INLAND REGULATIONS

EASY TWO-STEP PROCESS:

1. Check the **REGULATION TABLE** (page 8) for general statewide regulations.
2. Look up the waterbody in the **LAKE AND PONDS** (pages 20-33) or **RIVERS AND STREAMS** (pages 36-44) listings to find any special regulations.

LEARN TO FISH, page 4

The Connecticut Aquatic Resources Education (CARE) Program will introduce you and your family to the fun of fishing. Expert instruction, hands-on activities and a fishing trip will lead to wonderful time spent outside with your family or friends.

AQUATIC NUISANCE SPECIES, page 18

An increasing number of damaging aquatic species are invading the waters of Connecticut. Zebra mussels and Eurasian water-milfoil are most familiar to anglers but other exotic species may cause problems as well.

On the cover:

Sharing your passion for fishing with young people is a great way to help mold the conservation leaders for the future!

*Share the experience,

ANGLER'S GUIDE

INLAND & MARINE FISHING

The Connecticut Angler's Guide is published annually by the

State of Connecticut

Dannel P. Malloy, Governor

Department of Energy & Environmental Protection

Daniel C. Esty, Commissioner
Susan Frechette, Deputy Commissioner

Bureau of Natural Resources

William A. Hyatt, Chief

Inland Fisheries Division

Peter J. Arrestad, Director

Marine Fisheries Division

David G. Simpson, Director

Department of Energy & Environmental Protection

79 Elm Street
Hartford, CT 06106-5127
www.ct.gov/dep

The Department of Energy and Environmental Protection is an affirmative action/equal opportunity employer and service provider. In conformance with the Americans with Disabilities Act, DEEP makes every effort to provide equally effective services for persons with disabilities. Individuals with disabilities who need this information in an alternative format, to allow them to benefit and/or participate in the agency's programs and services, should call 860-424-3035 or e-mail the ADA Coordinator, at DEP.aaofice@CT.Gov. Persons who are hearing impaired should call the State of Connecticut relay number 711.

This Guide is intended to provide a summary of the more important rules and regulations governing sport fishing in Connecticut and to assist in the enjoyment of the angling experience. For legal purposes, the Regulations of Connecticut State Agencies and the Connecticut General Statutes must be consulted.

NOTICE: Some advertisements in this publication may state that "No sales tax" is due. This is because the retailer is located in a state that does not impose sales or use tax, and the retailer is not registered to collect Connecticut sales and use taxes. While you may not have to pay sales tax in the state where you bought the goods or services, you must pay Connecticut use tax on taxable goods or services purchased for use in Connecticut. For more information, see the Department of Revenue Services' Informational Publication 2005(17), Q&A on the Connecticut Individual Use Tax: www.ct.gov/drs/lib/drs/publications/pubsip/2009/ip09-33.pdf

About this Guide

This is a temporary "2012" Connecticut Angler's Guide prepared using electronic files of the previous year's guide (2011) provided by the publisher (J.F. Griffin Publishing, LLC) and is intended solely to provide anglers with information for the first three months of the year. This temporary version continues to contain the 2011 edition advertising and some non-essential 2011 content. **This temporary on-line version will be replaced with electronic versions of the printed 2012 guide as soon as the full print version 2012 CT Angler's Guide is completed and distributed in late March.**

Until recently the CT Angler's Guides had been published and distributed in late December. However due to the decision making process of the Atlantic States Marine Fisheries Commission, marine regulations are not finalized until mid-winter, and saltwater anglers were often being provided regulations that were out-of-date for much of the year. This later (March) distribution allows the angler's guide to contain up-to-date marine fishing regulations for most of the year.

WIN A FISHING TRIP TO WHISTLER BRITISH COLUMBIA

P: Bonny Wakarewicz

Sure the glacier-fed rivers and lakes that surround Whistler, Canada offer year round angling opportunities for wild steelhead, trout, char and salmon you only dream of. But with all the four-season fun of Whistler Blackcomb right outside your doorstep, from world-class skiing in the winter to golfing, hiking and biking in the summer, a "fishing trip" here has all the makings of the perfect family vacation. Something for everyone.

And now, you can win a trip to experience it all. Just fill out a ballot online at whistlerblackcomb.com/fishing and you could win four nights lodging, a two-day guided Whistler Flyfishing Tour for two people, and the chance to explore the high alpine of Whistler and Blackcomb Mountains with the PEAK 2 PEAK Alpine Experience. Don't let this be the one that got away, go online and enter today!

YOU COULD WIN

- 4 Nights Lodging at Evolution
- 2-day guided Whistler Flyfishing Tour
- 4 Peak 2 Peak Alpine Experience Tickets

Enter at whistlerblackcomb.com/fishing

1.888.858.9914

whistlerblackcomb.com/fishing

PEAK 2 PEAK

Enter online at whistlerblackcomb.com/fishing. All entries due by 5pm November 1st, 2011. Four nights accommodations for four people at (insert hotel name here). 2-Day guided fishing tour for two people provided by Whistler Flyfishing. Four tickets to Whistler's famous PEAK 2 PEAK Alpine Experience. Subject to availability. Certain blackouts and restrictions apply. Please see website for complete contest rules, terms, and conditions.

W
WHISTLER BLACKCOMB

NEW REGULATIONS FOR 2012

A number of Inland district fishing regulations have changed for 2012:

- **West Branch Farmington River & Farmington River** (from Goodwin Dam to Unionville) - The former West Branch Farmington River TMA is expanded approximately 1.4 miles upstream. The rest of the West Branch Farmington River and the Farmington River down to the Route 4 bridge in Unionville will be managed as a "seasonal" TMA, open year-round with a 2 trout/day, 12 inch minimum length from 6 am Opening Day through August 31st and "catch-and-release only" from September 1st to 6 am Opening Day.
- **Ice fishing** - Children under the age of 16 years are now allowed to use up to 6 devices (the same as for adults) when ice fishing.
- **Gaffs** - The use of a gaff is now prohibited in Inland waters to assist in landing caught fish.
- **Fishing seasons** - Keney Park Pond (Hartford), Lake Wintergreen (Hamden) and Lower Storrs Pumping Station Pond (on Cedar Swamp brook in Mansfield) now have a closed season from midnight on the last day of February to 6:00 a.m. on the third Saturday in April. Lake Winfield (Plymouth) is now open year-round.
- **"Trophy Trout Lakes"** have been renamed as "Trout Management Lakes." The creel limit during the March first through March-thirty first period at Crystal Lake and Highland Lake is reduced to one fish per day (from five fish).

FAMILY FISHING No Child Left Inside!

THIS SECTION IS STILL UNDER CONSTRUCTION

FAMILY FISHING

The Connecticut Aquatic Resources Education (CARE) Program will introduce you and your family to the fun of fishing. Even ice fishing! Expert instruction, hands-on activities and a fishing trip will lead to wonderful time spent outside with your family or friends. You can even borrow our tackle to catch a fish! We're always looking for new instructors, too!

JOIN US FOR:

- **Ice Fishing Classes:** January classes designed to introduce you to the social, wintertime sport of ice fishing. This is an excellent project for youth groups, scouts or family organizations. Learn how to catch a big bass, pickerel or jumbo perch on a tip-up or jig pole before attending the Derby (see below).
- **Family Ice Fishing Derby:** January 28, 2012 — Add some adventure to your winter by trying ice fishing! Spend some quality time outdoors with family and friends. Kids get a prize just for attending.
- **Family Ice Fishing at No Child Left Inside Winter Festival:** February 4, 2012 — If you missed the Derby (above), you can still join us for some ice fishing! Spend some quality time with family and friends participating in lots of fun, outdoor activities.
- **New Instructor Training:** February 25, 2012 — CARE needs volunteers from across the state to share their love of the outdoors and fishing with others. We'll provide you with quality training and the equipment you'll need. If you're a self-starter and are interested in enriching people's lives with the sport of fishing, join the over 2,000 volunteers that have helped so far.
- **Family Fishing Courses:** We realize how busy family schedules can get, so join us for a 2 day fishing course! Let Certified CARE Instructors teach you all you need to know to get started fishing with family and friends. Meet for just two hours of classroom time to learn how to cast, identify your catch, select the right bait and tie a strong knot. Then take those skills to the field on your very next meeting, CARE Instructors will coach you and your family to success at a local pond or lake fishing trip.
- **Summer Fishing Classes:** Certified CARE Instructors provide students with an interactive learning experience featuring a chance to go fishing! Many of these July and August classes follow the Family fishing Course format described above.
- **Fishing Courses at our Education Center:** Teachers and home-school groups can teach lessons from our curriculum on water and fish to their students. The curriculum even meets several State Science Standards! Participation qualifies you for a spring or autumn expeditionary learning adventure to our education center in Killingworth. There, students will learn safety and fishing skills and actually go fishing in our pond! Teachers and parents accompany and assist their children.

For more information or a **CARE** Class Schedule visit our website at: www.ct.gov/dep and enter "CARE" in the search box, or call Inland Fisheries at 860-424-FISH or the **CARE** Center at 860-663-1656.

Licenses

RECREATIONAL FISHING LICENSES

An Inland fishing license is required for anyone 16 years of age or older fishing in the Inland District (see page 46 for demarcation between Inland and Marine Districts). A marine recreational fishing license is now required for anyone age 16 of age or older fishing from shore or from a boat in the marine district. Most licenses are issued on a calendar year basis and expire on December 31st.

Licenses are available online at www.ct.gov/deep/fishing. Licenses are also available at participating town halls, tackle retailers and DEEP field offices, and by phone or in person from the DEEP Store (860-424-3555). For a complete list of vendors, visit the DEEP website or call DEEP Licensing and Revenue (860-424-3105).

Active Armed Forces Members

Any active, full-time member of the armed forces may be issued fishing and/or small game firearms licenses for the resident fee. Proof of membership during the calendar year must be carried while using the license.

Other Recreational Marine Licenses

Special "Personal Use" licenses are required for: a) persons taking lobsters for their own use by up to 10 pots or SCUBA, and b) persons taking menhaden with a single gill net not more than 60 feet in length, for personal use from marine waters only.

- **Personal Use Lobster License:** \$120.00
(purchase of pot tags also required)
- **Personal Use Gillnet License for Menhaden:** \$100

Marine "Personal Use" licenses are also issued on a calendar year basis, are non-transferable, and are only issued by DEP Licensing and Revenue at 79 Elm St., Hartford, CT 06106-5127. See www.ct.gov/deep/fishinglicense for additional information and a license application.

COMMERCIAL LICENSES

A commercial license is required to take, possess or land (regardless where taken) fish, lobsters, blue crabs, squid, sea scallops, horseshoe crabs and bait species intended for sale from both the inland and marine districts. Contact the DEP Marine Fisheries Division at 860-434-6043 or write to the Marine Fisheries Division, P.O. Box 719, Old Lyme, CT 06371 for further information on commercial fishing.

RESIDENT LICENSES	Fee
Resident Inland Waters Sport Fishing License	\$28.00
Resident Marine Waters Sport Fishing License	\$10.00
One Day Resident Marine Waters Sport Fishing License	\$5.00
Resident All Waters (Inland & Marine) Sport Fishing License	\$32.00
Resident Combination Inland Waters Fishing and Firearms Hunting License	\$38.00
Resident Combination Marine Waters Sport Fishing and Firearms Hunting License	\$25.00
Resident Combination All Waters Sport Fishing and Firearms Hunting License	\$38.00
Resident Combination All Waters Sport Fishing License and Bow and Arrow Permit to Hunt Deer and Small Game	\$65.00
Resident Archery Super Sport License to Fish in All Waters, Bow and Arrow Permit to Hunt Deer and Small Game, and Permit to Hunt Wild Turkey During Spring Season on Private Land	\$82.00
Resident Firearms Super Sport License to Fish in All Waters and Firearms Hunt, Firearms Private Land Shotgun or Rifle Deer Permit, muzzleloader private land deer permit, and Permit to Hunt Wild Turkey During Spring Season on Private Land	\$84.00
Age 65 and older (annual) fishing, hunting, combination licenses	Free
Special resident licenses available only from participating town halls and selected DEP offices.	
Blind Inland or Marine Waters fishing licenses (lifetime)*	Free
Inland or Marine Waters fishing licenses (lifetime) for individuals with intellectual disabilities*	Free
Physically handicapped (loss of one or more limbs, or permanent loss of use of one or more limbs) Inland or Marine Waters fishing, hunting, combination licenses (lifetime)**	Free

* Issuance of a free license to the blind or individuals with intellectual disabilities requires proof of disability in the form of a certificate provided by any person licensed to practice medicine in this state.

** Any resident with the loss of a limb or the permanent loss of the use of a limb and a doctor's certificate may be issued a free license. Qualified nonresidents who are residents of states which allow CT residents the same privileges are also eligible.

NON-RESIDENT LICENSES	Fee
Nonresident Inland Waters Fishing License	\$55.00
Nonresident Inland Waters Fishing License for 3 Consecutive Days	\$22.00
Nonresident Marine Waters Fishing License	\$15.00
Nonresident Marine Waters Fishing License for 3 Consecutive Days	\$8.00
Nonresident All Waters Fishing License	\$63.00
Nonresident Combination License to Fish in Inland Waters and Firearms Hunt	\$110.00
Nonresident Combination License to Fish in Marine Waters and Firearms Hunt	\$94.00
Nonresident Combination License to Fish in All Waters and Firearms Hunt	\$120.00

Effective July 1, 2009 – A Marine recreational fishing license is required to fish in the marine district.

