stripe along the side of the body. The end of the jaw typically reaches past the eye.

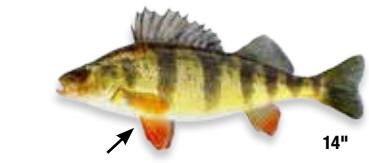

**Smallmouth Bass** may have vertical stripes on the side of the body. The end of the jaw typically reaches to the center of the eye.

**Striped Bass** have a light body, somewhat silver in color with a series of horizontal black bands along the side.

**White Perch** have a silver body and lack any spots or bands.

**Yellow Perch** have a yellow body with dark vertical bands and orange lower fins.

**Walleye** generally have a greenish or brownish back fading to a white belly. They may have irregular dark green blotches on the body. They have very large and sharp teeth.

## Sunfish & Bass

**Pumpkinseeds** have turquoise markings on the face and have a red dot on the gill cover.

**Bluegills** do not have turquoise markings on the face and do not have a red spot on the gill cover.

**Redbreast sunfish** have some turquoise markings on the face. The gill cover has a long oval dark "ear". The belly is usually a bright orange-red.

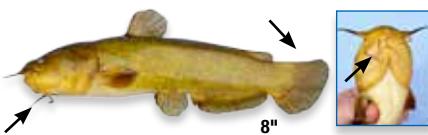

**Rock Bass** have a very large red-colored eye. The pattern on the side of the body resembles camouflage print.

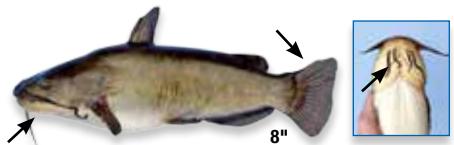

**Calico Bass** (crappie) have a distinct curved profile from the head to the dorsal fin. The body is very thin when viewed looking from head on. They body silvery or brass colored with dark spots.

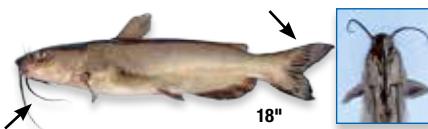

## Bullhead & Catfish

**Yellow Bullhead** have a rounded tail and the chin whiskers are light colored. Both the belly and chin are usually yellow.

**Brown Bullhead** have a rounded tail and the chin whiskers are dark colored. Both the belly and chin are light colored and usually white.

**Channel Catfish** have a forked tail (pointed tips), very long whiskers on the side of the mouth, and dark chin whiskers. Compared to the white catfish, the channel catfish has a narrow head.

**White Catfish** have a forked tail (rounded tips), very long whiskers on the side of the mouth, and light chin whiskers. Compared to the channel catfish the white catfish has a broad head. The eyes may have a light blue band around the iris.

## Pike & Pickerel

**Northern Pike** have a dark colored body with light spots. The entire cheek and only 1/2 of the gill cover is covered in scales. The mouth has large and sharp teeth.

**Chain Pickerel** have a yellow colored body with a dark "chain-like" pattern. Both the cheek and gill cover are completely covered with scales. Typically there is a dark vertical band below the eye. The mouth has large and sharp teeth.

## Carp & Sucker

**White Sucker** has a streamlined body with a round mouth. The body is usually dark brown on top and bronze color on the side.

**Common Carp** can be a very large fish (up to 40 pounds) and have large scales. Carp have a small whisker on each side

This guide intended to provide some general descriptive information and a photo typical of each species featured. These represent fish that are most often caught in freshwaters of CT. The approximate size of the pictured fish is listed. For more detailed information please refer to the "A Pictorial Guide to Freshwater Fishes of Connecticut" by Robert P. Jacobs and Eileen B. O'Donnell. Available at the DEEP store [www.ct.gov/DEEP/Store](http://www.ct.gov/DEEP/Store).

For questions about fish or fishing in Connecticut, please contact the Inland Fisheries Division at 860-424-Fish or email: [deep.inland.fisheries@ct.gov](mailto:deep.inland.fisheries@ct.gov) or visit our web page at [www.ct.gov/deep/fishing](http://www.ct.gov/deep/fishing).

# Rivers & Streams

Statewide regulations for seasons, legal methods, and limits (page 21) apply unless a site-specific regulation is listed for a water body.

The following rivers and streams or sections thereof are available for public fishing through the courtesy of the landowner, or where indicated by posters, through cooperative agreement, lease, or state ownership.

## Determining fishing regulations is a simple two-step process:

1. Check the regulation table (page 21) for general statewide Species, Legal Methods, and Limits regulations.
2. Look up the waterbody in the alphabetical list of lake and ponds to find any special regulations that apply. If no site-specific regulations are listed for a waterbody, statewide regulations apply.

## Special Management Areas For Trout

(alternative regulations such as extended seasons, minimum lengths & reduced creel limits):

- **Trout Management Areas (TMA):** High quality fisheries offering year-round opportunities.
- **Trout Parks:** Easy to fish, frequently stocked areas.
- **Trophy Trout Streams:** Stocked with a higher proportion of larger fish.
- **Sea-run Trout Streams:** Areas where DEEP is working to establish populations of anadromous brown trout.
- **Wild Trout Management Areas (WTMA):** There are three classes of WTMA:
  - Class 1: Abundant wild trout, not stocked.
  - Class 2: Wild trout and some stocked fry & fingerlings.
  - Class 3: Some wild trout, most also stocked with catchable size & fingerling size trout.

## Lower River/Tidal Waters

Designated rivers & streams with no closed season including the entire Connecticut and Thames rivers, and downstream portions of the Coginchaug, Farmington, Housatonic, Mattabesett, Mystic, Naugatuck, Niantic, Quinnipiac, and Salmon rivers.

## Public Access to Fishing Waters

Public access to fishing waters is restricted to rights-of-way designated by poster or by permission of landowner. On state-leased streams, fishermen must wade or stay near the stream bank as indicated by signs.

## Rivers and Streams Legend

- Public boat launching area
  - Facilities for disabled
  - State campground
  - Family friendly fishing location
  - State picnic area
- Italics* Access/stocking location information
- (T BN) Indicates degree of stocking and/or presence of wild trout:
- T Light/moderately stocked
  - T Heavily stocked
  - BK Wild brook trout
  - BN Wild brown trout

Other fish species are listed for several rivers, see Key to Fish Species Abbreviations in Lakes and Ponds section (page 28).

Special Management Areas are color-coded for major gamefish species

### ABBEY BROOK, Somers (T BK)

*Intermittent sections from Ninth District Road downstream to Somersville Mill Pond.*

### ALLYNS BROOK, Durham (T)

*Intermittent sections from Route 17 downstream to the Coginchaug River.*

### ANGUILLA BROOK, Stonington (T)

*Intermittent sections from Route 184 downstream to Route 1.*

### ASPETUCK RIVER, Easton-Weston (T)

*Intermittent sections from Route 58 along Route 136 to the Saugatuck River.*

### BALL POND BROOK (includes Disbrow Pond), New Fairfield (T BN)

*Intermittent sections from Bigelow Road through Routes 37 and 39 to Sawmill Road.*

### BANTAM RIVER (West Branch), Litchfield (T)

*Intermittent sections from the Goshen-Litchfield town line at Brooks Road through Route 63 to the confluence with the Bantam River Inlet near Route 202.*

### BANTAM RIVER (inlet to Bantam Lake), Litchfield (T)

*Intermittent sections from Route 202 to approximately one half mile upstream of confluence with Bantam Lake.*

### BANTAM RIVER (outlet from Bantam Lake), Litchfield (T)

*Downstream of Bantam Lake from Bantam to Smokey Hollow Road in West Morris.*

- **Methods:** Fly fishing only where indicated by posters.

### BARTLETT BROOK, Lebanon (T)

*Intermittent sections from Brewster Pond downstream to Yantic River.*

### BEACON HILL BROOK,

Bethany-Naugatuck-Beacon Falls (T BK BN)

*From Route 63 crossing in Bethany to confluence with Naugatuck River.*

### WILD TROUT MANAGEMENT AREA (Class 3)

*From Route 63 crossing in Naugatuck downstream to confluence with Naugatuck River:*

- **Trout:** 9" minimum length.

### BEAVER BROOK, Barkhamsted (T BK)

*Intermittent sections from West Center Hill Road through Peoples State Forest (Beaver Brook/Greenwoods Roads) to Route 318.*

### BEAVER BROOK (includes Fire Ponds), Franklin-Sprague (T BN)

*Intermittent sections along Route 207 to the Shetucket River.*

### BEAVER BROOK, Windham-Scotland (BK BN)

### MERRICK BROOK WILD TROUT MANAGEMENT AREA (Class 1)

*In Talbot Wildlife Management Area from Route 14 to Merrick Brook:*

- **Season:** Open year-round.
- **Methods:** Barbless single-hook artificial lures and flies only.
- **Trout:** Catch and Release Only.

### BELCHER BROOK, Berlin (T)

*Intermittent sections from Four Rod Road to Lower Lane.*

### BIBLE ROCK BROOK, Haddam-Middletown (T)

*Intermittent sections along Route 154.*

### BIGELOW BROOK, Eastford-Union (T)

*Intermittent sections from Mashapaug Lake to Natchaug River.*

### BIRDSEYE BROOK, Cornwall (T)

*Within the Mohawk Ski Area.*

### BLACKBERRY RIVER, Norfolk-Canaan (T BN)

*From ½ mile west of Route 272 along Route 44 and Lower River Road to confluence with Housatonic River.*

### WILD TROUT MANAGEMENT AREA (Class 3)

*From Whiting River to confluence with Housatonic River.*

- **Trout:** 9" minimum length.

### BLACKLEDGE RIVER,

Bolton-Hebron-Marlborough (T)

*Intermittent state-owned sections from Gay City State Park to the Salmon River.*

- **Trout:** 9" minimum length — Downstream of Route 94, Glastonbury, to the Salmon River.

### BLACKWELL BROOK, Brooklyn-Canterbury (T)

*Intermittent sections from Woodward Road to the Quinebaug River.*

**Rivers & streams open season is from 6:00 am on the 3<sup>rd</sup> Saturday in April to the last day of February unless otherwise stated.**

**BLADENS RIVER,** Woodbridge-Seymour (TBK)

From ¼ mile below Bethmour Road along Route 67 to ¼ mile below Chatfield Street, includes tributary (Hopp Brook) along Miller Road.

**BRANCH BROOK,** Watertown (T)

**TROUT PARK**

Within Black Rock State Park:

- **Trout:** Daily creel limit—2.

**BRANFORD RIVER,** Branford-North Branford (T)

Intermittent sections from Route 22 to I-95.

**BROAD BROOK,** Ellington (T BK BN)

Intermittent sections along Muddy Brook Road, and from Broad Brook Mill Pond to Scantic River.

**BROAD BROOK,** Preston (T)

Intermittent sections from Swantown Road to Old Jewett City Road.

**BUCK BROOK,** Portland (T)

In Meshomasic State Forest.

**BUCKHORN BROOK,** Enfield (T)

Intermittent sections from Town Farm Road downstream to the Scantic River.

**BUNGEE BROOK,** Eastford-Woodstock (T)

Intermittent sections from Route 171 downstream to the Still River.

**BUNNELL BROOK** (Burlington Brook), Burlington (T)

From Covey Road, then along Route 4 to confluence with Farmington River:

- **Trout:** 9" minimum length downstream of Covey Road.

**BUTTERNUT BROOK,** Litchfield (T)

Upstream of Route 202 to confluence with the Bantam River.

**BUTTONBALL BROOK,** Chaplin (T)

Intermittent sections from Route 6 downstream to the Natchaug River.

**BYRAM RIVER,** Greenwich (T)

From Merritt Parkway to Glen Ridge Road.

**CANDLEWOOD HILL BROOK,** Haddam (T)

Intermittent sections along Candlewood Hill Road.

**CARR BROOK** (Cox Brook), Portland (T)

Intermittent sections from South Road downstream to Penfield Hill Road.

**CARSE BROOK,** Sharon (T)

Smith Hill Road to Housatonic River.

**CATTLE LOT BROOK,** Marlborough (T)

From Quinn Road downstream to Dickinson Creek.

**CEDAR SWAMP BROOK,** Mansfield (T)

Intermittent sections from Route 44 downstream to Ravine Road.

**CEDAR SWAMP BROOK,** Stafford (T BK)

Nipmuck State Forest from Crooked Road downstream to Roaring Brook.

**CEDAR SWAMP BROOK,** Sterling (BK)

Intermittent sections from Portertown Road to the Moosup River.

**CHATFIELD HOLLOW BROOK,** Killingworth (T)

**TROUT PARK**

In Chatfield Hollow State Park:

- **Trout:** Daily creel limit—2.

**CHERRY BROOK,** Canton (T BN BK)

From Routes 179 and 309, along Route 179 through Canton Center.

- **Trout:** 9" minimum length downstream of Route 179.

**CHOATE BROOK,** Preston (T)

Intermittent sections from Route 165 to the Quinebaug River.

**COGINCHAUG RIVER,** Durham-Middlefield-Middletown (T)

Intermittent sections from Route 17 in Durham through Wadsworth Falls State Park.

**LOWER RIVER/TIDAL WATERS—no closed season**

Downstream from Route 3 bridge to confluence with Mattabesett River.

- **Trout:** Daily creel limit—2, 15" minimum length.

**CONNECTICUT RIVER,** Enfield to Old Lyme

**LOWER RIVER/TIDAL WATERS—no closed season**

Includes entire river in Connecticut

- **Species:** (AE CA CB LMB NP SMB S WA WC WP YP)

- **Large & smallmouth bass:** 12" minimum length.

- **Trout:** Daily creel limit—2, 15" minimum length.

- **Northern pike:** 24" minimum length.

- **Alewives/Blueback Herring:** Special closures may be in effect (see page 24).

- **Methods:** Barbless single-hook artificial lures and flies only.

- **Trout: Catch and Release Only.**

- **Note:** Wild Trout Management Area includes a portion of the Pootatuck River upstream and downstream of the confluence as posted by DEEP.

**DEEP RIVER,** Deep River (T)

Intermittent sections from Hoopole Hill Road downstream to Pratt Read Reservoir.

**DELPHI BROOK,** Stafford (BK BN)

Intermittent sections along Route 19.

**DENISON BROOK,** Voluntown (BK)

In Pachaug State Forest, south of Route 138.

**DICKENSON CREEK,** Marlborough (T)

Salmon River State Forest.

- **Trout:** 9" minimum length-Downstream of Route 66 to the Salmon River.

**EAST ASPETUCK RIVER,** New Milford-New Preston (T BN)

Intermittent sections accessible from Routes 45 and 202 to Wells Road.

**WILD TROUT MANAGEMENT AREA (Class 3)**

From Lake Waramaug to confluence with Housatonic River.

- **Trout:** 9" minimum length.

**EAST RIVER,** Guilford (T)

Intermittent sections from Guilford Lakes downstream to Route 1.

**EAST SWAMP BROOK,** Bethel (T)

Intermittent sections from Meckauer Municipal Park through Plumtrees Road to Route 302 (includes unnamed flow-through pond in Meckauer/Bennet Memorial Park).

**Catch and Release improves fishing for future generations.**

# Rivers & Streams

Statewide regulations for seasons, legal methods, and limits (page 21) apply unless a site-specific regulation is listed for a water body.

## EIGHT MILE BROOK, Middlebury-Oxford (T)

Intermittent sections from Judd Hill, through Larkin Trail State Park and Southford Falls State Park to Route 188, then to Barry Road.

### TROUT PARK

Within Southford Falls State Park:

- **Trout:** Daily creel limit—2.

## EIGHTMILE RIVER, East Haddam-Lyme (T)

Devs Hopyard State Park and intermittent sections below the park to Hamburg Cove.

- **Trout:** 9" Minimum length — From Foxtown Road to the dam at Mt. Archer Road.

### SEA RUN TROUT STREAM

Downstream of dam at Mt. Archer Road:

- **Season:** Open year-round.
- **Trout:** Daily creel limit—2, 15" Minimum length.

## EIGHTMILE RIVER (East Branch), Salem-East Haddam-Lyme (T)

Intermittent sections along Darling Road and Salem Road.