Permits

To obtain permit applications or further information contact the Inland Fisheries Division at 860-424-3474. Convenient fillable PDF forms of the **Importation/Liberation**, **Live Fish Importation** and **Tournament** permits can be found on the DEEP web site (www.ct.gov/deep).

DEEP's Inland Fisheries Division administers a number of permits including the following:

IMPORTATION AND/OR LIBERATION PERMIT (GENERAL)

Authorizes the importation of live fish or live fish eggs from out-of-state and/or the liberation (stocking) of live fish or live fish eggs into Connecticut waters.

- A **liberation permit** is necessary whenever an **individual** or **organization** stocks live fish or fish eggs into any pond, lake or stream in Connecticut.
- An **importation permit** is required for the importation into Connecticut of live fish or fish eggs.
- See "Note," below.

LIVE FISH IMPORT PERMIT

Required for **commercial fish hatcheries** and **bait dealers** to import live fish or live fish eggs into the state.

Note: No permit is required to import common aquarium species. It is illegal to release any aquarium fish into public or private waters. Possession or importation of a number of fish species is prohibited. These prohibited species include piranha, walking catfish, black, silver & bighead carp, gizzard shad and all species of the family Channidae (snakeheads). For further information and a complete listing, contact Inland Fisheries at 860-424-3474.

Permits are required for these activities:

- Stock fish or import fish into the state
- Conduct a fishing tournament or derby
- Use grass carp to manage aquatic plants

ATTENTION ANGLERS AGE 65 AND OLDER

- The free resident "lifetime" inland fishing, hunting and trapping licenses for individuals age 65 and older became annual licenses effective October 1, 2009.
- All "age 65 and older" free inland fishing, hunting and trapping licenses obtained since October 1, 2009 must be renewed annually.
- Additionally, all "age 65 and older" free marine fishing licenses must be renewed annually.
- Holders of age 65 and older "lifetime" Connecticut inland fishing licenses obtained prior to October 1, 2009 are not required to reregister, however, should one misplace this "lifetime" license, they will need to obtain a free replacement by registering through the Automated Licensing System (from their home computer or at a participating vendor).
- All individuals with "lifetime" hunting or combination hunting and fishing licenses will need to register themselves in the Automated Licensing System to obtain the appropriate permits and tags along with their unique Conservation ID#.
- For assistance, contact DEEP Licensing and Revenue (860-424-3105).

IMPORTATION AND/OR LIBERATION PERMIT FOR TRIPLOID GRASS CARP

Authorizes the importation, possession and liberation of triploid grass carp into inspected/approved ponds. **Possession of diploid grass carp is prohibited.** Triploid grass carp represent one method of controlling nuisance aquatic vegetation. The Inland Fisheries Division inspects all ponds to determine regulatory compliance, particularly to verify that the fish can not escape from the waters in which they were stocked, thereby preventing off-site damage to aquatic habitats. Grass carp information packets and application forms can be obtained by contacting the Inland Fisheries Division at 860-424-3474.

INLAND FISHING TOURNAMENT/DERBY PERMIT

Required to conduct a fishing tournament or derby on inland waters open to public fishing involving anglers 16 years of age and older. Open water catch-and-release-only tournaments can be granted an exemption from Bass Management Area special regulations (exemptions available for all Bass Management lakes from September 1 through June 30, exemptions granted only for Gardner Lake and Mansfield Hollow Reservoir from July 1 to August 31). Additional guidelines and restrictions may apply for open-water trout tournaments/derbies conducted on waters managed by the state for trout.

NOTICE TO SPORTSMEN

A judgement or a plea of guilty, forfeiture of a bond, or payment of a fine for a fishing, hunting, or trapping violation may result in the suspension of your fishing, hunting, or trapping license.

The advertisement features several elements:
1. **EVINRUDE** logo with the tagline "SPEND MORE TIME ON THE WATER".
2. A "5-YEAR LIMITED WARRANTY BEST" badge.
3. A blue outboard motor.
4. The **The Bait Shop, Inc.** logo with "Bass Pro Shops" underneath, featuring a shark silhouette and a yellow sun.
5. A white boat with three people fishing.
6. Logos for "Also Dealer For" **SeaCraft** and **KW**.

Inland District Statewide Species Regulations

DETERMINING REGULATIONS

A summary of the *Statewide Species Open Seasons, Legal Methods and Length & Daily Creel Limits* is listed in the table on page 8. **The regulations on many water bodies differ from the statewide regulations.**

Use this two-step process to determine regulations on a specific waterbody:

- Check the table on page 8 for the general statewide regulations.
- Refer to the specific waterbody in the alphabetical listings of *Lakes & Ponds* (pages 20–33) or *Rivers & Streams* (pages 36–44) for special site-specific regulations. If no site-specific

regulations are listed for a waterbody, statewide regulations apply for seasons, methods, and/or limits.

Unless otherwise indicated in the *Lakes & Ponds* and *Rivers & Streams* listings:

- Lakes and ponds are open year-round.
- Rivers & streams are open from 6:00 a.m. on the 3rd Saturday in April through the last day of February (Closed to all fishing from March 1st to 6:00 a.m. on the 3rd Saturday in April).

The open seasons listed in this table do not apply in areas closed to all fishing during a period of the year.

Lower River/Tidal Waters

Designated rivers & streams with no closed season. These include the entire Connecticut and Thames Rivers, and downstream portions of the Coginchaug, Farmington, Housatonic, Mattabesett, Mystic, Naugatuck, Niantic, Quinnipiac and Salmon Rivers. Check individual waterbody listing for boundaries.

For more information on **Legal Methods & Gear, Length Limits, Creel & Possession Limits** and **Species**, refer to the definitions on pages 14–15.

Note: Regulations for several marine species found in the Inland District are subject to change.

SPECIES	NOTES	LEGAL METHODS	AREA	OPEN SEASON*	MINIMUM LENGTH	DAILY CREEL LIMIT
Alewife/Blueback Herring	Daily creel limit is for both species in aggregate.	Taking of anadromous alewife & blueback herring from all Connecticut waters is prohibited. Emergency closure is in effect. See page 10 for more information. Exception: Landlocked alewife only may be taken from specific lakes. See page 10 for list of lakes. Methods, seasons & creel limits for these lakes are as follows:		Open year-round*	None	25
American Eel	Spearing and bow and arrow use prohibited in streams or stream sections stocked with trout. Spearing prohibited in all lakes & ponds. The taking of elver eel, glass eel and silver eel is prohibited.	Angling, Icefishing, Bobbing, Bow and Arrow, Spearing	All areas	Open year-round*	6"	50
American Shad	—	Angling	Lakes & Ponds, Rivers & Streams	3 rd Saturday in April – June 30	None	6
			Lower Rivers/Tidal Waters	April 1 – June 30	None	6
Atlantic Salmon	Taking of Atlantic Salmon is prohibited. Exception: Atlantic Salmon Broodstock Fisheries (see page 10)					
Largemouth Bass & Smallmouth Bass	Daily creel limit is for both species in aggregate.	Angling, Icefishing	Lakes & Ponds	Open year-round*	12"	6
			Rivers & Streams	Open year-round*	None	6
			Connecticut River	Open year-round	12"	6
Carp, Suckers & Lampreys	Spearing and bow and arrow use prohibited in streams or stream sections stocked with trout. Spearing prohibited in all lakes & ponds.	Angling, Icefishing, Bobbing, Bow and Arrow, Spearing	All areas	Open year-round*	None	None
Chain Pickerel	—	Angling, Icefishing	Lakes & Ponds	Open year-round*	15"	6
			Rivers & Streams	Open year-round*	None	None
Hickory Shad	Daily creel limit is in aggregate with American shad.	Angling, Icefishing, Scoop Net	All areas	Open year-round*	None	6
Kokanee	—	Angling, Icefishing	All areas	3 rd Saturday in April – last day in February	None	8
Northern Pike	—	Angling, Icefishing	All areas	Open year-round*	26"	2
Panfish	Except White Perch, see below.	Angling, Icefishing, Bobbing	All areas	Open year-round*	None	None
Smelt	Taking of smelt in rivers & streams is prohibited.	Angling & Icefishing	Lakes & Ponds	Open year-round*	None	50
Striped Bass	—	Angling	All areas	Open year-round*	28"	2
Sturgeon	Taking of sturgeon is prohibited.					
Trout (Brook, Brown, Lake, Rainbow)	—	Angling, Icefishing	Lakes & Ponds, Rivers & Streams	3 rd Saturday in April – last day in February	None	5
			Lower Rivers/Tidal Waters	Open year-round*	15"	2

Broodstock Atlantic Salmon & River Herring

BROODSTOCK ATLANTIC SALMON: Seasons, Creel Limits & Methods for the Period from December 1, 2011 – March 31, 2013

OPEN SEASON	DAILY CREEL LIMIT	LEGAL METHODS (all seasons)
December 1, 2011 through March 31, 2012	One (1) salmon per day	
April 1, 2012 to 6:00 a.m., April 21, 2012	Salmon fishing closed	
6:00 a.m., April 21, 2012 through September 30, 2012	One (1) salmon per day	
October 1, 2012 through November 30, 2012	Catch and release only	
December 1, 2012 through March 31, 2013	One (1) salmon per day	Fishing for Atlantic Salmon is limited to use of a single fly or artificial lure with a single free-swinging hook . Additional weight may not be added to the line. Snagging is strictly prohibited.

ATLANTIC SALMON BROODSTOCK FISHING

The DEEP stocks surplus broodstock Atlantic salmon during the fall, generally from mid-October through early December. Approximately 800 to 1,600 surplus salmon are stocked each year into three designated Broodstock Areas. Beginning in 2007, fish have also sometimes been released into several lakes and ponds (Beach Pond, Crystal Lake, Mashapaug Lake and Mt. Tom Pond). These fish are typically two to five years old and weigh from 2 to 20 pounds. They are the progeny of sea-run Atlantic salmon that have been raised in hatcheries for the purpose of producing eggs for the Connecticut River restoration effort. Surplus broodstock are fish that are no longer needed in the restoration program. Stocked salmon surviving until March will begin to move downstream to the saltwater during the high spring flows. Consequently, broodstock are seldom caught after March.

Fishing for broodstock Atlantic salmon is allowed only in the following areas:

- **Naugatuck River:** From the confluence of the East and West Branches (Torrington) downstream to the Housatonic River.
- **Housatonic River:** Entire river downstream of the Derby Dam.
- **Shetucket River:** Downstream from the Scotland Dam (Windham) to the Water Street Bridge (Norwich).

Salmon are Stocked Into Three Designated Broodstock Areas:

- **Naugatuck River:**
 - From Route 118, Litchfield-Harwinton, downstream to the Thomaston Dam (Upper section).
 - From Prospect Street, Naugatuck, downstream to Pines Bridge Road, Beacon Falls (Lower section).
- **Shetucket River:** From the Scotland Dam, Scotland, downstream to the Occum Dam, Norwich.

© Joseph Tomelleri

Designated Broodstock Area Fishing Restriction

From October 1 to March 31, angling for all species in the salmon broodstock areas is restricted to fishing methods that are legal for Atlantic salmon (a single fly or a lure with a single free-swinging hook only). Additional weight may not be added to the line. Anglers are reminded that the season is closed from March 1st to the 3rd Saturday in April for all species other than broodstock Atlantic salmon except in the upper Naugatuck River Broodstock Area. This area is within the Naugatuck River TMA, which is open year-round for trout (catch-and-release only).

Important Notes

The availability of surplus Atlantic salmon broodstock, stocking dates, and the regulations governing the fishery are subject to change. Details are provided to newspapers and are posted on the DEEP website at

www.ct.gov/deep. Several lakes (Beach Pond, Crystal Lake, Mashapaug Lake, and Mount Tom Pond) have also recently been stocked with broodstock salmon. Regulations for salmon in lakes differs from those for rivers, please see the entries for these lakes in the Lakes & Ponds section for more information. If you are unsure of the regulations, please contact DEEP Fisheries staff at Hartford (860-424-3474), Marlborough (860-295-9523), Harwinton (860-485-0226), or Litchfield (860-567-8998).

ALEWIFE & BLUEBACK HERRING

Emergency Fishery Closure is in effect:

Taking of anadromous alewife and blueback herring is **prohibited** from all Connecticut waters including Long Island Sound.

Alewife and blueback herring (collectively termed "river herring") runs have been declining. While the reasons for the decline are not fully understood, the DEEP believes it is mostly due to predation by increasingly abundant striped bass. Healthy river herring populations are needed to provide food for many species.

To restore herring runs, the DEEP is taking a number of actions including removing dams, building fishways, reintroducing pre-spawn adults into streams that had previously supported runs, and eliminating harvest. An immediate recovery is not expected. However, this closure may reduce the threat of further declines and enable river herring populations to recover more quickly in favorable years.

This emergency closure will be in place through at least March 2012 and will likely be extended. Check the DEEP website (www.ct.gov/deep) or contact DEEP Inland Fisheries (860-424-3474) or Marine Fisheries (860-434-6043) for more information.