- **Trout:** 9" Minimum length — Downstream of Witch Meadow Road, Salem to the Eightmile River.

## EIGHTMILE RIVER, Southington (BN)

### WILD TROUT MANAGEMENT AREA (Class 1)

Entire river in Southington:

- **Season:** Open year-round.
- **Methods:** Barbless single-hook artificial lures and flies only.
- **Trout:** Catch and Release Only.

## EKONK BROOK, Plainfield (T)

Intermittent sections from Route 14A downstream to the Moosup River.

## EXETER BROOK, Lebanon (BK)

In Bartlett Brook Wildlife Management Area.

## FALLS RIVER, Essex-Westbrook (T)

Intermittent sections along Witchhazel Road downstream to Mares Hill Road.

## FARM RIVER, Branford-East Haven-North Branford (T BN)

Intermittent sections from Northford to I-95.

### WILD TROUT MANAGEMENT AREA (Class 3)

From Mill Road (downstream of Pages Millpond) in North Branford to I-95 bridge (East Haven):

- **Trout:** 9" minimum length.

## SEA RUN TROUT STREAM

Downstream of I-95 bridge:

- **Season:** Open year-round.
- **Trout:** Daily creel limit—2, 15" minimum length.

## FARMILL RIVER, Monroe-Shelton-Stratford (T)

Intermittent sections from Moose Hill Road (Monroe) to Route 110 just above Housatonic River.

## FARMINGTON RIVER (West Branch and Mainstem), Hartland-Barkhamsted-New Hartford-Canton-Burlington-Farmington-Avon-Simsbury-Bloomfield-East Granby-Windsor (T)

Intermittent sections from Goodwin Dam to RT 4 (Farmington Center). Then from Tariffville Memorial Park (Simsbury) through the Tariffville Gorge (Bloomfield).

Then from mouth of tailrace canal below Rainbow Dam to confluence with Connecticut River.

### FARMINGTON RIVER TROUT MANAGEMENT AREA

From Goodwin dam (Hartland) downstream to the old footbridge abutments approximately 1.4 miles downstream of the confluence with the Still River (Barkhamsted).

- **Season:** Open year-round.

#### Trout:

- » Catch and Release Only from September 1 to 6:00 a.m. 3rd Saturday in April.
- » Daily creel limit—2, 12" minimum length from 6:00 a.m. 3rd Saturday in April to August 31.

From the old footbridge abutments (Barkhamsted) downstream to the Route 219 bridge (New Hartford). This area includes all of the former West Branch Farmington River Trout Management Area:

- **Season:** Open year-round.

#### Methods:

Barbless single-hook artificial lures and flies only.

- **Trout:** Catch and Release Only.

From the Route 219 bridge (New Hartford) downstream to the route 177 Bridge (Unionville):

- **Season:** Open year-round.

#### Trout:

- » Catch and Release Only from September 1 to 6:00 a.m. 3rd Saturday in April.
- » Daily creel limit—2, 12" minimum length from 6:00 a.m. 3rd Saturday in April to August 31.

## LOWER FARMINGTON RIVER

Farmington to Windsor; From Route 177 bridge in Unionville Center downstream to Rainbow Reservoir Dam.

- **Trout:** Daily creel limit—5, 9" Minimum length.

### LOWER RIVER/TIDAL WATERS—no closed season

Windsor; From mouth of tailrace canal below Rainbow Dam to confluence with Connecticut River.

- **Trout:** Daily creel limit—2, 15" minimum length.

- **Note:** All fishing prohibited in tailrace canal and from mouth of tailrace upstream to Rainbow Dam.

## FAWN BROOK, Hebron-Marlborough (T)

Intermittent sections from Route 85 to Route 66 (Salmon River State Forest).

- **Trout:** 9" minimum length downstream of Slocum Road.

## FAWN BROOK (West Branch), Marlborough-Hebron (T)

Intermittent sections from Martin Road to Route 66.

- **Trout:** 9" minimum length downstream of Slocum Road.

## FAWN HILL BROOK, Marlborough (T)

Intermittent sections from Route 66 downstream to Dickinson Creek.

## FENTON RIVER, Mansfield-Willington (T BN)

Intermittent sections from Moose Meadow Road to Mansfield Hollow Reservoir.

### WILD TROUT MANAGEMENT AREA (Class 3)

Entire stream in Mansfield and Willington:

- **Trout:** 9" Minimum length.

## FIVEMILE RIVER, Thompson-Putnam-Killingly (T)

Intermittent sections from New Road to the Quinebaug River.

## FLAT BROOK, East Hampton (T BK)

Intermittent sections along Route 16 downstream to the Salmon River.

## FRENCH RIVER, Thompson (T)

Intermittent sections from North Grosvenordale Pond to Blain Road.

## FRESHWATER BROOK, Enfield (T)

Intermittent sections from Route 220 downstream to the Connecticut River.

## FURNACE BROOK, Cornwall Bridge (BN)

From the bridge on Route 4 upstream approximately 1½ miles, as posted.

### HEATHER REAVES WILD TROUT MANAGEMENT AREA (Class 2)

Upstream from Housatonic River as posted.

- **Trout:** Daily creel limit—2, 12" minimum length.

## FURNACE BROOK, Stafford (T)

Intermittent sections from Staffordville Lake along Route 19 and Furnace Brook Road to Glenville Pond.

## GARDNER BROOK, Bozrah (T)

Intermittent sections from Gardner Lake to Fitchville Pond.

## GIFFORD BROOK, Columbia (T)

At Route 87.

## GILLETTE BROOK, Somers (BK)

Intermittent sections from Battle Street downstream to the Scantic River.

## GREAT BROOK, Chester (T)

Intermittent sections along Wig Hill Road.

## GREAT MEADOW BROOK, Voluntown (T)

Access in Pachaug State Forest.

## GREEN FALLS RIVER, North Stonington-Voluntown (T)

Intermittent sections from Green Falls Dam to Rhode Island.

## GULF STREAM, Somers (T BK)

Intermittent sections from Gulf Road Marsh downstream to the Scantic River.

## HALEYS BROOK, Groton (BK)

Intermittent sections along Route 184.

## HALL MEADOW BROOK, Goshen-Torrington (T BK)

Along Route 272 from Winchester Road to the Hall Meadow Brook Reservoir Dam (John Minetto State Park).

## HAMMONASSET RIVER, Clinton-Killingworth-Madison (T)

Intermittent sections from Route 80 to Route 1.

### TROUT MANAGEMENT AREA

From Lake Hammonasset Dam to Chestnut Hill Road:

- **Season:** Open year-round.
- **Trout:**
  - » Catch and Release Only from September 1 to 6:00 a.m. 3rd Saturday in April.
  - » Daily creel limit—2, 9" minimum length from 6:00 a.m. 3rd Saturday in April to August 31.

## SEA RUN TROUT STREAM

- From Chestnut Hill Road to the breached dam located 300 feet upstream of River Road:

- » Season: Open from 6:00 a.m. 3rd Saturday in April-last day February.
- » **Trout:** Daily creel limit—2, 9" Minimum length.

Rivers & streams open season is from 6:00 am on the 3<sup>rd</sup> Saturday in April to the last day of February unless otherwise stated.

- **Downstream of the breached dam located 300 feet upstream of River Road:**
  - » **Season:** Open year-round.
  - » **Trout:** Daily creel limit—2, 15" Minimum length.

#### HAWLEYS BROOK, Easton-Weston (BK)

**WILD TROUT MANAGEMENT AREA (Class 1)**  
Within the Trout Brook Valley Property (publicly owned):

- **Season:** Open year-round.
- **Methods:** Barbless single-hook artificial lures and flies only.
- **Trout:** Catch and Release Only.

#### HOCKANUM RIVER, Vernon-Ellington-Manchester-East Hartford (T)

Intermittent sections from Rockville to the Connecticut River.

#### TROUT MANAGEMENT AREA

From I-84 in Vernon downstream to crossing under I-84 at Laurel Marsh on the Manchester/East Hartford line:

- **Season:** Open year-round.
- **Trout:** Catch and Release Only.

#### HOP BROOK, Middlebury-Waterbury (T)

From Route 64 to Hop Brook Flood Control Impoundment.

#### HOP RIVER (includes Johnsons Pond), Bolton-Coventry (T)

Intermittent sections along Route 6 to the Willimantic River.

#### HOPE VALLEY BROOK, Hebron (T)

Hope Valley Road downstream to the Jeremy River.

#### HORSE BROOK, Plainfield (T)

Intermittent sections from Pickett Road downstream to Packerville Road.

#### HOUSATONIC RIVER (includes all impoundments from Bleachery Dam to the Massachusetts line), Salisbury-Canaan-Sharon-Cornwall-Kent-Sherman-New Milford (T SMB NP CA)

For Housatonic River Flows at Falls Village: 1-888-417-4837.

- **Thermal refuges:** Areas within 100 feet of the mouths of Kent Falls Brook and Macedonia Brook as posted are closed to all fishing from June 15 to August 31.

**Change expected in 2014 (see page 20):**

**Thermal refuges:** Areas within 100 feet of signs indicating such closure posted by DEEP at or near the mouths of tributaries are closed to all fishing from June 15 to September 15.

#### HOUSATONIC RIVER TROUT MANAGEMENT AREA

From bridge crossing at Routes 112 and 7 (Salisbury/Canaan) to bridge at Routes 4 and 7 (Cornwall/Sharon):

- **Season:** Open year-round except in areas within 100 feet of tributaries that are closed to all fishing from June 15 to August 31, as posted.  
**Change expected in 2014 (see page 20):**  
**Season:** Open year-round except in areas within 100 feet of signs indicating such closure posted by DEEP at or near the mouths of tributaries are closed to all fishing from June 15 to September 15.
- **Trout: Catch and Release Only.**
- **Methods:** Fly fishing only in the 3 mile section upstream from Route 4 bridge, as posted.

#### BASS MANAGEMENT AREA (STANLEY TRACT AREA)

From Dawn Hill Road (Sharon) to Skiff Mountain Road in Kent (approximately 6 miles):

- **Area managed for smallmouth, statewide regulations apply.**

#### BULL'S BRIDGE TROUT MANAGEMENT AREA / BASS MANAGEMENT AREA

From Bull's Bridge Impoundment Dam (Kent) to Gaylordsville Bridge (Route 7) in New Milford, includes Ten Mile River from NY border to confluence with Housatonic River:

- **Season:** Open year-round except in areas within 100 feet of tributaries that are closed to all fishing from June 15 to August 31, as posted.
- **Trout: Catch and Release Only.**
- **Large & Smallmouth bass: Catch and Release Only.**

#### LOWER RIVER/TIDAL WATERS—no closed season

Derby, Orange, Shelton, Milford, Stratford Downstream from dam on Lake Housatonic (Derby). Walk-in access at Derby Dam off Route 34 (Derby) and Canal Street (Shelton).

- **Trout:** Daily creel limit—2, 15" minimum length.

#### HOWELLS POND BROOK, Hartland (T)

From Howell's Pond in Tunxis State Forest to Mill Street, approximately 1½ miles above West Branch Reservoir.

#### HUNTS BROOK, Montville-Waterford (T)

Intermittent sections from Miller's Pond to Smith Cove.

#### INDIAN HOLE BROOK, Shelton (T)

From falls in Indian Well State Park downstream to railroad bridge:

- **Season:** Open 3rd Saturday in April–November 30.

#### INDIAN RIVER, Killingworth-Clinton (T)

Intermittent sections from Stevens Road downstream to Upper Millpond.

#### INDIANTOWN BROOK, Ledyard-Preston (T)

Intermittent sections from Route 2 to Poquetanuck Cove. Includes Shewville Brook, Gates and Hallville Ponds, and Poquetanuck Brook.

#### IRON STREAM, Guilford-Madison (T)

At Twin Bridge Road.

#### JEREMY RIVER, Hebron-Colchester (T)

Intermittent Sections from Route 66 to the Blackledge River.

- **Trout:** 9" minimum length — Downstream of Grayville Road to the Salmon River.

#### JOE CLARK BROOK, Ledyard (BK)

Intermittent sections from Church Hill Road downstream to Poquetanuck Cove.

#### JORDAN BROOK, Waterford (BK)

Intermittent sections along entire length.

#### JUDD BROOK, Colchester-Hebron

- **Trout:** 9" minimum length downstream of Old Colchester Road to Jeremy River.

#### KENT FALLS BROOK, Kent (T BK BN)

Below base of falls.

#### TROUT PARK

Within Kent Falls State Park:

- **Trout:** Daily creel limit—2

#### KETTLETOWN BROOK, Southbury (T BK BN)

Through Kettletown State Park to Lake Zoar.

#### KITT BROOK, Canterbury (T)

Intermittent sections from Route 14 to the Quinebaug River.

#### KNOWLTON BROOK, Ashford (T)

Route 44 within Natchaug State Forest.

#### LAKE WARAMAUG BROOK, Warren (T)

At Town Hill Road, then along Route 45 from Curtiss Road downstream to North Shore Road.

## **GOOD FISHING DEPENDS ON CLEAN WATER**

Many of our rivers, lakes, and coastal areas are experiencing algae blooms that cover our favorite fishing spots with green slime and cause fish kills and "dead zones" where no aquatic life can survive. The cause is usually nitrogen and phosphorus pollution that comes from farm and lawn fertilizers, septic systems, animal waste, and sewage treatment plants. Everyone can do their part for clean water by reducing fertilizer use, preserving plants along shorelines, and picking up pet waste. Supporting water quality protection supports great fishing!

United States  
Environmental Protection  
Agency

**HOW'S MY WATERWAY** ([accessible at www.epa.gov/mywaterway](http://www.epa.gov/mywaterway)) helps users quickly find information on the condition of their local waters using a smart phone, tablet, or desktop computer. This tool provides results within seconds using EPA's water quality assessment data. Check out the condition of your local waterbody today!

# Rivers & Streams

Statewide regulations for seasons, legal methods, and limits (page 21) apply unless a site-specific regulation is listed for a water body.

## LATHROP BROOK, Plainfield (T)

Intermittent sections from Dow Road downstream to Mill Brook.

## LATIMER BROOK,

East Lyme-Waterford (T BK BN)

Intermittent sections along Route 161 from Silver Falls to Niantic River.

## SEA RUN TROUT STREAM

Downstream of I-95 bridge:

- **Season:** Open year-round.
- **Trout:** Daily creel limit—2, 15" Minimum length.

## LAUREL BROOK, Middletown (T)

From Anderson Road (Laurel Brook Road) through Wadsworth Falls State Park.

## LEADMINE BROOK, Harwinton-Thomaston (T)

Intermittent sections from Route 4 in Harwinton through Roraback Wildlife Management Area to confluence with Naugatuck River (Thomaston Flood Control Area).

## LITTLE RIVER, Canterbury-Hampton (T)

Intermittent sections from Route 97 to Paper Mill Pond.

## LITTLE RIVER, Putnam (T)

Intermittent sections from Roseland Lake downstream to the Quinebaug River.

## LITTLE RIVER, Oxford-Seymour (T BK BN)

Intermittent sections along Route 67 from 1 mile above Hogback Road to Hoadley's Pond (Seymour).

## WILD TROUT MANAGEMENT AREA (Class 3)

From Towner Lane downstream to Park Road:

- **Trout:** 9" minimum length.

## LONG BRANCH BROOK, Thompson (T)

Intermittent sections from Owen Adams Road to French River.

## LONG MEADOW POND BROOK,

Middlebury-Naugatuck (T)

Intermittent sections from Long Meadow Pond through Guntown Road, along Rubber Avenue to ½ mile above the Naugatuck River.

## LONG SWAMP BROOK, Middlebury (T)

Within Bristol Park, along Route 64 through Steinmann Park to Route 188.

## LOWDEN BROOK, Voluntown (BK)

In Pachaug State Forest.

## Macedonia Brook, Kent (T BK BN)

## WILD TROUT MANAGEMENT AREA (Class 3)

Within Macedonia Brook State Park:

- **Trout:** 9" minimum length.

ENERGY & ENVIRONMENTAL PROTECTION

# MARINE REGULATIONS

## NEWCOMERS TO LONG ISLAND SOUND

**SPOT** – is one of the most common bottom fishes in coastal and estuarine waters of the Atlantic, and has both commercial and recreational importance.