Landlocked alewife

Landlocked alewife populations are established in several Connecticut lakes and ponds (see page 18). Landlocked alewife may be taken by angling or scoop net only from the following lakes:

Amos Lake	Crystal Lake (Ellington)	Rogers Lake
Ball Pond	Highland Lake	Squantz Pond
Beach Pond	Quassapaug Lake	Uncas Lake
Candlewood Lake	Quonnipaug Lake	Waramaug Lake

Environmental Conservation Police

DEEP'S ENVIRONMENTAL CONSERVATION POLICE

Greetings,

With the arrival of a new fishing season, the Officers from the Environmental Conservation Police would like to remind all anglers of the importance of wearing a personal flotation device (PFD) while fishing from a boat. In recent years, many of the boating fatalities we investigate involve small open vessels such as canoes or row boats with one or two occupants. They are often fishing in small lakes or ponds where help is not immediately available. These accidents often occur during early spring or late fall when warm weather brings fishermen out to enjoy the sport but water temperatures are still very cold. If fishermen and boaters who ended up in the water from capsizing or falling overboard were wearing lifejackets, over 80 percent of drownings would be prevented. There are many options of personal flotation devices for anglers to wear that are comfortable and functional. It is also required that from October 1 through May 31 that a PFD be worn by anyone in a manually propelled vessel. No matter the season, wear a life jacket. It may just save your life. We encourage fishermen to help us in our mission to protect Connecticut's natural resources by following the fishing regulations and by reporting suspected poaching activity by calling our toll free hotline at 1-800-842-4357.

Thank you and good luck!

Colonel Kyle Overturf

Fishing Violations and Fines

- Fishing without a license: \$87.00
- Violation of sport fishing regulations (includes closed season, bag and size limits, methods of take and specific area restrictions): \$154.00 per count
- Destruction of posted notice: \$87.00
- Failure to carry fishing license while fishing: \$87.00
- Violation of salmon fishing regulations: \$87.00
- Fishing while license or privilege suspended: \$150.00
- Illegal fishing for or taking of fish or bait in the Inland District: \$154.00 per count
- Unauthorized fishing in reservoir: \$250.00
- Unauthorized obstruction of streams or ponds: \$250.00
- Illegal fishing near fishways: \$250.00
- Operation of a motorboat on Bantam River: \$50.00
- Transporting vessel or trailer without properly inspecting for, removing and disposing of vegetation. \$95.00

The list above is only a partial listing of violations and their fines. These and other fisheries violations will be accompanied by a suspension of your hunting, fishing and trapping license(s). Help protect our natural resources for future outdoor sports enthusiasts, obey the law and report suspected violations by calling 1-800-842-HELP.

BE A RESPONSIBLE ANGLER

Protecting both the resource and your access to the resource requires more than simply knowing and following the fishing regulations!

RESPECT PRIVATE PROPERTY

- Do not cast onto docks or into permitted swim areas (when in doubt, cast elsewhere).
- Ask permission before fishing from shore, or wading on private property.

DON'T LITTER, DON'T POLLUTE

- Keep your boat and motor properly maintained.
- Retrieve all lures and gear.
- Don't release live bait.
- Leave your fishing area cleaner than you found it!

BE A SAFE BOATER

- Obey boating regulations, and check your safety gear frequently!

BE A GOOD NEIGHBOR

- Treat fellow anglers, other recreational users and property owners with courtesy.
- Always be willing to share both the resource and your knowledge.

AND ALWAYS USE COMMON SENSE AND BE COURTEOUS!

DON'T LET THIS HAPPEN AGAIN!

DON'T LITTER
Dispose of
fishing line,
lures, hooks
and all other
trash items
properly.

Dead osprey found hanging from its nest in Old Lyme, CT. Discarded fishing line, which is often picked up by ospreys to place in their nests, was wrapped around the bird's neck.

Photo courtesy of long-time DEP Wildlife Division volunteer Hank Golet, who took the image prior to removing the dead bird.

New Programs

COMMUNITY FISHING

As part of DEEP's "No Child Left Inside" initiative, DEEP initiated a pilot program ("Urban fishing") in 2006 to enhance fishing opportunities in Connecticut's major population centers.

- The initial site for this program, **Bunnells Pond** in Bridgeport's Beard-sley Park, was added to the spring trout stocking schedule in 2006.
- In 2007, **Keney Park Pond** (Hartford), **Lake Wintergreen** (Hamden/New Haven), and **Mohegan Park Pond** (Norwich) were added to the Urban Fishing program. DEEP began stocking trout into Keney Park Pond and Lake Wintergreen that spring. Trout had already been stocked into Mohegan Park Pond for a number of years.
- Trout can typically provide a spring (and possibly fall) fishery in these areas. To provide a second, and year-round fishery, DEEP decided to stock channel catfish into the Urban Fishing Areas.
- In 2008, the program expanded into the City of Waterbury, designating **Lakewood Lake** and **Upper Fulton Park Pond** as Urban Fishing Areas. Lakewood Lake was added to the list of areas stocked with channel catfish, and the current stocking of Upper Fulton Park with trout will continue.
- In the first four years (2007–2010) of catfish stocking, a total of 20,100 adult-size (14–18", 2-lb plus) channel catfish were stocked into the Urban Fishing Areas. An additional 2,250 9–12" fish were also released into Lake Wintergreen.
- To better reflect both the location of many of these areas and program goals, the program was renamed "Community Fishing" in late 2010.

Please report fishing violations –
phone 1-800-842-4357.

CHANNEL CATFISH

- In 2007, DEEP began a channel catfish stocking program in an effort to provide an additional year-round fishery for a large game fish. This is the first time that the DEEP has released catfish into state waters.
- The catfish stocked by DEEP are farmed fish obtained from commercial suppliers in Arkansas.
- In addition to the 22,350 catfish stocked in the **Community Fishing Ponds** (formerly "Urban Fishing Areas") during the first four years of the program, 38,000 9–12" catfish were released into the following waters:

Lower Bolton Lake Maltby Lakes 2 & 3 Pattaconk Lake
Black Pond Quonnipaug Lake Silver Lake

- All these lakes have adequate shore access and a sufficient forage base to support another population of large gamefish.
- DEEP expects the 9–12" fish released into these lakes will survive for many years and grow to much larger size. To jump start the fishery, 800 of the larger 14–18" catfish were also stocked in 2007.
- DEEP currently plans to stock catfish annually. As with other fisheries programs, both the channel catfish stocking and the Urban Fishing programs will be assessed for effectiveness after several years.

Definitions

The following provisions are taken from the inland district sport fishing regulations, and do not apply to taking fish from licensed commercial hatcheries, private waters legally registered with DEP, or to commercial fishing in the inland district. Information on commercial fishing in the inland and marine districts is available on request.

ANGLING Fishing with hook and line, which must be personally attended. No more than two lines, with or without rods, may be used at one time. Each line may have any combination of hooks, flies or lures, of which a maximum of three hooks may be baited.

BAIT Any animal or vegetable, or their parts, living or dead, used with a hook for the purpose of attracting and catching fish. Any fish legally acquired, except largemouth bass, smallmouth bass, chain pickerel, northern pike, trout, salmon, carp and goldfish may be used as bait.

BAIT SPECIES The following species of fish, amphibians, aquatic insects and crustaceans may be taken by sport fishermen for personal use, but may only be sold if taken under an inland commercial bait license.

- **Bait species:** Common shiner, golden shiner, fallfish, creek chub, spottail shiner, bridle shiner, blacknose dace, longnose dace, pearl dace, bluntnose minnow, fathead minnow, cutlips minnow, chub sucker, white sucker, killifish, mummichog, Atlantic & tidewater silverside, sand lance, frogs (except northern leopard frog), crayfish (except rusty crayfish), perch bugs, hellgrammies and mayfly nymphs.
- **The legal methods for taking the bait species listed above are as follows:**

— **Rivers & streams:** Bait species may be taken at any time with seines not over 15 ft. long and 4 ft. deep, bait traps not over 20 inches long and 15 inches in diameter, and umbrella nets not over 4 ft. by 4 ft.

— **Lakes & ponds:** Bait species may be taken at any time with bait traps not over 20 inches long and 15 inches in diameter and umbrella nets not over 4 ft. by 4 ft. Seines shall not be used in lakes and ponds except those designated by the DEEP as open to commercial taking of bait. Where posted, taking, use or possession of fish as bait is prohibited in lakes and ponds.

— **All inland waters:** During the open season for fishing, the species listed above may also be taken by hand, angling and scoop net.

BARBLESS HOOK A curved, pointed device, without a barb, used to catch fish. Barbless hooks may be single, double or treble, and each point must be without a barb. For the purposes of this regulation, hooks manufactured with a barb are considered barbless if the barb has been bent down to the hook, broken off or otherwise made ineffective.

BOBBING Fishing with a ball or mass of worms or other bait attached to a hookless line held in the hand or a line attached to a rod held in the hand.

BOW AND ARROW FISHING Common carp, white suckers, American eels and sea lampreys may be taken with a bow and arrow. These species may be taken by archery in streams and stream sections not stocked with trout, and in lakes and ponds, and only taken during the open season for fishing in those waters. Use of crossbows is prohibited. A fishing license is required.

CAST NET A net weighted at the edges which is cast out over bait to capture it in shallow water. The use of cast nets is prohibited in inland waters.

CHILDREN'S FISHING AREA Angling in such areas is restricted to children under sixteen years of age when posted as such.

CLOSED SEASON That period of time during which all fishing is prohibited in the area specified.

DAILY CREEL LIMIT The quantity or number of fish of a species or species group that can be taken by an individual angler during the period from 12:01 a.m. to midnight.

DOWNRIGGER A device, supplemental to a fishing line, used to deploy,

via an electric or handpowered winch, reel or spool that projects over the side or stern of a boat and is used as a hoist, main line and terminal weight, one or more fishing lines to a desired depth in the water column.

FISHHOOK or HOOK A curved, pointed device, with or without barb, used to catch fish. Hooks may be single, double or treble and each point shall be considered as a single hook.

FISHING OR SPORT FISHING Taking or attempting to take fish. In the Inland District, fishing is limited to angling, bow and arrow fishing, bobbing, ice fishing, snagging or snatching, spearing, scoop netting, and taking or attempting to take fish by hand.

FLOAT (BOBBER) Any buoyant object attached to a fishing line. No floats may be used unless personally attended.

FLY A single or double hook dressed with hair, feathers, tinsel, thread, yarn or similar material to which no bait, spinner, spoon, plug or other device is added.

FLY FISHING Angling with the use of a fly reel, fly rod, fly line, leader and a fly or flies. Extra weight may be built into the fly in its construction, as in a weighted nymph, and additional weight may be attached to the leader or line. The use of strike indicators is permitted.

NEW REGULATION

GAFF A spear or hook, with or without a handle, used for holding or lifting fish. The use of a gaff to land or assist in landing a fish is prohibited in the inland district.

HAND-HELD JIG A rod, jig stick or line held in the hand used for fishing through the ice.

NEW REGULATION

ICE FISHING Not more than six tip-ups, floats (bobbers), similar devices, or hand-held jigs or any combination thereof not exceeding six in the aggregate may be used at one time. (*The two-device limit for children under 16 has been removed, they can now use up to 6 devices*) Not more than three baited hooks, with or without attractors, or three ice flies, or three artificial lures, or any combination thereof not exceeding three in the aggregate may be used with each tip-up, float (bobber), or similar device or hand-held jig. Devices must be personally attended. The name and address of the user must be legibly stamped on or attached to all devices.

INLAND DISTRICT Is the area inland of the demarcation lines as listed on page 46.

LEADCORE LINE A fishing line constructed with a metal core.

MINIMUM LENGTH Measured from the tip of the snout to the end of the tail. No person shall possess any fish less than the lengths specified and any fish less than the minimum length, shall, without avoidable injury, be immediately returned to the water from which taken.

PANFISH Includes yellow perch, white perch, calico bass, rock bass, bullheads, all species of catfish, and all species of sunfish.

POSSESSION LIMIT The total number of fish of any species or species group that may be possessed by one person either on the person, on the waters of the state, the shores of these waters, or in any type of vehicle and may not exceed the creel limits for one day, as listed in this pamphlet. Fish so possessed shall be intact to the extent that neither the heads nor tails have been removed. Note that this does not restrict the number of legally acquired fish that may be kept in storage at home.

SCOOP NET A manually operated, flexible mesh net attached to a hoop which is attached to a handle. The hoop may not be over 36 inches across the widest point and the mesh bag may not be more than 36 inches in depth at its deepest point. The use of any such net constructed of metal mesh or stiff plastic mesh is prohibited.

SEINE NET A net weighted at the bottom, with top floats, that is used to encircle fish.

SET LINE A line with one or both ends secured to the shore, or to a fixed or buoyant object in the water which is used for fishing and is not personally attended. Use of set lines in the inland district is prohibited.

SLOT LENGTHS Length limits designated to reduce or increase the taking of fish by anglers.

- **Protected slot lengths:** Lengths between which fish may not be kept by anglers.
- **Open slot lengths:** Lengths between which fish may be kept by anglers.

SNAGGING OR SNATCHING The taking of fish by foul hooking, that is hooking fish in any part of the body other than the mouth. Snagging is prohibited in all waters in the Inland District except that, in streams open to fishing throughout the year, menhaden, alewives and blueback (glut) herring may be taken by these methods. Anglers are reminded that there currently is an emergency ban on the taking of anadromous alewife and blueback herring (see page 10).

SPEARING The use of any pointed instrument, with or without barbs, propelled solely by hand. Common carp, American eels, white suckers and sea lampreys may be taken by spearing in streams or sections of streams not stocked with trout during the open seasons for fishing in such waters. Prohibited in lakes and ponds. Underwater spear fishing and the use of any type of spear gun is prohibited in all waters within the Inland District.