- A small deep-bodied, compressed fish with an elevated (high) back. Body color is typically bluish-gray dorsally, fading to golden yellow or yellow-tan ventrally.

Spot grow to approximately 12 inches total length and weigh approximately  $\frac{1}{2}$  to 1½ pounds. In the first year it may reach 5 inches; in the second year, 8 inches; and in the third year 11 inches. The lifespan may be as long as 5 years.

The Atlantic croaker a similar species... is differentiated from the spot by having barbells on the lower jaw and a serrate preopercule (jagged, saw-toothed).

**ATLANTIC CROAKER** – is a silvery-pink fish that makes a loud “croaking” sound. Another very common bottom fish in coastal waters of the Atlantic which has both commercial and recreational importance.

- Atlantic croaker has an inferior mouth (bottom feeder) with 3 to 5 pairs of small barbels on the chin.
- They have a silver-gray or bronze body with dark oblique wavy bars or lines and are iridescent, especially on their head.

- The preopercle (gill cover) is strongly serrated (teeth-like projections).

Croakers grow to approximately 20 inches in length and weigh  $\frac{1}{2}$  to 2 pounds on average... a trophy-sized one is 4 pounds. In the first year they may reach 6 inches; in the second year, 9 inches; and in the third year 12 inches. The lifespan may be as long as 7 years. Atlantic croaker "croak" by vibrating their swim bladders with special muscles as part of their spawning ritual.

**NORTHERN KINGFISH** – is popular with many saltwater anglers, and it's no wonder. These fish are known to put up a good fight, and their tasty, white meat is well worth the effort. Northern kingfish are part of the drum family, *Sciaenidae*, which also includes weakfish, spot, Atlantic croaker, red drum and black drum. Since they lack an air bladder, Northern kingfish do not make typical "drumming" sounds like other members of the drum family, but they can vocalize somewhat by grinding their pharyngeal (throat) teeth.

- Notable characteristics are the long spine on the first dorsal fin and a barbel on the chin. Dark, irregular bars are present along the body of the fish.
- The first two bars form two distinct V-shapes. The bold markings and a dark longitudinal stripe behind the pectoral fins distinguish it.

Northern kingfish can grow 18 inches long and can weigh up to three pounds, but greater lengths and weights have been reported. Commonly, these fish range from 10 to 14 inches long and weigh from one-half to 1.5 pounds. The average life expectancy of the Northern kingfish is two – three years, although they are known to live as long as four years.

# Marine/Inland Demarcation

## DEMARCATION BETWEEN MARINE AND INLAND DISTRICT

A marine sport fishing license is required downstream of locations listed below or in areas designated as being entirely in the Marine District.  
Unless indicated below, the demarcation line is the first bridge upstream from the river mouth or cove.

- **Alewife Cove:** New London-Waterford. Entirely in Marine District.
- **Beebe Cove:** Groton. Entirely in Marine District.
- **Blackhall River:** Old Lyme. Rte. 156.
- **Branford River:** Branford. Montowese Street.
- **Bride Brook:** East Lyme. First railroad crossing.
- **Byram River:** Greenwich. First railroad crossing.
- **Clinton River:** (Indian River) Clinton. Rte. 1.
- **Connecticut River:** I-95 bridge. Old Lyme-Old Saybrook.
- **Duck River:** Old Lyme. Entirely in Marine District.
- **East Creek:** Guilford. The tide gates at Guilford dock.
- **Housatonic River:** Milford-Stratford. Merritt Parkway.
- **Indian Harbor:** Greenwich. First railroad crossing.
- **Indian River:** Milford. Rte. 122.
- **Jordan Cove:** Waterford. First railroad crossing.
- **Lieutenant River:** Old Lyme. Rte. 156.
- **Menunketesuck River:** Westbrook. Rte. 1.
- **Mianus River:** Greenwich. Dam north of Boston Post Road.
- **Mill River:** Fairfield. Dam at Harbor Road.
- **Mill River:** New Haven. Tide gates at State Street.
- **Mumford Cove:** Groton. Entirely in Marine District.
- **Mystic River:** Stonington-Groton. 500 ft. north of Rte. 1.
- **Niantic River:** East Lyme-Waterford. Golden Spur Bridge, Rte. 1.
- **Norwalk River:** Norwalk. Wall Street.
- **Oyster River:** Milford. Rte. 122.
- **Palmer's Cove:** Groton. Entirely in Marine District.
- **Patchogue River:** Westbrook. Rte. 1.
- **Pawcatuck River:** Stonington. 500 ft. north of Rte. 1.
- **Pequonnock River:** Bridgeport. North Avenue (Rte. 1).
- **Poquonock River:** Groton. 500 ft. north of Rte. 1.
- **Pequot-Sepos Cove:** Stonington. 500 ft. north of Rte. 1.
- **Quiambaug Cove:** Stonington. 500 ft. north of Rte. 1.
- **Quinnipiac River:** New Haven. Rte. 17.
- **Sasco Brook:** Westport. Buckley's Mill Dam, above Rte. 1.
- **Saugatuck River:** Westport. Kings Highway.
- **Shaws Cove:** New London. Entirely in Marine District.
- **Stonington Harbor, Lambert Cove and Quanaduck Cove:** Stonington. 500 ft. north of Rte. 1.
- **Thames River:** Groton-New London. 500 ft. North of Rte. 1, I-95 bridge.
- **Tokeneke Brook:** Darien. Old Farm Road.
- **Wequetequock River:** Stonington. 500 ft. north of Rte. 1.
- **West River:** Guilford. Rte. 146.
- **West River:** West Haven. Tide gates at Orange Ave. (Rte. 1).

For a complete listing, consult section 26-108-1 of the Regulations of Connecticut State Agencies, and section 26-109 of the Connecticut General Statutes. These can be found at [www.ct.gov/deep/laws-reg](http://www.ct.gov/deep/laws-reg).

For more information, go to  
[www.ct.gov/deep/saltwaterfishing](http://www.ct.gov/deep/saltwaterfishing)

## HOW TO CATCH FISH

Contact your local bait and tackle shop for updated fishing information. See page 14 for a list of bait and tackle shops or go to [www.ct.gov/deep/baitandtackle](http://www.ct.gov/deep/baitandtackle).

### STRIPED BASS

#### Habitat

- Large rivers in Spring and Fall
- Estuaries and bays in Summer

#### Fishing Method

- Drifting with live bait
- Jigging and trolling
- Bottom fishing with bait
- Casting to fish

#### Baits & Lures

- Live bait, menhaden, eels, shad and sand worms
- All types of swimming lures, plastic and rubber baits

### BLACK SEA BASS

#### Habitat

- Estuaries and Sound
- Rock piles/reefs
- Oyster and mussel beds
- Pilings and jetties

#### Fishing Method

- Anchored over structure, reefs
- Bottom fishing
- Fishing with bait

#### Baits & Lures

- Sand worms, conch, shrimp, mummichogs, silversides, mussels/clams and baited jigs or jigs with plastic/rubber bodies or trailer

### FLUKE

#### Habitat

- Estuaries and bays
- Lower sections of rivers
- Hard bottom and channels preferred

#### Fishing Method

- Drifting with bait
- Jigging up and down
- Casting and slowly moving jig with bait

#### Baits & Lures

- Live/dead bait (bunker, mummichogs, shiners & silversides), cut squid strips, baited jigs and plastic baits

### SCUP

#### Habitat

- Estuaries and bays
- Rock piles/reefs
- Oyster and mussel beds
- Pilings and jetties

#### Fishing Method

- Anchored over
- Structure/reefs
- Bottom fishing
- Live or dead bait

#### Baits & Lures

- Squid or conch strips, sand worms, shrimp, and mussels/clams

# Shoreline Fishing in Coastal State Parks

During regular hours, a vehicle parking fee is required to enter most of the state parks. Parking fees are collected from 8 a.m.–6:30 p.m. on weekends and holidays, and 8 a.m.–6:30 p.m. during the week except at state parks marked with an asterisk. Late day fees (4 p.m.–6:30 p.m. any day) for Harkness, Hammonasset, Rocky Neck and Sherwood Island are \$6 for residents and \$7 for non-residents. For more information please see the coastal state parks website: [www.ct.gov/deep/stateparks](http://www.ct.gov/deep/stateparks).