STRIKE INDICATOR Means a brightly colored, highly visible tab, sleeve or bead or similar material used in fly fishing. Such devices may be attached to the line or leader when used in areas restricted to fly fishing only.

TAKE or TAKING Killing, capturing or otherwise rendering into possession, any fish or bait species, or attempting to kill, capture or rendering into possession, or assisting in taking or attempting to take any fish or bait species.

TROUT Include brook (charr), brown, lake, and rainbow trout and their hybrids.

FISHWAYS and FISHING

Fishing is prohibited in the area immediately downstream or upstream of a fishway, generally for a distance of 250 feet from the fishway. Note that at some fishways, this distance may vary from 250 feet.

At locations where the distance from the fishway does differ from 250 feet, the boundaries of the "no-fishing" area will be as posted by DEEP (look for signs and/or large rocks painted red marking the boundaries).

Anglers with questions about the "no-fishing" zones around any of the over 50 fishways in the state should contact DEEP's Diadromous Fisheries Restoration Program (Inland Fisheries Division) at 860-434-6043.

DISABLED ACCESS

These areas in the Inland District provide fishing access with primary use intended for persons with disabilities. Check the *Coastal Launch and Coastal State Park Sections* (pages 53–54) for areas in the Marine District.

- **Angus Park Pond, Glastonbury:** Off Manchester Road (Route 83) turn east on Fisher Road: Located on upper dike in Town Park.
- **Beachdale Pond, Voluntown:** Route 149 next to boat access area.
- **Beaver Brook Ponds, Windham:** Off Back Road at dam/access area.
- **Bigelow Pond, Union:** At boat launch in Bigelow Hollow SP.
- **Billings Lake, North Stonington:** At dam adjacent to boat access area.
- **Black Pond, Meriden-Middlefield:** Adjacent to boat ramp.
- **Bladens Brook, Seymour:** Access only by permission of Seymour Land Conservation Trust.
- **Connecticut River-Haddam Meadows State Park, Haddam:** Dock at the boat launch in Haddam Meadows State Park.
- **Connecticut River-Salmon River Cove, East Haddam:** Dock at state boat launch.
- **Coventry Lake (Wangumbaug Lake), Coventry:** At state boat launch.
- **Day Pond, Colchester:** Off Route 149 at dam in Day Pond SP.
- **Eagleville Lake, Coventry-Mansfield:** On dam off Route 275.
- **Eight Mile River, East Haddam:** Devil's Hopyard SP.
- **Farmington River—West Branch, Barkhamsted:** Off dirt road south of Route 318.
- **Farmington River, Unionville:** On Farmington Land Trust (www.farmingtonlandtrust.org) property upstream from Route 177 (between River Road and Railroad Avenue, southerly side of river).
- **Gardner Lake, Salem-Montville-Bozrah:** On dam at Lake Road.
- **Highland Lake, Winchester:** At state boat launch.
- **Holbrook Pond, Hebron:** On dam adjacent to access area.
- **Hopeville Pond, Griswold:** At end of State Park campground.
- **Horse Pond, Salem:** At access area on Route 85.
- **Lake Saltonstall, Branford:** At SCCRWA access area off Hosley Avenue.
- **Mansfield Training Center Pond, Mansfield:** Located just east of the junction of Routes 44 & 32.
- **Mashapaug Lake, Union:** Off the dock at boat launch in Bigelow Hollow SP.
- **Mill River, Hamden:** At Clark's Pond Dam.
- **Pattaconk Lake (Russell Jennings Pond), Chester:** Located between dam and beach in Pattaconk Recreation Area.
- **Salmon Brook (East Branch), Granby:** East side of river just above Route 20.
- **Salmon River Fly Area, Colchester:** 0.9 miles north of Route 16 on River Road.
- **Salmon River, East Hampton:** South end of picnic area off Gulf Road just south of Route 16.
- **Saugatuck Reservoir, Easton-Redding-Weston:** Parking area near dam.
- **Scoville Reservoir, Wolcott:** At town boat launch.
- **Southford Falls Pond, Oxford-Southbury:** In Southford Falls SP.
- **Squantz Pond, New Fairfield:** Near Squantz Pond SP boat launch.
- **Stratton Brook Park Pond, Simsbury:** In Stratton Brook SP.
- **Walkers Reservoir (East), Vernon:** Turn south near Route 31 and I-84 junction on Reservoir Road.

Consumption Advisory

ARE THE FISH I CATCH SAFE TO EAT? 877-458-FISH

The summary of advisories issued in the past by the Connecticut Department of Public Health and Department of Energy & Environmental Protection is updated annually and included as a reminder to anglers. These advisories apply to recreationally-caught fish from Connecticut waters. Individuals in the high risk group should be particularly careful in their fish consumption.

Proper cleaning and cooking methods include: removing the skin, "lateral line" area, belly flaps and dark meat, and broiling or grilling. These methods can reduce PCB levels by 50%.

For More Information

Including the fish consumption fact sheet, a special fact sheet for pregnant women, foreign language summaries, and for updates visit the Department of Public Health (CTDPH) website at: www.ct.gov/dph or call CTDPH.

- **Have health questions:** call CTDPH at 860-509-7740 or toll-free at 877-458-FISH (3474).
- **Have fishing questions:** call CTDEEP at 860-424-FISH (3474).

ADVISORY	WATERBODY	FISH SPECIES	HIGH RISK GROUP ^a	LOW RISK GROUP ^b	CONTAMINANT
Statewide Freshwater Fish	All Fresh Waterbodies (See more restrictive advice for specific waterbodies listed below)	Trout	No Limits on Consumption ^c	No Limits on Consumption	—
		All other fish	One meal per month	One meal per week	Mercury
Specific Freshwater Fish	Dodge Pond, Wyassup Lake, Lake McDonough, Silver Lake (Berlin)	Largemouth Bass, Smallmouth Bass, Pickerel	Do not eat	One meal per month	Mercury
	Housatonic River above Derby Dam (except as listed below for lakes on Housatonic River)	Trout, Catfish, Eels, Carp, Northern Pike	Do not eat	Do not eat	PCBs

	Konkapot River (North Canaan)	White Sucker	Do not eat	One meal per month	Mercury
	Brewster Pond (Stratford)	Catfish & Bullheads	Do not eat	Do not eat	Chlordane
	Union Pond (Manchester)	Carp, Catfish, Bass	Do not eat	Do not eat	Chlordane
Specific Saltwater Species	Long Island Sound and connected rivers	Striped Bass	Do not eat	One meal per month	PCBs
		Bluefish over 25"	Do not eat	One meal per month	PCBs
		Bluefish 13–25" ^d	One meal per month	One meal per month	PCBs
		Weakfish	One meal per month	One meal per month	PCBs
	Mill River (Fairfield) (excluding Southport Harbor)	Blue Crab	Do not eat	Do not eat	Lead

^a High Risk Group includes pregnant women, women planning to become pregnant within one year, nursing mothers and children under six.

^b Low Risk Group includes everyone not in the High Risk Group.

^c It is prudent for the High Risk Group to eat no more than one large trout (over 15") from lakes and ponds per month.

^d Bluefish under 13" are not on the advisory because they have not been found to contain PCBs at levels sufficient to merit an advisory.

Aquatic Nuisance Species

Help stop the spread!

An increasing number of damaging aquatic species are invading the waters of Connecticut. Zebra mussels and Eurasian water-milfoil are most familiar to anglers but other exotic species may cause problems as well.

> ZEBRA MUSSEL

Zebra mussels were recently found (October 2010) in both Lake Zoar and Lake Lillinonah.

This is the first report of a new infestation of this highly invasive bivalve in Connecticut since 1998 when zebra mussels were first discovered in East and West Twin Lakes in Salisbury. During 2009 zebra mussels were discovered in Massachusetts in Laurel Lake and in the mainstem Housatonic River. At this point it is uncertain if the mussels found in Lakes Lillinonah and Zoar are the result of downstream migration from these upstream sources or the result of a separate introduction, however, downstream migration is suspected.

Anglers fishing in any of these waters and western Connecticut in general should use extra care to avoid transporting water, aquatic vegetation, and possibly zebra mussels to new locations.

The zebra mussel is a black and white striped, bivalve mollusc which was introduced into North American waters through the discharge of ship ballast water. Since its discovery in Lake St. Clair (Michigan/Ontario) in 1988, the zebra mussel has spread throughout the Great Lakes, the Mississippi River system and most of New York State, including Lake Champlain and the Hudson River. More recently both zebra mussels and quagga mussels (a related species, and also highly invasive) have been expanding their range into a number of western and southwestern states.

This mussel can clog power plant, industrial and public drinking water intakes, foul boat hulls and engine cooling water systems and disrupt aquatic ecosystems.

> WATER CHESTNUT

Dense water chestnut growth can make fishing, boating, swimming and other recreational activities nearly impossible. In Connecticut, water chestnut has been found at scattered sites along the Connecticut River

from Hartford to Lyme, both in the main stem river and in a number of coves (including White Oaks Cove, Keeney Cove, Hamburg Cove) and connected ponds. Water chestnut has also been found in a number of other waters scattered throughout CT including the Mattabasset, Hockanum and Podunk Rivers, small ponds in Eastford, Thompson and West Hartford, Bantam Lake (eradicated, non found in the last several years), Mudge Pond and at the confluence of the Still River and the Housatonic River. Anglers fishing in the Connecticut River, its tributaries, and elsewhere should be on the lookout for this highly invasive plant. DEEP and other organizations are involved in eradication efforts.

Water chestnut is a rooted, annual aquatic plant with triangular-shaped floating and feather-like submerged leaves. Its sharp, spiny fruits wash ashore and can inflict painful wounds if stepped on. If you find this plant, contact Harry Yamalis at 860-424-3034 or harry.yamalis@ct.gov.

> ALEWIFE (landlocked)

Landlocked alewives (a member of the herring family) are abundant in many Connecticut lakes and are commonly used by anglers as a bait fish.

Accidental introductions, intentional stockings and widespread use of landlocked alewives as bait have all resulted in these fish becoming established in lakes where they can be highly detrimental to other fish species. Once landlocked alewives become established, their population numbers can increase quickly, allowing them to outcompete other fish

species for available food. Also, alewives can feed on egg and larval stages of other species such as trout, perch, walleye and bass. Seldom can they be removed from a lake once they establish a population.

East Twin Lake (Salisbury) and Wononskopomuc Lake (Lakeville) provide examples of the effects of landlocked alewives. Each of these lakes had fishable populations of Kokanee salmon for many years. Alewives were accidentally introduced into each of these lakes and the salmon populations declined and then disappeared. Interestingly, over the last 3-4 years the alewife population collapsed in East Twin Lake. Concurrent with this decline, the Kokanee population in East Twin Lake has rebounded (when available, DEEP had continued to stock salmon fry into both lakes).

For these reasons we recommend that anglers take great care when discarding their unused bait at the end of a fishing trip. Do not empty bait buckets into the lake (an alternative is to freeze and save bait for the next trip). These precautions will help limit the spread of an unwanted and potentially detrimental species.

Remember: The use of live alewives, blueback herring, gizzard, hickory, or threadfin shad as bait is prohibited in:

Alexander Lake	Colebrook Reservoir	East Twin Lake
Lake Pocotopaug	Saugatuck Reservoir	Shenipsit Lake
West Hill Pond	West Twin Lake	Wononskopomuc Lake
Wangumbaug (Coventry) Lake		
West Branch (Hogback) Reservoir		

> EMERGING DISEASES

Plants, invertebrates and fish aren't the only invaders. Just as insidious are a number of new diseases and parasites that affect fish (but are harmless to humans). Largemouth Bass Virus (LMBV) is a relatively new disease that has been found in Connecticut.

- This virus was first found in 1991 at Lake Weir (Florida). Originally thought to be limited to southern waters, this disease has spread northwards into the Midwest and Northeast.
- Although LMBV can infect a number of fish species, it is only known to cause mortality of largemouth bass, and has been responsible for a number of notable fish kills throughout its southern distribution.
- LMBV can be transmitted by consumption of infected prey, through the water, and by fish-to-fish contact. The virus is thought to be most active during the warmer summer months. Because the virus may survive in water for up to a week, it can be transferred between water bodies in improperly cleaned livewells.
- Stress appears to promote the onset of symptoms that can lead to death. Common stressors include warm water temperatures, low dissolved oxygen concentrations, overcrowding in livewells, and improper handling by anglers.
- DEEP Fisheries biologists first began collecting largemouth bass to test for LMBV in 2005 and a number of Connecticut lakes have been sampled. Bass from Amos Lake (Preston) and Gardner Lake (Salem) have tested positive for LMBV.
- Properly cleaning and disinfecting boats, livewells and gear will help prevent the spread of this virus. Anglers should never transfer fish between water bodies!

Other emerging diseases in nearby waters include **Viral Hemorrhagic Septicemia (VHS)** and **Spring Viremia of Carp (SVC)**. Information on these diseases can be found on the DEEP website at www.ct.gov/deep/invasivespecies.

> Remove all aquatic organisms, mud & debris!

> DIDYMO: a threat to trout streams

Your help is needed to prevent the spread of didymo (*Didymosphaeria geminata*). This highly invasive freshwater alga (also called "rock snot") has now been found in popular trout streams located in a number of northeastern states (New Hampshire, Vermont, New York, Pennsylvania, Maryland, West Virginia and Virginia). Didymo has the potential to alter food webs and degrade habitat in many Connecticut trout streams.