\* Parking Fees subject to change.

## ROCKY NECK STATE PARK, NANTIC

Fishing is allowed on the jetty year round. The entire beach and jetty is open to fishing during the off-season. Jetty located on right side of beach. **Please note:** When no night rangers are on staff and on major holiday weekends, no vehicles are permitted in park for night fishing.

- **Fish to be caught:** Tautog, winter flounder, bluefish, striped bass, scup (porgy) and black sea bass can be caught off the jetty. Crabbing is allowed at designated areas.
- **Directions:** I-95, Exit 72 to Route 156. Telephone: 860-739-5471.
- **Parking Fees\***
  - **Weekdays:** resident—\$9.00, non-resident—\$15.00
  - **Weekend/Holiday:** resident—\$13.00, non-resident—\$22.00

## SHERWOOD ISLAND STATE PARK, WESTPORT

Fishing is allowed at Sherwood Point, East and West Jetty during the open season (April 15–Sept. 30). The entire beach is open to fishing during the off-season from 8 a.m. to sunset only.

- **Fish to be caught:** Tautog, bluefish, scup, summer flounder, winter flounder and striped bass can be caught off Sherwood Point.
- **Directions:** I-95, Exit 18. Telephone: 203-226-6983.
- **Parking Fees\***
  - **Weekdays:** resident—\$9.00, non-resident—\$15.00
  - **Weekend/Holiday:** resident—\$13.00, non-resident—\$22.00

## SILVER SANDS STATE PARK

### AFTER HOURS FISHING PARKING/CHARLES ISLAND, MILFORD

Fishing is open throughout the area including the sand spit which extends about a mile from the mainland to Charles Island. **Caution is advised when fishing or walking the Tombolo (Sand Bar).** Swift tidal currents during a flood tide can make passage dangerous and persons unfamiliar with the area may be stranded on Charles Island until low tide.

- **Fish to be caught:** Bluefish, striped bass, summer flounder, hickory shad and weakfish.
- **Directions:** I-95, Exit 35. Follow Schoolhouse Road south to Route 1 (Bridgeport Avenue). Turn left onto Route 1 then right at first light (Silver Sands Park Way). Follow Park Way and turn left at next light (Meadowside Road). Follow Meadowside 0.7 mile and turn right at Robert Treat Parkway which then becomes Surf Avenue. Follow Surf Avenue to end at East Broadway and turn right. The After Hours Fishing Parking Lot is at the end of East Broadway.
- **Hiking the Tombolo (Sand Bar)** while it is covered in water is prohibited.
- **Parking Fees:** None.

## SHORELINE FISHING & PROPERTY RIGHTS

### A Message from the Department of Energy & Environmental Protection's Office of Long Island Sound Programs

Connecticut's intertidal shore belongs to the people. Under the common law public trust doctrine, the public may freely use land and waters waterward of the mean high water line to fish. The public trust area includes beaches, rocky shores and open waters along tidal and navigable waters. Fishing in the public trust area is not trespassing; the DEEP encourages anglers to enjoy their rights to use the public trust lands for fishing. However, anglers should also respect the rights of adjacent landowners by not crossing private property without permission and by leaving the shoreline clean and litter free.

**Call the Office of Long Island Sound Programs for more information at 860-424-3034.**

## FORT TRUMBULL STATE PARK, NEW LONDON

Fishing access (handicapped accessible), 24 hour pedestrian access from Riverfront Walk to Fishing Pier on the Thames River.

- **Fish to be caught:** Bluefish, striped bass, summer flounder, hickory shad, scup, tautog, winter flounder, weakfish and black sea bass.
- **Directions:** I-95N, Exit 83 (Huntington Street). I-95S, Exit 84.
- **Parking Fees:** None. Telephone: 860-444-7591.

## FERRY LANDING STATE PARK, OLD LYME

Fishing access (handicapped accessible) consists of a fenced bulkhead area and a fishing/crabbing boardwalk. Parking is available inside the park after hours for fishing/crabbing only.

- **Fish to be caught:** Bluefish, striped bass, summer flounder, catfish, tomcod, winter flounder, hickory shad, and white perch.
- **Directions:** I-95, Exit 70 to Route 156. After ¼ mile make a right onto Ferry Road. Follow to end. Telephone: 860-434-6043.
- **Parking Fees:** None.

## HAMMONASSET BEACH STATE PARK, MADISON

Fishing is allowed only at the Meigs Point Jetty (south end) and at West Beach Jetty during the peak season from 8 a.m. to sunset. Night fishing is permitted along the entire beach (2 miles). **The entire beach (2 miles) is not open to night fishing during the off-season (October–May).**

- **Fish to be caught:** Tautog, winter flounder, bluefish, summer flounder, scup, weakfish, striped bass and black sea bass.
- **Directions:** I-95, Exit 62. Telephone: 203-245-2785.
- **Parking Fees\***
  - **Weekdays:** resident—\$9.00, non-resident—\$15.00
  - **Weekend/Holiday:** resident—\$13.00, non-resident—\$22.00

## HARKNESS MEMORIAL STATE PARK, WATERFORD

Fishing is allowed along the beach. No swimming allowed.

- **Fish to be caught:** Tautog, bluefish, striped bass and scup (porgy) can be caught off the rocky point and summer flounder off the beach.
- **Directions:** I-95, Exit 75. Take Route 1 North to Avery Lane on right. Follow Avery Lane to Route 213. Follow Route 213 to the park. Telephone: 860-443-5725.
- **Parking Fees\***
  - **Weekdays:** resident—\$6.00, non-resident—\$10.00
  - **Weekend/Holiday:** resident—\$9.00, non-resident—\$15.00
  - **After 4pm any day:** resident—\$6.00, non-resident—\$7.00

# Enhanced Fishing Opportunities

## ENHANCED OPPORTUNITY SHORE FISHING PROGRAM

This Marine Fisheries program is part of a broader Department effort to improve the quality of access and fishing to our Public Trust marine fisheries resources in CT, especially in urban areas. This unique program relies on reduced size limit regulations to allow anglers young and old alike the opportunity to experience the joy and relaxation of outdoor recreation and the satisfaction of catching their own dinner. At the same time, the design of this program assures that marine fish conservation objectives continue to be met.

**Appendix A. Public Shore Fishing Access Sites** where Summer Flounder/Fluke (16 inch min. length) and Scup (9 inch min. length) may be taken at a smaller length limit. Please see page 54 for a complete list of marine recreational fishing regulations including creel limit and open seasons.

## BONUS STRIPER FISHING PROGRAM

**NEW for 2014,** between May 1 – December 31st, inclusive striped bass at least 22 inches but less than 28 inches total length may be possessed provided the angler:

1. has in their possession a 2014 Bonus Striped Bass Voucher issued by the CT DEEP for each such fish possessed. Vouchers can be obtained at CT DEEP offices, Coastal State Parks and other designated locations. See [www.ct.gov/deep/saltwaterfishing](http://www.ct.gov/deep/saltwaterfishing) for updated information.
2. immediately upon retention of such fish, permanently record on the voucher in ink, the date of capture and length of fish harvested;
3. retains the voucher with the fish until such fish is taken to the home or other location where the fish is to be consumed;
4. ONE bonus fish may be harvested per day regardless of the number of vouchers the angler may possess.
5. Bonus Striped Bass voucher must be signed and Conservation ID recorded on card.
6. Voucher must be returned within 48 hours of harvesting a bonus striped bass.

### What are the regulations concerning this bonus striped bass fishery?

A minimum size slot limit (22 inches and less than 28 inches) and a creel limit of one (1) striped bass per voucher. The voucher is good for one (1) bonus striped bass. Open (valid) from May 1 – December 31, 2014. Voucher card must be filled out immediately upon harvest of a qualifying striped bass. Valid in Connecticut state waters only. The normal limit of two (2) striped bass 28 inches or greater may also be harvested.

## FOR 2014... Striped Bass Bonus Program Now Offered Statewide from May 1 to December 31, 2014!

Vouchers will be available beginning this spring at DEEP offices and coastal state parks.

2014 Connecticut Bonus Striped Bass Voucher		00001				
 <p>To be completed upon harvest of a qualifying fish!</p>						
Date:	<input type="text"/> / <input type="text"/>	2014				
	(mm)	(in)				
Total length:	22"	23"	24"	25"	26"	27"
<small>Please circle one length. Drop fractional lengths; for example, mark 25 1/4" as 25."</small>						
<small>I understand this voucher authorizes the possession of one bonus striped bass harvested today. I also understand this voucher is not valid until I have recorded today's date and the total length of the bonus striped bass I have harvested and until I have signed this voucher in ink and recorded my Conservation ID #. I further understand that any striped bass less than 28 inches total length in my possession without a completed and signed voucher is a violation subject to fine and suspension of my sportfishing and hunting privileges. I will return this voucher to DEEP Marine Fisheries within 48 hours of harvesting a bonus striped bass.</small>						
Signature	<input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/>					
Conservation ID # <small>Questions? Web: <a href="http://www.ct.gov/deep/saltwaterfishing">www.ct.gov/deep/saltwaterfishing</a> Phone: 860-434-6043 E-mail: <a href="mailto:deep.marine.fisheries@ct.gov">deep.marine.fisheries@ct.gov</a></small>						
<small>A bonus striped bass is a striped bass at least 22 inches but less than 28 inches total length harvested from Connecticut waters between May 1 and December 31 and accompanied by a valid voucher.</small>

# Marine Angler Surveys

## CONNECTICUT MARINE ANGLER SURVEY

The Department of Energy and Environmental Protection (DEEP), Marine Fisheries Division is conducting a survey of marine recreational anglers in order to collect fishing trip information and length measurements on kept and released fish. Anglers will be recruited by DEEP marine fisheries staff to volunteer their fishing trip information and take length measurements on fish caught for that particular fishing day. Post marked daily catch cards will be distributed to anglers fishing from both shore, including Enhanced Opportunity Shore Angler Program Designated Fishing Sites (EOS) and boat launch sites along the Connecticut coastline. EOS locations are areas that have less restrictive fishing regulations for summer flounder and scup enabling anglers a better chance of bringing a fish home for dinner. This fishing information will provide us with important individual angler trip and species catch data needed to effectively monitor and assess the marine recreational fishery and ultimately provide the most fishing opportunity possible. Participating anglers will be provided a waterproof daily catch card,

pencil, and measuring tape for recording this important fisheries data. Anglers will be encouraged to drop off post marked catch cards in the mail, at designated drop-off boxes (see [www.ct.gov/dep/saltwaterfishing](http://www.ct.gov/dep/saltwaterfishing)) and CTDEEP Marine Fisheries Survey staff upon trip completion.

## MARINE DEFINITIONS

**CLOSED SEASON (SALTWATER)** The period of time during which no person shall take, possess or land a particular species taken by sportfishing methods, regardless of where taken. Any species taken to the contrary must be returned immediately, without avoidable injury, to the waters from which it was taken.

- Anglers cannot be in possession of fish legally taken in another state when on the waters or shores of Connecticut during a closed season for that species in Connecticut.

**DAILY CREEL LIMIT** The number of fish of a species or species group that can be retained by an individual angler during the period from 12:01 a.m. to midnight. Any species taken to the contrary must be returned immediately, without avoidable injury, to the waters from which it was taken.

**"CULLING" OR "HIGH-GRADING"** means discarding or returning a previously retained fish to the water in order to retain a more desirable fish. Any fish placed on a stringer, in a container, cooler, live well or similar device, or otherwise not immediately released to the water shall count against the daily creel limit. "Culling" or "High-Grading" is prohibited in the Marine District!

## MARINE VOLUNTEER ANGLER SURVEY PROGRAM

The Marine Fisheries Division is seeking marine recreational anglers who will volunteer to participate in the **Connecticut Volunteer Angler Survey (VAS)** Program. The VAS Program is designed to collect fishing trip and catch information from marine recreational (hook and line) anglers who volunteer to record their angling activities via a logbook.

VAS anglers contribute valuable fisheries-specific information concerning striped bass, fluke, bluefish, scup, tautog and other important finfish species used in monitoring and assessing fish populations inhabiting marine waters.

\* For 2014, participants will have the choice of either filling out the traditional paper logbooks and mailing them back in **or** by entering their data electronically by a computer web based application. In either case, paper logbooks will still be sent out to each angler.

Both the VAS paper logbook and the computer electronic version are easy to enter. Each participating angler is assigned a personal code number for confidentiality. The paper logbook instructions are located on the inside cover and the electronic version will have a specified menu with assisted help information. Upon completion of the paper logbook, tape the pre-postage paid logbook shut and drop it off in the mail. All paper logbooks are returned to each angler for their own personal records upon data entry. Anglers that participate are also provided with updated program results and public hearing notices concerning recreational fishery management regulations.

**Participating is very important for Marine Fisheries Management.** Please contact:

## FLY FISHING CONNECTICUT WWW.FLYFISHINGCT.COM

A photograph of a man wearing a white long-sleeved shirt, tan waders, and a cap with a fish logo, kneeling in a river and holding a large, speckled trout by its tail. The background shows trees and foliage. Text overlay on the right side reads: "Guiding &amp; Lessons in Western CT &amp; Beyond". Below the photo, text reads: "Providing both freshwater and saltwater guiding and lessons designed around you. Full-services provided, gear and tackle included, availability for group lessons and private trips.".

# Marine Recreational Fishing Regulations

Scan the code for more information:

## SPECIES, MINIMUM SIZES, DAILY LIMITS, & FISHING SEASONS

**Effective 2014:** Species regulations are subject to change. For legal purposes, the Regulations of Connecticut State Agencies must be consulted. Visit [www.ct.gov/deep/laws-reg](http://www.ct.gov/deep/laws-reg)s or contact Marine Fisheries (860-434-6043) for current regulations.

**Enhanced Opportunity Shore Fishing Program:** This Marine Fisheries program is part of a broader Department effort to improve the quality of access and fishing to our Public Trust marine fisheries resources in CT, especially in urban areas. This unique program relies on reduced size limit regulations to allow angler's young and old alike the opportunity to experience the joy and relaxation of outdoor recreation and the satisfaction of catching their own dinner. At the same time, the design of this program assures that marine fish conservation objectives continue to be met.

Red type signifies new regulations for 2014.

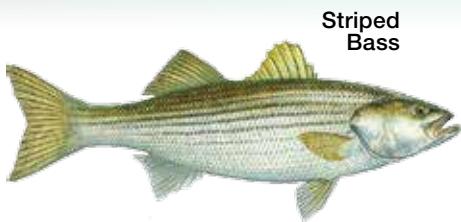

Minimum length is measured from the tip of the snout (head) to the end of the tail.

Spearfishing is an allowed recreational activity, subject to all sport fishing regulations.

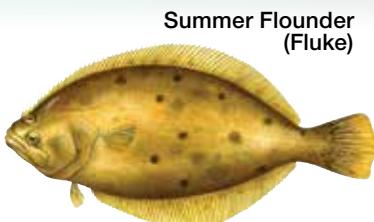

SPECIES	NOTES	MINIMUM LENGTH	DAILY CREEF LIMIT (fish per angler)	OPEN SEASON
Alewife/Blueback Herring	The taking of Alewife and Blueback Herring is prohibited.

- Green, Fiddler, Asian Shore and Hermit Crabs

## SHARK SPECIES YOU MAY ENCOUNTER IN COASTAL WATERS OF CONNECTICUT

Protected and prohibited species must be released unharmed. For more information, go to [www.nmfs.noaa.gov/sfa/hms/sharks/2008/Rec\\_shark\\_ID\\_placard.pdf](http://www.nmfs.noaa.gov/sfa/hms/sharks/2008/Rec_shark_ID_placard.pdf)

**IF YOU DON'T KNOW,  
LET IT GO!**

## GILLNETTING MENHADEN

**Personal Use Gillnet License Required (\$100.00)**

### Legal Menhaden Capture Methods

Use of a single gillnet, not more than 60 feet in length.

### Prohibited

The taking of any species other than menhaden.

### Required

- Annual Report of Catch
- See Personal Use Gillnet License Guidelines for a complete list of requirements.