Didymo is typically found in shallow streams with rocky substrate. Thought to be native to northern regions of Europe, Asia and North America, didymo originally was found only in cold, clear, low-nutrient waters.

Didymo's geographical and ecological ranges have been expanding, and now also include warmer and more nutrient-rich waters. The occurrence and intensity of blooms are also increasing. It is currently unclear why.

The microscopic didymo cell produces a stalk to attach to the substrate. During blooms, didymo can produce large amounts of this stalk material, forming thick mats of cottony material that feels like wet wool on the bottoms of rivers and streams. These mats can potentially smother aquatic plants, mollusks, destroy invertebrate and fish habitat, and impact existing food webs.

Anglers are considered an important vector responsible for the recent spread of didymo. The microscopic cells can cling to fishing gear, waders (felt soles can be especially problematic), boots and boats, and remain viable for months under even slightly moist conditions.

What you can do to prevent the spread of didymo:

- **CHECK:** Before leaving a river, stream or lake, remove all obvious clumps of algae and plant material from fishing gear, waders, clothing & footwear, canoes & kayaks, and anything else that has been in the water and look for hidden clumps. Leave them at the site. If you find any later; treat and dispose of all material in the trash.
- **CLEAN:** Soak/spray & scrub boats and all other "hard" items for at least one minute in either very hot (140°F) water, a 2% bleach solution, or a 5% dishwashing detergent solution. Absorbant materials such as clothes and felt soles on waders should be soaked for at least 40 minutes in very hot water (140°F), or 30 minutes in hot water (115°F) with 5% dishwashing detergent. Freezing solid will also kill didymo.
- **DRY:** Drying will also kill didymo, but items must remain completely dry (inside and out) for at least 48 hours.

For more information on didymo:

- US EPA Region 8 website:
<http://www.epa.gov/region8/water/didymosphenia/>
- Biosecurity New Zealand website:
<http://www.biosecurity.govt.nz/didymo>

There are numerous other freshwater aquatic invaders of concern to Connecticut. Some, including tench, rusty crayfish (*Orconectes rusticus*), Asian clam (*Corbicula fluminea*), and hydrilla have been found in Connecticut waters. A number of others including didymo, New Zealand mud snail, landlocked gizzard shad, silver, black and bighead carp, aquarium species such as snakehead fish (family Channidae), and emerging new diseases

YOU CAN HELP!

You can help prevent the spread of problem species by following these simple suggestions.

BEFORE LEAVING A BOAT LAUNCH

- Completely drain all water from the boat, including bilge water, livewells and engine cooling systems.
- Inspect your boat, trailer and equipment. Remove and discard all aquatic plants and animals, mud and debris you may have picked up while on the water.

AT HOME

Rinse boat, trailer and equipment with tap water. A bleach solution can be used to clean livewells. Dispose of all rinse materials properly!

REMEMBER

- Do not dump your bait bucket or release live bait! Avoid introducing unwanted plants and animals. Unless your bait was obtained on site, dispose of it in a suitable trash container.
- Do not transport fish, other animals or plants between water bodies. Release caught fish, other animals and plants only into the waters from which they came.

IT'S THE LAW! (Public Acts 03-136, 04-203 and 09-52)

- Boaters must inspect their vessel for vegetation and properly remove and dispose of any vegetation before transporting the vessel. You can be fined \$95 per violation.
- The importation, transportation, sale, purchase, possession, cultivation or distribution of a number of invasive plants including the following aquatic plants is prohibited:
 - Curly leaved pondweed, Fanwort, Eurasian water-milfoil, Variable water milfoil, Water chestnut, Egeria, Hydrilla, Common reed, Purple loosestrife, Pond water-starwort, Parrotfeather, Brittle water-nymph, American water lotus, Yellow floating heart, Giant salvinia, Yellow iris, Watercress, Onerow yellowcress. Violators can be fined \$50 per plant!

Lakes & Ponds

Statewide regulations for seasons, legal methods, and limits (page 8) apply unless a site-specific regulation is listed for a water body.

The following lakes and ponds are available for public fishing through the courtesy of the owners or state ownership.

Determining fishing regulations is a simple two-step process:

1. Check the regulation table (page 8) for general statewide Species, Legal Methods, and Limits regulations.
2. Look up the **waterbody** in the alphabetical list of lake and ponds to find any **special regulations** that apply. If no site-specific regulations are listed for a waterbody, statewide regulations apply.

ALLEN BROOK POND, Wallingford

See Wharton Pond

ALEXANDER LAKE, Killingly (215 acres)

- Note: No public access.
- Species: (LMB SMB CP S BB WP YP)
- Season: Open 6:00 a.m. 3rd Saturday April–last day February.
- Other: The possession and use of any live alewives, blueback (glut or river) herring, gizzard, hickory or threadfin shad as bait is prohibited. Motor size limit—12 cu in (Approx. 10 hp).

AMOS LAKE, Preston (113 acres)

TROUT MANAGEMENT LAKE / BASS MANAGEMENT LAKE

- Species: (T CP LMB BB AE YP S)
- Season: Open 6:00 a.m. 3rd Saturday April–March 31.
- Largemouth & smallmouth bass: 12" to 18" protected slot limit. Daily creel limit—6 bass, only 1 may be 18" or greater.
- Trout: From March 1–March 31, Daily creel limit—1, 16" minimum length.
- Other: 8 mph speed limit. See 2012 Boater's Guide for summer exemption.

ANDERSON POND

(Blue Lake), North Stonington (57 acres)

- Species: (LMB CP CB S BB YP)

ANGUS PARK POND (Eastbury Pond), Glastonbury (9.4 acres)

- Species: (T CP LMB S BB YP)
- Season: Open 6:00 a.m. 3rd Saturday April–October 31.
- Other: Boats and canoes prohibited.

ASHLAND POND, Griswold (89 acres)

- Species: (LMB CP YP S)

ASPINOOK POND, Lisbon/Griswold/Canterbury (301 acres)

Informal boat access off Butts Bridge Road, no facilities. Commercial launch (fee charged) at private campground off Ross Hill Road.

- Species: (LMB WP YP S CA CB)
- Other: Butts Bridge is the demarcation line between the pond and the Quinebaug River.

AVERY POND, Preston (36 acres)

- Species: (CP LMB YP BB S)
- Other: 8 mph speed limit.

BABCOCK POND, Colchester (119 acres)

- Species: (LMB YP S CP BB)
- Other: 8 mph speed limit.

BACKWATER POND, Thompson

- Children's Pond: Fishing restricted to children under age 16 in town park.
- Season: Open 6:00 a.m. 3rd Saturday April–November 30.

BALD MOUNTAIN POND, Stafford (1 acre)

- Species: (T BB S)
- Season: Open 6:00 a.m. 3rd Saturday April–last day February.

BALDWINS POND, Meriden (5.4 acres)

- Species: (T)
- Season: Open 6:00 a.m. 3rd Saturday April–last day February.

The boating laws and regulations provided in this guide are brief summaries of selected state boating safety statutes and regulations, and local ordinances. For complete boating regulations and additional information, please refer to the 2012 Connecticut Boater's Guide which can be obtained from the DEEP Boating Division (860-434-8638).

Lakes and Ponds open year-round (no closed season) unless otherwise stated.

BALL POND, New Fairfield (83 acres)

- Species:** (T LMB BB S YP)
- Season:** Open 6:00 a.m. 3rd Saturday April–last day February.
- Other:** Vessels with motors attached prohibited.

BANTAM LAKE, Morris-Litchfield (947 acres)

NORTHERN PIKE LAKE

- Species:** (NP SMB LMB WP CB YP S BB)
- Northern Pike:**
 - May 1–Nov. 30: Daily creel limit—2, 26" minimum length.
 - Dec. 1–last day Feb.: Daily creel limit—1, 36" minimum length.
 - March 1–April 30: Closed to northern pike fishing.
- All Other Species:** Open year round, statewide regulations apply.
- Other:** Motors prohibited 11 p.m. to 5 a.m. Use of internal combustion motors prohibited on the Bantam River between Bantam Lake and the inlet to Little Pond.

BARBER POND, Bloomfield (9.4 acres)

- Species:** (S)
- Season:** Open 6:00 a.m. 3rd Saturday April–last day February.
- Other:** Boats and canoes prohibited except between May 16 and October 31. Use of all motors prohibited.

BASHAN LAKE, East Haddam (273 acres)

BASS MANAGEMENT LAKE

- Species:** (T LMB SMB CP CB YP S)
- Season:** Open 6:00 a.m. 3rd Saturday April–last day February.
- Largemouth & smallmouth bass:** 12" to 16" protected slot limit. Daily creel limit—6 bass, only 2 may be 16" or greater.
- Other:** 35 mph speed limit days, 6 mph limit ½ hour after sunset to 8 a.m.

BATTERSON PARK POND, Farmington (140 acres)

WALLEYE LAKE

- Species:** (CB YP WP S LMB WA)
- Season:** Open 6:00 a.m. 3rd Saturday April–October 31.
- Other:** Use of internal combustion engines prohibited.

BAUMMER POND, Naugatuck (2.7 acres)

- Species:** (T BB S)
- Season:** Open 6:00 a.m. 3rd Saturday April–last day February.

BEACH POND, Voluntown – Rhode Island (372 acres)

WALLEYE LAKE

- Species:** (T LMB SMB CP S YP WA)
- Note:** Connecticut or Rhode Island fishing license legal on entire pond. Rhode Island regulations apply for bass and pickerel.
- Season:** Open 6:00 a.m. 3rd Saturday April–last day February.
- Largemouth & smallmouth bass:** Daily creel limit—5 bass, 12" minimum length.
- Chain Pickerel:** Daily creel limit—5, 14" minimum length.
- Broodstock Atlantic salmon** have been stocked several times into this lake, first in 2007 and most recently in April 2009. Regulations for salmon are the same as for trout except: Daily creel limit—1 Atlantic salmon.
- All Other Species:** CT Statewide regulations apply.
- Other:** No more than six tip-ups may be used when ice-fishing.

BEACHDALE POND, Voluntown (46 acres)

- Species:** (LMB T YP BB)
- Season:** Open 6:00 a.m. 3rd Saturday April–last day February.
- Other:** 8 mph speed limit.

BEACHLAND POND, West Hartford (1.1 acres)

- Children's Pond:** Fishing restricted to children under age 16.
- Season:** Open 6:00 a.m. 3rd Saturday April–November 30.

BEAVER BROOK PONDS (Bibbins Ponds), Windham (20 acres)

- Species:** (T)
- Season:** Open 6:00 a.m. 3rd Saturday April–last day February.
- Other:** Boats and canoes prohibited except from May 16 to October 31. Motors prohibited.

BEAVER PARK LAGOON, New Haven (8.5 acres)

- Species:** (AE LMB CA S BB)
- Season:** Open 6:00 a.m. 3rd Saturday April–October 31.

BESECK LAKE, Middlefield (116 acres)

- Species:** (LMB YP CB S)
- Other:** 8 mph speed limit. See 2012 Boater's Guide for summer exemption.

BESSE PARK POND, Torrington (4.5 acres)

- Children's Pond:** Fishing restricted to children under age 16.
- Season:** Open 6:00 a.m. 3rd Saturday April–November 30.

BICENTENNIAL POND

(Mansfield Town Pond), Mansfield (6 acres)

- Species:** (T S LMB BB)
- Season:** Open 6:00 a.m. 3rd Saturday April–October 31.

BIGELOW POND, Union (25 acres)

- Species:** (T YP LMB S)
- Season:** Open 6:00 a.m. 3rd Saturday April–last day February.
- Other:** Use of internal combustion engines prohibited.

BILLINGS LAKE, North Stonington (97 acres)

BASS MANAGEMENT LAKE

- Species:** (T LMB YP CP S CB BB)
- Season:** Open 6:00 a.m. 3rd Saturday April to last day February.
- Largemouth & smallmouth bass:** 12" to 16" protected slot limit. Daily creel limit—6 bass, only 2 may be 16" or greater.

BISHOP SWAMP

(Jurovaty Pond), Andover (53 acres)

Informal cartop launch.

- Species:** (LMB CB S BB)
- Other:** Use of internal combustion engines prohibited.

BLACK POND, Meriden-Middlefield (76 acres)

BASS MANAGEMENT LAKE / CATFISH LAKE

Channel catfish first stocked in 2007.

- Species:** (T LMB CP BB CB S CC)
- Season:** Open 6:00 a.m. 3rd Saturday April–last day February.
- Largemouth & smallmouth bass:** 12" to 16" protected slot limit. Daily creel limit—6 bass, only 2 may be 16" or greater.
- Other:** Use of internal combustion engines prohibited.

BLACK POND, Woodstock (74 acres)

- Species:** (T LMB SMB CP YP BB S CB)
- Season:** Open 6:00 a.m. 3rd Saturday April–last day February.
- Other:** Motors limited to 5 hp.

Lakes & Ponds

Statewide regulations for seasons, legal methods, and limits (page 8) apply unless a site-specific regulation is listed for a water body.

BLACK ROCK LAKE

(Branch Brook), Watertown (21 acres)

- Species: (T)
- Season: Open 3rd Saturday April–last day February.

BLACK ROCK POND, Watertown (9.5 acres)

In Black Rock State Park.

TROUT PARK

- Species: (T LMB)
- Season: Open 6:00 a.m. 3rd Saturday April–last day February.
- Trout: Daily creel limit—2.
- Other: All vessels prohibited.

BLUE LAKE (see Anderson Pond)

BOLTON LAKES (Lower, Middle, Upper), Bolton-Coventry-Vernon (346 acres)

BASS MANAGEMENT LAKE / CATFISH LAKE

Channel catfish first stocked into Lower Bolton Lake in 2007.

- Species: (YP BB CP LMB SMB S CC)
- Largemouth & smallmouth bass: 12" to 16" protected slot limit. Daily creel limit—6 bass, only 2 may be 16" or greater.
- Other: Motors limited to 6 hp.

BOLTON NOTCH POND, Bolton (17 acres)

- Species: (LMB S YP)

BRANFORD SUPPLY PONDS, Branford (26 acres)

- Species: (T LMB S CP)
- Season: Open 6:00 a.m. 3rd Saturday April–last day February.

BREAKNECK POND, Union-Massachusetts (92 acres)

Walk-in access (approximately 1.2 miles from north end of Bigelow Pond).

- Note: Connecticut or Massachusetts license legal on entire pond.
- Species: (S YP CB CP LMB)
- Other: Use of internal combustion engines prohibited. Motor vehicle access prohibited.

BROAD BROOK MILLPOND, East Windsor (19 acres)

- Species: (T LMB YP S)
- Season: Open 6:00 a.m. 3rd Saturday April–last day February.
- Other: Motors prohibited.

BULL POND, Harwinton (20 acres)

Informal cartop access.

- Species: (BB LMB BC)
- Other: Motors prohibited.

BUNNELL'S POND

(Beardsley Park Pond), Bridgeport (33 acres)

COMMUNITY FISHING POND / CATFISH LAKE

Channel catfish first stocked in 2007.

- Species: (S CC T)
- Season: Open 6:00 a.m. 3rd Saturday April–November 30.
- Other: Ice fishing prohibited.

BURR POND, Torrington (85 acres)

- Species: (BB LMB S)
- Other: 8 mph speed limit.

BUTTERNUT POND, East Windsor (1.4 acres)

- Children's Pond: Fishing restricted to children under age 16.
- Season: Open 6:00 a.m. 3rd Saturday April–October 31.

CANDLEWOOD LAKE, Danbury-New Fairfield-Sherman-New Milford-Brookfield (5064 acres)

TROUT MANAGEMENT LAKE

- Species: (T LMB SMB YP WC WP CB BB S)
- Season: Open 6:00 a.m. 3rd Saturday April–March 31.
- Trout: From March 1–March 31; Daily creel limit—1, 16" minimum length.
- Other: 45 mph daytime speed limit, 25 mph from ½ hour after sunset to ½ hour before sunrise.

CEDAR LAKE, Chester (69 acres)

- Species: (T YP LMB CP BB S)
- Season: Open 6:00 a.m. 3rd Saturday April–last day February.
- Other: 6 mph speed limit.

CHATFIELD HOLLOW POND (see Schreeder Pond)

LAKE CHAMBERLAIN, Bethany (107 acres)

BASS MANAGEMENT LAKE

- Species: (LMB CP S)
- Season: Open 6:00 a.m. 3rd Saturday April–November 30.
- Largemouth & smallmouth bass: 12" to 16" protected slot limit; Daily creel limit—6 bass, only 2 may be 16" or greater.
- Note: Shore fishing only. Fishing by permit from South Central Connecticut Regional Water Authority 203-562-4020.

CHRISTENSEN'S POND, Granby (1.5 acres)

- Species: (T S)
- Season: Open 6:00 a.m. 3rd Saturday April–last day February.

CITY HALL POND, Milford

- Children's Pond: Fishing restricted to children under age 16.
- Season: Open 6:00 a.m. 3rd Saturday April–November 30.

CLARKS POND (Mill River), Hamden

- Species: (T)
- Season: Open 6:00 a.m. 3rd Saturday April–last day February.
- Other: Boats and canoes prohibited.

COLEBROOK RIVER LAKE, Colebrook-Massachusetts (826 acres)

BASS MANAGEMENT LAKE

- Note: Connecticut or Massachusetts fishing license legal on entire pond from demarcation posters downstream to the dam.
- Species: (T RA LMB SMB WC)
- Season: Open 6:00 a.m. 3rd Saturday April–last day February.
- Largemouth & smallmouth bass: 12" to 16" protected slot limit; Daily creel limit—6 bass, only 2 may be 16" or greater.
- Other: 20 mph speed limit. The possession and use of any live alewives, blueback (glut or river) herring, gizzard, hickory or threadfin shad as bait is prohibited.

COLONY POND (Abe Stone Park Pond), Ansonia (3.6 acres)

- Season: Open 6:00 a.m. 3rd Saturday April–November 30.

COMPENSATING RESERVOIR (see Lake McDonough)

CONGAMOND LAKES (South Pond, Middle Pond, and North Pond), Suffield-Massachusetts (465 acres)

- Note: Connecticut or Massachusetts fishing license is legal on all three lakes.
- Species: (T LMB BB YP CP AE S)
- Massachusetts regulations apply as follows:
- Season: open year-round.
- Trout: Daily creel limit—3
- Bass: Daily creel limit—5, 12" minimum length.
- Chain pickerel: Daily creel limit—5, 15" minimum length.
- Other: Not more than two hooks may be used during periods of open water fishing and not more than five hooks may be used when ice fishing.

Lakes and Ponds open year-round (no closed season) unless otherwise stated.

COVENTRY LAKE

(Wangumbaug Lake), Coventry (373 acres)

BASS MANAGEMENT LAKE / WALLEYE LAKE

- **Species:** (T YP LMB SMB WA S CB)
- **Season:** Open 6:00 a.m. 3rd Saturday April–last day February.
- **Largemouth & smallmouth bass:** 12" to 16" protected slot limit. Daily creel limit—6 bass, only 2 may be 16" or greater.
- **Other:** The possession and use of any live alewives, blueback (glut or river) herring, gizzard, hickory or threadfin shad as bait is prohibited. 6 mph speed limit from sunset to 1 hour after sunrise all days, and on Sundays noon to 4:00 p.m. from May 15 to September 15, and from noon to 2:00 p.m. on July 4. 40 mph limit all other times.

CRESCEENT LAKE, Southington (51.2 acres)

- **Species:** (LMB S YP)
- **Other:** Permit required for non-resident use (contact Town of Southington Parks & Recreation at 860-276-6219). Use of internal combustion engines prohibited.

CRYSTAL LAKE, Ellington-Stafford (183 acres)

TROPHY TROUT LAKE

- **Species:** (T YP CP SMB LMB S)
- **Season:** Open 6:00 a.m. 3rd Saturday April–March 31.

NEW REGULATION

- **Trout:**
 - From 6:00 a.m. 3rd Saturday April–last day February, 12" to 16" protected slot limit. Daily creel limit—5, only 1 may be 16" or greater.
 - From March 1–March 31; Daily creel limit—1, 16" minimum length.

CANDLEWOOD LAKE DEPTH MAP

First produced in 2006, Connecticut DEEP's Candlewood Lake depth map has become an angler favorite.

- Produced using state-of-the-art GPS technology.
- Field work and compilation ran from 1999 to 2005, and the final product is a color chart which measures 23 by 36 inches.
- The best and most current information on Candlewood Lake depths available.
- Maps are fully laminated, so the weather won't damage it.

Available from the DEEP Store \$10.95

- Order by phone: 860-424-3555
- Shop online: www.ct.gov/deep/store
- Visit our Hartford store or order by mail

Fishing licenses are available at the DEP store!

Launch open 8 a.m. until sunset from April 15th through November 27th.

NORTHERN PIKE LAKE

- Species:** (LMB NP CP CB YP BB S)

Remember, hunting is a popular fall activity! As a safety precaution we recommend wearing some bright clothing such as a fluorescent orange hat or vest.

NATURAL SHORELINES ARE GOOD FOR FISHING

By keeping shorelines natural, you can help protect water quality and improve fish habitat. A shoreline without trees and shrubs can get washed away, making the water muddy and unsuitable for fish. If you live near a lake or a river, plant a buffer strip along the water's edge using trees, shrubs, wildflowers or other native plants. Trees and other vegetation filter pollution and provide shade, shelter, habitat, and food critical for bass, trout, and other fish to thrive and reproduce. Keep your favorite fishing spots well vegetated!

For more tips and information, visit

Group Fishing Licenses

GROUP FISHING LICENSES

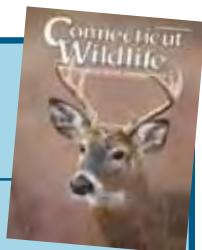

Now available to qualified 501(c)(3) organizations wishing to conduct group fishing programs and events for:

- Veterans with a service-related or other disability who receive services at a U.S. Department of Veterans Affairs Connecticut Healthcare System facility;
- Persons who receives mental health or addiction services from the Department of Mental Health and Addiction Services (DMHAS), DMHAS programs or facilities, or psychiatric hospitals operated at least in part by DMHAS;
- Individuals with autism or intellectual disabilities who receive services from the Department of Developmental Services (DDS) or a facility licensed by DDS; or
- Persons receiving care from the Department of Children and Families (DCF), DCF receiving homes, or certain DCF-licensed child care facilities or programs.

Qualified tax-exempt organizations can apply for a Group Fishing License (\$250.00 annual fee). Holders of this license may hold up to 50 events per year, including both inland and marine water events. Each event is limited to 50 people. The events must be supervised by organization staff or volunteers. Supervising staff and volunteers must have fishing licenses. The organization may not charge a fee to participate and the events may not be used as a fundraiser.

Contact DEEP Inland Fisheries (phone: 860-424-3474, email: deep.inland.fisheries@ct.gov) for more information and application forms.

How much does your fish weigh?

HOW MUCH DOES YOUR FISH WEIGH?

SPECIES	FORMULA
Striped Bass	$\frac{\text{Length}^3}{2,200}$
Walleye Yellow Perch	$\frac{\text{Length}^3}{2,700}$
Northern Pike Chain Pickerel	$\frac{\text{Length}^3}{3,500}$
American Shad Hickory Shad	$\frac{\text{Length}^2 \times \text{Girth}}{1,650}$
Sunfish Scup	$\frac{\text{Length}^3}{1,200}$
Largemouth Bass Smallmouth Bass Black Sea Bass	$\frac{\text{Length}^2 \times \text{Girth}}{1,200}$
Trout Weakfish Bluefish	$\frac{\text{Length} \times \text{Girth}^2}{700}$

Remember, it's illegal to fish in or into a DEEP permitted swim area.

(RSCA §15-121-B12(c))

A = length; B = girth (girth is the greatest distance around the body)

Example:

A 30 inch striped bass weighs approximately 12 pounds.

$$\frac{30'' \times 30'' \times 30''}{2,200} = 12.3 \text{ pounds}$$

The Original
BioBricks®
A New Look at Firewood™

Locally-made, 100% wood BioBricks.

Your environmentally conscious, easy-to-use, economical solution to winter heating.

Designed to excel in a woodstove! Also great for fireplaces, campfires and chimineas. One pallet of our BioBricks brings as much heat into your house as a cord of wood and is easily stored inside.

BioBricks are a clean-burning alternative, producing minimal smoke, creosote and ash — overall 1/2 the amount produced by cordwood.

No Mess. No Bugs. No Chopping.

Rivers & Streams

Statewide regulations for seasons, legal methods, and limits (page 8) apply unless a site-specific regulation is listed for a water body.

The following rivers and streams or sections thereof are available for public fishing through the courtesy of the landowner, or where indicated by posters, through cooperative agreement, lease, or state ownership.

Determining fishing regulations is a simple two-step process:

1. Check the regulation table (page 8) for general statewide Species, Legal Methods, and Limits regulations.
2. Look up the **waterbody** in the alphabetical list of lake and ponds to find any **special regulations** that apply. If no site-specific regulations are listed for a waterbody, statewide regulations apply.

Special Management Areas For Trout (alternative regulations such as extended seasons, minimum lengths & reduced creel limits):

- **Trout Management Areas (TMA)**: High quality fisheries offering year-round opportunities.
- **Trout Parks**: Easy to fish, frequently stocked areas.
- **Trophy Trout Streams**: Stocked with a higher proportion of larger fish.
- **Sea-run Trout Streams**: Areas where DEP is working to establish populations of anadromous brown trout.
- **Wild Trout Management Areas (WTMA)**: There are three classes of WTMA:
 - Class 1: Abundant wild trout, not stocked.
 - Class 2: Wild trout and some stocked fry & fingerlings.
 - Class 3: Some wild trout, most also stocked with catchable size & fingerling size trout.

Lower River/Tidal Waters

Designated rivers & streams with no closed season including the entire Connecticut and Thames rivers, and downstream portions of the Coginchaug, Farmington, Housatonic, Mattabesett, Mystic, Naugatuck, Niantic, Quinnipiac, and Salmon rivers.

Public Access to Fishing Waters

Public access to fishing waters is restricted to rights-of-way designated by poster or by permission of landowner. On state-leased streams, fishermen must wade or stay near the stream bank as indicated by signs.

Rivers and Streams Legend

Public boat launching area

Facilities for disabled

State campground

State picnic area

Access/stocking location information

(T BN) Indicates degree of stocking and/or presence of wild trout:

T Light/moderately stocked

T Heavily stocked

BANTAM RIVER (outlet from Bantam Lake), Litchfield (T)

Downstream of Bantam Lake from Bantam to Smokey Hollow Road in West Morris.

- **Methods**: Fly fishing only where indicated by posters.

BARTLETT BROOK, Lebanon (T)

Intermittent sections from Brewster Pond downstream to Yantic River.