### Info

- Call 860-434-6043, ask for the Personal Use Menhaden Gillnet License Guidelines.
- Or go to [www.ct.gov/deep/fishing](http://www.ct.gov/deep/fishing) and search for Open Access Fishing License.

## BLUE CRAB

**For personal use/not for sale:** No license required.

### Legal Blue Crab Capture Methods:

- Scoop Net, Hand Line, Dip Net, Trot Line
- Star Crab Trap (or similar device)
- Circular Topless Trap (not exceeding 26" in diameter)
- Semi-Circular Cylindrical Trap (12" or less in diameter)

### Open Season

May 1–November 30.

### Minimum Shell Width: (Spike Tip to Spike Tip)

- 5" hard shell crabs
- 3½" soft shell crabs

### Prohibited

- Possession of uncooked blue crab meat without the body shell attached.
- Possession of more than 2 claws per body.
- Possession of egg bearing females.
- Chesapeake-style crabs traps.

### Required

All devices must be attended at all times.

## SQUID

**For personal use/not for sale:** No license required if taken using a squid jig.

Resources For Fishermen:

[www.nmfs.noaa.gov/sfa/management/recreational/resources\\_for\\_fishermen.html](http://www.nmfs.noaa.gov/sfa/management/recreational/resources_for_fishermen.html)

For additional information, refer to the Marine Fisheries Information Circular by visiting the [www.ct.gov/deep/fishing](http://www.ct.gov/deep/fishing) or call the Marine Fisheries Division at: 860-434-6043.

Reduce Catch and Release mortality  
— please use circle hooks.

# Coastal Boat Launches

**For other boat launches**, see the 2014 CT Boaters Guide ([www.ct.gov/deep/boating](http://www.ct.gov/deep/boating)) and the CT Coastal Access Guide ([www.lisrc.uconn.edu/coastalaccess/index.asp](http://www.lisrc.uconn.edu/coastalaccess/index.asp)). Call 860-424-3034 or e-mail [coastal.access@ct.gov](mailto:coastal.access@ct.gov) for questions or additional information.

Scan the code

CT Boaters Guide:

## BARN ISLAND, STONINGTON

- Parking:** 60 cars with trailers.
- Toilets:** Chemical, seasonal.
- Conditions:** Large ramp with floating dock.
- Use:** Heavy use on weekends.
- Access:** I-95, Exit 91. South to N. Main Street to Rte. 1. Greenhaven Road to Palmer Neck Road, follow to end.

## BAYBERRY LANE, GROTON

- Parking:** 30 cars with trailers.
- Toilets:** Chemical, seasonal.
- Conditions:** Steep ramp, shallow at low tide.
- Use:** Heavy use on weekends.
- Access:** I-95, Exit 87. Rte. 349 becomes Shennecossett Road, left onto Bayberry Lane.

## BRANFORD RIVER, BRANFORD

- Parking:** 50 cars with trailers.
- Toilets:** Chemical, seasonal.
- Conditions:** Steep ramp, shallow at low tide.
- Use:** Low use.
- Access:** I-95, Exit 53. Rte. 142 left onto Stannard Avenue to Goodsell Point Road.

## CONNECTICUT RIVER, OLD SAYBROOK

- Parking:** 75 cars with trailers.
- Toilets:** Chemical, year round.
- Conditions:** Large ramp with floating dock.
- Use:** Heavy use on weekends.
- Access:** Exit 1 off Rte. 9 North. End of ramp turn right. Located under Baldwin Bridge, (I-95) off Ferry Road.

## DOCK ROAD, WATERFORD

- Parking:** 45 cars with trailers.
- Toilets:** Chemical, seasonal.
- Conditions:** Ramp is steep and narrow; Launching may be difficult during strong southwesterly winds.
- Use:** Moderate use on weekends.
- Access:** I-95, Exit 74. Rte. 213, south on Goshen Road, launch straight ahead.

## THAMES RIVER

### (KENNETH E. STREETER BOAT LAUNCH), GROTON

- Parking:** 25 cars with trailers.
- Toilets:** Chemical, seasonal.
- Conditions:** Launching may be difficult during strong northwesterly winds.
- Use:** Moderate use on weekends.
- Access:** I-95 North, Exit 85, bear right onto Bridge Street, next right onto Fairview Avenue, launch on left.

## THAMES RIVER, NEW LONDON

- Parking:** 50 cars with trailers.
- Toilets:** Chemical, seasonal.
- Conditions:** Good launching conditions.
- Use:** Moderate use on weekends.
- Access:** I-95 North, Exit 84, left onto Williams Street. Turn east onto State Pier Road, launch at end, under I-95, Goldstar Bridge.

## EAST RIVER, GUILFORD/MADISON

- Parking:** 25 cars with trailers.
- Toilets:** Chemical, seasonal.
- Conditions:** Concrete planks.
- Use:** Moderate use on weekends.
- Access:** I-95, Exit 59. Located on east side of East River. Take Rte. 1 onto Neck Road and follow to end.

## FOUR MILE RIVER, SOUTH LYME

- Parking:** 55 cars with trailers.
- Toilets:** Chemical, seasonal.
- Conditions:** Shallow launching area; low railroad bridge clearance.
- Use:** Low use.
- Access:** I-95, Exit 71. Rte. 156, east on Oakridge Drive, first right to launch area.

## GREAT ISLAND, OLD LYME

- Parking:** 35 cars with trailers.
- Toilets:** Chemical, seasonal.
- Conditions:** Shallow at low tide.
- Use:** Heavy use on weekends.
- Access:** I-95, Exit 70. Rte. 156 east, south to end of Smith Neck Road and Great Island Wildlife Area.

## HOUSATONIC RIVER, MILFORD/DEVON

>> Closed due to bridge construction. <<

## LIGHTHOUSE POINT CITY PARK, NEW HAVEN—\$\$

- Parking:** 60 cars with trailers.
- Toilets:** Flush facilities in park.
- Conditions:** Launching may be difficult during strong northwesterly winds.
- Use:** Heavy use on weekends.
- Access:** I-95, Exit 51 going south. Go south on Townsend Avenue, right onto Lighthouse Road to park. Operated by the City of New Haven.

## PARKING PASS FEES — SUMMER SEASON

New Haven Registered Vehicles	No charge
Non-Resident Vehicles	\$20/day, \$100/season
Out-of-State	\$30/day, no seasonal

## BOAT LAUNCH PASS FEES

Resident Vessel	\$30 Season Pass
Non-Resident Vessel	\$130 Season Pass

## NIANTIC RIVER, WATERFORD

- Parking:** 100 cars with trailers.
- Toilets:** Chemical, year round.
- Conditions:** Large ramp with floating dock.
- Use:** Heavy use on weekends.
- Access:** I-95, Exit 74.  $\frac{1}{4}$  mile northeast of Rte. 156 bridge across Niantic River.

## SAUGATUCK RIVER, WESTPORT

- Parking:** 25 cars with trailers.
- Toilets:** Chemical, seasonal.
- Conditions:** Shallow launching conditions at low tide.
- Use:** Heavy use on weekends.
- Access:** I-95, Exit 17 east side of river. Rte. 136 to Compo Road, first right to launch.

## CONNECTICUT STATE WATERS BOUNDARY

### Fishing Across State Boundary Lines

Anglers are reminded that several states have areas of jurisdiction in Long Island Sound and fishing regulations can vary between these states. When on the waters or shores of each state, anglers must comply with all regulations of that state, regardless of the port they intend to return to. To be legal when crossing state boundary lines, anglers must abide by the most restrictive of the states' regulations for each species. Latitude/Longitude coordinates depicting the Connecticut boundary line in Long Island Sound and Fishers Island Sound are available in the Marine Fisheries Information Circular which can be found on the DEEP web site: [www.ct.gov/deep/fishing](http://www.ct.gov/deep/fishing). The Information Circular can also be obtained by calling 860-434-6043 or email: [deep.marine.fisheries@ct.gov](mailto:deep.marine.fisheries@ct.gov).

Long Island Sound map is for general reference only.  
For detailed information, please refer to Navigational Charts.

# State Record Marine Fish

Red type signifies a new record for 2013.

Category	Common Name	Weight		Length	Location Caught	Angler	Year Caught
		Ibs.	Oz.