BEACON HILL BROOK, Bethany-Naugatuck-Beacon Falls (T BK BN)

From Route 63 crossing in Bethany to confluence with Naugatuck River.

WILD TROUT MANAGEMENT AREA (Class 3)

From Route 63 crossing in Naugatuck downstream to confluence with Naugatuck River:

- **Trout**: 9" minimum length.

BEAVER BROOK, Barkhamsted (T BK)

Intermittent sections from West Center Hill Road through Peoples State Forest (Beaver Brook/Greenwoods Roads) to Route 318.

BEAVER BROOK (includes Fire Ponds), Franklin-Sprague (T BN)

Intermittent sections along Route 207 to the Shetucket River.

BEAVER BROOK, Windham-Scotland (BK BN)

MERRICK BROOK WILD TROUT MANAGEMENT AREA (Class 1)

In Talbot Wildlife Management Area from Route 14 to Merrick Brook:

- **Season**: Open year-round.
- **Methods**: Barbless single-hook artificial lures and flies only.
- **Trout**: Catch and Release Only

BELCHER BROOK, Berlin (T)

Intermittent sections from Four Rod Road to Lower Lane.

BIBLE ROCK BROOK, Haddam-Middletown (T)

Intermittent sections along Route 154.

BIGELOW BROOK, Eastford-Union (T)

Intermittent sections from Mashapaug Lake to Natchaug River.

BIRDSEYE BROOK, Cornwall (T)

Within the Mohawk Ski Area.

Rivers & streams open season is from 6:00 am on the 3rd Saturday in April to the last day of February unless otherwise stated.

BLACKBERRY RIVER, Norfolk-Canaan (T BN)
From $\frac{1}{2}$ mile west of Route 272 along Route 44 and Lower River Road to confluence with Housatonic River.

WILD TROUT MANAGEMENT AREA (Class 3)
From Whiting River to confluence with Housatonic River.

- **Trout:** 9" minimum length.

BLACKLEDGE RIVER,
Bolton-Hebron-Marlborough (T)

Intermittent state-owned sections from Gay City State Park to the Salmon River.

- **Trout:** 9" minimum length — Downstream of Route 94, Glastonbury, to the Salmon River.

BLACKWELL BROOK, Brooklyn-Canterbury (T)
Intermittent sections from Woodward Road to the Quinebaug River.

BLADENS RIVER, Woodbridge-Seymour (T BK)

From $\frac{1}{4}$ mile below Bethmour Road along Route 67 to $\frac{1}{4}$ mile below Chatfield Street, includes tributary (Hopp Brook) along Miller Road.

BRANCH BROOK, Watertown (T)

TROUT PARK

Within Black Rock State Park:

- **Trout:** Daily creel limit—2.

BRANFORD RIVER, Branford-North Branford (T)

Intermittent sections from Route 22 to I-95.

BROAD BROOK, Ellington (T BK BN)

Intermittent sections along Muddy Brook Road, and from Broad Brook Mill Pond to Scantic River.

BROAD BROOK, Preston (T)

Intermittent sections from Swantown Road to Old Jewett City Road.

BUCK BROOK, Portland (T)

In Meshomasic State Forest.

BUCKHORN BROOK, Enfield (T)

Intermittent sections from Town Farm Road downstream to the Scantic River.

BUNGEE BROOK, Eastford-Woodstock (T)

Intermittent sections from Route 171 downstream to the Still River.

BUNNELL BROOK
(Burlington Brook), Burlington (T)

From Covey Road, then along Route 4 to confluence with Farmington River:

- **Trout:** 9" minimum length downstream of Covey Road.

BUTTERNUT BROOK, Litchfield (T)

Upstream of Route 202 to confluence with the Bantam River.

BUTTONBALL BROOK, Chaplin (T)
Intermittent sections from Route 6 downstream to the Natchaug River.

BYRAM RIVER, Greenwich (T)
From Merritt Parkway to Glen Ridge Road.

CANDLEWOOD HILL BROOK, Haddam (T)
Intermittent sections along Candlewood Hill Road.

CARR BROOK (Cox Brook), Portland (T)
Intermittent sections from South Road downstream to Penfield Hill Road.

CARSE BROOK, Sharon (T)
Smith Hill Road to Housatonic River.

CATTLE LOT BROOK, Marlborough (T)
From Quinn Road downstream to Dickinson Creek.

CEDAR SWAMP BROOK, Mansfield (T)
Intermittent sections from Route 44 downstream to Ravine Road.

CEDAR SWAMP BROOK, Stafford (T BK)
Nipmuck State Forest from Crooked Road downstream to Roaring Brook.

CEDAR SWAMP BROOK, Sterling (BK)
Intermittent sections from Portertown Road to the Moosup River.

CHATFIELD HOLLOW BROOK, Killingworth (T)

TROUT PARK

In Chatfield Hollow State Park:

- **Trout:** Daily creel limit—2.

CHERRY BROOK, Canton (T BN BK)

From Routes 179 and 309, along Route 179 through Canton Center.

- **Trout:** 9" minimum length downstream of Route 179.

CHOATE BROOK, Preston (T)

Intermittent sections from Route 165 to the Quinebaug River.

COGINCHAUG RIVER,
Durham-Middlefield-Middletown (T)

Intermittent sections from Route 17 in Durham through Wadsworth Falls State Park.

LOWER RIVER/TIDAL WATERS—no closed season

Downstream from Route 3 bridge to confluence with Mattabesset River.

- **Trout:** Daily creel limit—2, 15" minimum length.

CONNECTICUT RIVER, Enfield to Old Lyme

LOWER RIVER/TIDAL WATERS—no closed season

Includes entire river in Connecticut

- **Species:** (AE CA CB LMB NP SMB S WA WC WP YP)
- **Large & smallmouth bass:** 12" minimum length.
- **Trout:** Daily creel limit—2, 15" minimum length.
- **Northern pike:** 24" minimum length.
- **Alewives/Blueback Herring:** Special closures may be in effect (see page 8).

COPPERMINE BROOK,
Burlington-Bristol (T BK BN)

Intermittent sections from South Main Street to Stevens Street.

PEQUABUCK RIVER TROUT MANAGEMENT AREA

In Bristol from Artisan Street downstream to confluence with Pequabuck River.

- **Season:** Open year-round.
- **Trout:** Catch and Release Only.

COPPS BROOK, Stonington (BK)
Access from Route 184.

CORY BROOK, Canterbury (T)

Intermittent sections from Gooseneck Hill Road downstream to Aspinook Pond.

CRYSTAL LAKE BROOK, Stafford (T)

Intermittent sections along Route 30.

DARK HOLLOW BROOK, Glastonbury (BK)

In Meshomasic State Forest along Route 2.

DEEP BROOK, Newtown (BK BN)

WILD TROUT MANAGEMENT AREA (Class 1)

HOP BROOK, Middlebury-Waterbury (T)

From Route 64 to Hop Brook Flood Control Impoundment.

HOP RIVER (includes Johnsons Pond), Bolton-Coventry (T)

Intermittent sections along Route 6 to the Willimantic River.

HOPE VALLEY BROOK, Hebron (T)

Hope Valley Road downstream to the Jeremy River.

HORSE BROOK, Plainfield (T)

Intermittent sections from Pickett Road downstream to Packerville Road.

HOUSATONIC RIVER (includes all impoundments from Bleachery Dam to the Massachusetts line),

Salisbury-Canaan-Sharon-Cornwall-Kent-Sherman-New Milford (T SMB NP CA)

For Housatonic River Flows at Falls Village: 1-888-417-4837.

- **Thermal refuges:** Areas within 100 feet of the mouths of Kent Falls Brook and Macedonia Brook as posted are closed to all fishing from June 15 to August 31.

HOUSATONIC RIVER TROUT MANAGEMENT AREA

From bridge crossing at Routes 112 and 7 (Salisbury/Canaan) to bridge at Routes 4 and 7 (Cornwall/Sharon):

- **Season:** Open year-round except in areas within 100 feet of tributaries that are closed to all fishing from June 15 to August 31, as posted.
- **Trout:** **Catch and Release Only.**
- **Methods:** Fly fishing only in the 3 mile section upstream from Route 4 bridge, as posted.

BASS MANAGEMENT AREA (STANLEY TRACT AREA)

From Dawn Hill Road (Sharon) to Skiff Mountain Road in Kent (approximately 6 miles):

- Area managed for smallmouth, statewide regulations apply.

BULL'S BRIDGE TROUT MANAGEMENT AREA / BASS MANAGEMENT AREA

From Bull's Bridge Impoundment Dam (Kent) to Gaylordsville Bridge (Route 7) in New Milford, includes Ten Mile River from NY border to confluence with Housatonic River:

- **Season:** Open year-round except in areas within 100 feet of tributaries that are closed to all fishing from June 15 to August 31, as posted.
- **Trout:** **Catch and Release Only.**
- **Large & Smallmouth bass:** **Catch and Release Only.**

LOWER RIVER/TIDAL WATERS—no closed season

Derby, Orange, Shelton, Milford, Stratford Downstream from dam on Lake Housatonic (Derby). Walk-in access at Derby Dam off Route 34 (Derby) and Canal Street (Shelton).

- **Trout:** Daily creel limit—2, 15" minimum length.

HOWELLS POND BROOK, Hartland (T)

From Howell's Pond in Tunxis State Forest to Mill Street, approximately 1½ miles above West Branch Reservoir.

HUNTS BROOK, Montville-Waterford (T)

Intermittent sections from Miller's Pond to Smith Cove.

INDIAN HOLE BROOK, Shelton (T)

- **Children's Area:** From falls in Indian Well State Park downstream to railroad bridge.
- **Fishing restricted to children under 16 years of age.**
- **Season:** Open 3rd Saturday in April–November 30.

INDIAN RIVER, Killingworth-Clinton (T)

Intermittent sections from Stevens Road downstream to Upper Millpond.

INDIANTOWN BROOK, Ledyard-Preston (T)

Intermittent sections from Route 2 to Poquetanuck Cove. Includes Shewville Brook, Gates and Hallville Ponds, and Poquetanuck Brook.

IRON STREAM, Guilford-Madison (T)

At Twin Bridge Road.

JEREMY RIVER, Hebron-Colchester (T)

Intermittent Sections from Route 66 to the Blackledge River.

- **Trout:** 9" minimum length—Downstream of Grayville Road to the Salmon River.

JOE CLARK BROOK, Ledyard (BK)

Intermittent sections from Church Hill Road downstream to Poquetanuck Cove.

Rivers & Streams

Statewide regulations for seasons, legal methods, and limits (page 8) apply unless a site-specific regulation is listed for a water body.

JORDAN BROOK, Waterford (BK)

Intermittent sections along entire length.

JUDD BROOK, Colchester-Hebron

- **Trout:** 9" minimum length downstream of Old Colchester Road to Jeremy River.

KENT FALLS BROOK, Kent (T BK BN)

Below base of falls.

TROUT PARK

Within Kent Falls State Park:

- **Trout:** Daily creel limit—2

KETTLETON BROOK, Southbury (T BK BN)

Through Kettletown State Park to Lake Zoar.

KITT BROOK, Canterbury (T)

Intermittent sections from Route 14 to the Quinebaug River.

KNOWLTON BROOK, Ashford (T)

Route 44 within Natchaug State Forest.

LAKE WARAMAUG BROOK, Warren (T)

At Town Hill Road, then along Route 45 from Curtiss Road downstream to North Shore Road.

LATHROP BROOK, Plainfield (T)

Intermittent sections from Dow Road downstream to Mill Brook.

LATIMER BROOK, East Lyme-Waterford (T BK BN)

Intermittent sections along Route 161 from Silver Falls to Niantic River.

SEA RUN TROUT STREAM

Downstream of I-95 bridge:

- **Season:** Open year-round.
- **Trout:** Daily creel limit—2, 15" Minimum length.

LAUREL BROOK, Middletown (T)

From Anderson Road (Laurel Brook Road) through Wadsworth Falls State Park.

LEADMINE BROOK, Harwinton-Thomaston (T)

Intermittent sections from Route 4 in Harwinton through Roraback Wildlife Management Area to confluence with Naugatuck River (Thomaston Flood Control Area).

LITTLE RIVER, Canterbury-Hampton (T)

Intermittent sections from Route 97 to Paper Mill Pond.

Rivers & streams open season is from 6:00 am on the 3rd Saturday in April to the last day of February unless otherwise stated.

VOLUNTEER OPPORTUNITIES

The Bureau of Natural Resources appreciates all the help it receives from volunteers each year. Typically, volunteers are from organized groups, but there are also some opportunities for individuals. Among the programs in which you may be able to participate:

Atlantic Salmon and Herring Restoration Programs

For groups: Contact Steve Gephard or Bruce Williams (Inland Fisheries Division) at 860-434-6043

CT Aquatic Resource Education Program (CARE)

For individuals: Volunteers are trained and certified to teach an introductory course in fishing. Training/Certification is offered once a year in February. Certified instructors must participate in one CARE event per year. Participation may include teaching or assisting the teaching of a 6 hour class in your hometown or helping out at a special event. A desire to pass on your angling knowledge and lots of enthusiasm for the sport are all we require to join the program. See page 4 for more! Contact Tom Bourret or Justin Wiggins of the Inland Fisheries Division at 860-663-1656.

Volunteer Angler Survey – Saltwater Anglers

For Individuals: See page 48 for details. Contact Rod MacLeod (Marine Fisheries Division) at 860-434-6043

Thanks for your interest in the health of our fisheries resources!

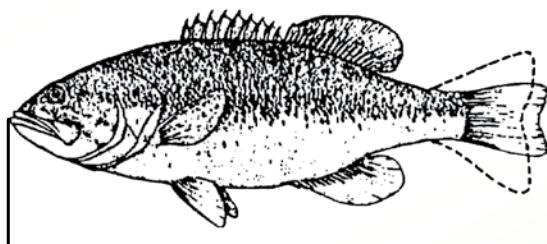

FISHERIES ADVISORY COUNCIL

The Fisheries Advisory Council (FAC) is a group of dedicated citizens from all regions of the state working together for fish and fishing in Connecticut.

For more information about the FAC, please call 860-424-3474.

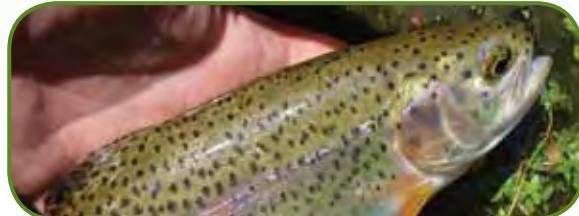

All fish are measured from tip of snout to end of tail (total length).

Total Length

Catch and Release improves fishing for future generations.

- **Blackhall River:** Old Lyme. Route 156.
- **Branford River:** Branford. Montowese Street.
- **Bride Brook:** East Lyme. First railroad crossing.
- **Byram River:** Greenwich. First railroad crossing.
- **Clinton River:** (Indian River) Clinton. Route 1.
- **Connecticut River:** I-95 bridge. Old Lyme-Old Saybrook.
- **Duck River:** Old Lyme. Entirely in Marine District.
- **East Creek:** Guilford. The tide gates at Guilford dock.
- **Housatonic River:** Milford-Stratford. Merritt Parkway.
- **Indian Harbor:** Greenwich. First railroad crossing.
- **Indian River:** Milford. Route 122.
- **Jordan Cove:** Waterford. First railroad crossing.
- **Lieutenant River:** Old Lyme. Route 156.
- **Menunketesuck River:** Westbrook. 500 ft. north of Route 1.
- **Mianus River:** Greenwich. Dam north of Boston Post Road.
- **Mill River:** Fairfield. Dam at Harbor Road.
- **Mill River:** New Haven. Tide gates at State Street.
- **Mumford Cove:** Groton. Entirely in Marine District.
- **Mystic River:** Stonington-Groton. 500 feet north of Route 1.
- **Niantic River:** East Lyme-Waterford. Golden Spur Bridge, Route 1.
- **Norwalk River:** Norwalk. Wall Street.
- **Oyster River:** Milford. Route 122.
- **Palmer's Cove:** Groton. Entirely in Marine District.
- **Patchogue River:** Westbrook. Route 1.
- **Pawcatuck River:** Stonington. 500 ft. north of Route 1.
- **Pequonnock River:** Bridgeport. North Avenue (Route 1).
- **Poquonnock River:** Groton. 500 feet north of Route 1.

For a complete listing, consult section 26-108-1 of the Regulations of Connecticut State Agencies, and section 26-109 of the Connecticut General Statutes. These can be found at www.ct.gov/deep/laws-reg.

Fishing is Family Fun!

HOW TO CATCH FISH

SPECIES	HABITAT	FISHING METHOD	BAITS & LURES
Striped Bass 	<ul style="list-style-type: none">• Large rivers in Spring and Fall• Estuaries and bays in Summer	<ul style="list-style-type: none">• Drifting with live bait• Jigging and trolling• Bottom fishing with bait• Casting to fish	<ul style="list-style-type: none">• Live bait, menhaden, eels, shad and sand worms• All types of swimming lures, plastic and rubber bait
Black Sea Bass 	<ul style="list-style-type: none">• Estuaries and Sound• Rock piles/reefs• Oyster and mussel beds• Pilings and jetties	<ul style="list-style-type: none">• Anchored over structure, reefs• Bottom fishing• Fishing with bait	<ul style="list-style-type: none">• Sand worms, conch, shrimp, mummichogs, silversides, mussels and clams
Fluke 	<ul style="list-style-type: none">• Estuaries and bays• Lower sections of rivers• Hard bottom and channels preferred	<ul style="list-style-type: none">• Drifting with bait• Jigging up and down• Casting and slowly moving jig with bait	<ul style="list-style-type: none">• Live/dead bait (bunker, mummichogs, shiners & silversides), cut squid strips, baited jigs and plastic baits
Scup 	<ul style="list-style-type: none">• Estuaries and bays• Rock piles/reefs• Oyster and mussel beds• Pilings and jetties	<ul style="list-style-type: none">• Anchored over structure/reefs• Bottom fishing• Live or dead bait	<ul style="list-style-type: none">• Squid or conch strips, sand worms, shrimp, and mussels/clams

Contact your local bait and tackle shop for updated fishing information or www.ct.gov/deep/fishing for a list of bait shops

IMPORTANT DEFINITIONS OF FISHING TERMS

Closed Season (Saltwater) The period of time during which no person shall take, possess or land a particular species taken by sportfishing methods, regardless of where taken. Any species taken to the contrary must be returned immediately, without avoidable injury, to the waters from which it was taken.

- **Anglers cannot be in possession of fish legally taken in another state when on the waters or shores of Connecticut during a closed season for that species in Connecticut.**

Daily Creel Limit The number of fish of a species or species group that can be retained by an individual angler during the period from 12:01 a.m. to midnight. Any species taken to the contrary must be returned immediately, without avoidable injury, to the waters from which it was taken.

- **“Culling” or “High-Grading” means discarding or returning a previously retained fish to the water in order to retain a more desirable fish. Any fish placed on a stringer, in a container, cooler, live well or similar device, or otherwise not immediately released to the water shall count against the daily creel limit. “Culling” or “High-Grading” is prohibited in the Marine District!**

NATIONAL SALTWATER ANGLER REGISTRY

Congress, through the Magnuson-Stevens Fishery Conservation and Management Act, called on NOAA Fisheries to create a national registry of saltwater anglers. As required by the Magnuson-Stevens Act, NOAA will deliver to congress a report on all the efforts underway to phase in the new Marine Recreational Information Program (MRIP) – a partnership working to improve saltwater recreational fishing data collection and provide more informed fisheries conservation.

The registry will improve data collection by creating a universe of saltwater anglers, essentially a phonebook of fishermen. This resource will help reduce bias and improve the efficiency of catch and effort surveys. Instead of asking a random sample of coastal U.S. residents if they've gone fishing (what is currently done), an angler registry would allow surveyors to call upon those who have already identified themselves as saltwater fishermen. The National Saltwater Angler Registry team is in charge of creating this "phonebook" of anglers to ensure that marine anglers are accurately accounted for.

Anglers please note:

New York, Rhode Island and Massachusetts also have marine license requirements. Though Connecticut has reciprocity with these neighboring states, residents of Connecticut are required to have a CT Resident Marine Waters Sport Fishing License to fish in the Marine District.

Connecticut anglers holding valid Marine Waters Fishing License are exempt from National Saltwater Angler Registry.

For more information, please see www.countmyfish.noaa.gov.

CONNECTICUT STATE WATERS BOUNDARY

Fishing Across State Boundary Lines

Anglers are reminded that several states have areas of jurisdiction in Long Island Sound and fishing regulations can vary between these states. When on the waters or shores of each state, anglers must comply with all regulations of that state, regardless of the port they intend to return to. To be legal when crossing state boundary lines, anglers must abide by the most restrictive of the states' regulations for each species.

Latitude/Longitude coordinates depicting the Connecticut boundary line in Long Island Sound and Fishers Island Sound are available in the Marine Fisheries Information Circular which can be found on the DEEP web site: www.ct.gov/deep/fishing. The Information Circular can also be obtained by calling 860-434-6043 or email: dep.marine.fisheries@ct.gov.

Long Island Sound map is for general reference only. For detailed information, please refer to Navigational Charts.

Marine Angler Surveys

CT DEP MARINE ANGLER SURVEY

The Marine Recreational Information Program (MRIP) is a nation-wide program by the National Marine Fisheries Service (NMFS) to establish a reliable database for estimating the impact of recreational fishing on saltwater fish resources. This survey is conducted in all U.S. coastal states. The information is used by Fishery Management Councils, the Atlantic States Marine Fisheries Commission (ASMFC), as well as Federal and State resource agencies to create fishery management plans and to evaluate the impact of fishing regulations.

Estimates generated from the MRIP include the:

- total number of fish caught, released and harvested;
- weight of the harvest;
- total number of angler trips;
- number of marine recreational anglers.

In Connecticut, the Marine Fisheries Division conducts this fishing survey. CT DEEP staff will ask you questions including: where you were fishing; how long you were fishing; what species you were fishing for; how many did you catch and release; can we measure and weigh your kept fish; what town do you live in; how often do you fish, your name and phone number.

MARINE VOLUNTEER ANGLER SURVEY PROGRAM

The Marine Fisheries Division is seeking marine recreational anglers who will volunteer to participate in the **Connecticut Volunteer Angler Survey (VAS)** Program. The VAS Program is designed to collect fishing trip and catch information from marine recreational (hook and line) anglers who volunteer to record their angling activities via a logbook. VAS anglers contribute valuable fisheries-specific information concerning striped bass, fluke, bluefish, scup, tautog and other important finfish species used in monitoring and assessing fish populations inhabiting marine waters.

The VAS logbook is easy to fill out. Each participating angler is assigned a personal number code for confidentiality and recording instructions are provided on the inside cover of the logbook. Upon completion, simply tape the pre-postage paid logbook shut and drop it in the mail. Anglers that send in logbooks are provided with updated program results and Public Hearing Notices concerning Recreational Fishing Management (regulations). After all the logbooks are computer entered and error checked, the logbooks are returned to each participant for their own records.

Participating is very important for marine fisheries management. Please contact:

Fishing is Family Fun....Give it a Try.

Fishing in Connecticut, Share the Experience...
Take the Family or a Friend Fishing.

DID YOU KNOW?

Marine Recreational Information Program (MRIP)

- Over 175,000 marine anglers fished Long Island Sound in 2010
- Those marine anglers made over 1 million fishing trips in Long Island Sound
- Connecticut marine anglers caught 5.5 million fish of which 2 million were harvested (36%)
- Anglers harvested approximately 500,000 bluefish; 1,000,000 scup; 14,000 winter flounder; 40,000 summer flounder (fluke); 100,000 tautog and 87,000 striped bass

Volunteer Angler Survey (VAS)

In 2010, 43 Connecticut Anglers participated in the Program. VAS anglers caught:

- 409 tautog with an average length of 14.5", releasing 64%
- 1,310 scup with an average length of 11", releasing 66%
- 1,204 fluke with an average length of 16.75", releasing 76%
- 853 bluefish with an average length of 23.5", releasing 74%
- 800 striped bass with an average length of 26.5", releasing 86%

TIPS FOR BETTER CATCH and RELEASE FISHING

1. ARTIFICIAL LURES (swimming plugs, surface poppers, jigs, etc.) are often rigged with multiple treble hooks. One disadvantage of these lures is that a fish struggling to escape capture will often hook itself with the remaining treble hooks, leading to additional injury. Anglers should try to use lures with a single hook if possible, or replace treble hooks with steel hooks (not stainless), or reduce the number of treble hooks on the lure. Bend the barbs down.

2. BAIT FISHING is a popular technique, however the baited hook is often swallowed by the fish so that the hook is deeply imbedded in the stomach ("gut"). To reduce "gut hooking" a fish, anglers should set the hook immediately before the bait can be completely swallowed, or use a "circle" hook. When a fish is "gut hooked" the best solution is to cut the line as close to the hook eye as possible. This helps to prevent severe damage to the fish's internal organs, which can occur while trying to remove a hook. If the hook is not stainless steel, it will eventually corrode due to the fish's

stomach acids used in digestion. Please bend the barbs of hook down.

3. FISHING TOOLS USED IN HOOK REMOVAL can be extremely useful. Tools including needle nose pliers, hemostats, hook degorgers, nail clippers and wire cutting pliers can be very helpful in reducing hook removal time.

4. HANDLING METHODS depend on fishing technique used, how the fish is hooked, and size of the fish. Ideally, the fish should not be removed from the water. If fishing from a boat, try to prevent the fish from banging against the side or thrashing around the deck. Improper handling can cause internal injuries, skin abrasions, scale loss, or removal of the protective slime layer that prevents infection. When handling a fish make sure that your hands are wet to reduce loss of protective slime coat on fish.

5. TO RELEASE THE FISH, grasp the tail firmly and place the fish back in the water and slowly move the fish back and forth. This

motion will cause water to flow over the gills, restoring oxygen to the blood stream. Recovery time will vary according to size and health of the fish. As a general rule, the longer the fish fights and the higher the water and air temperature, the longer it will take the fish to recover. An erect dorsal fin is a sign of a revived fish.

THE MOST POWERFUL CYCLONE RAKE EVER!

Cyclone Rake Z-10

If you have big property cleanup chores – the new Cyclone Rake Z-10 is built for you. 10 HP Briggs Vanguard® engine plus huge 10-inch diameter vacuum system gives nearly 3 times the flow capacity of the 6-inch systems. It's perfect for Spring property cleanup, Summer lawns and heavy Autumn debris. Turns nearly any riding mower into a year-round cleanup powerhouse. When you're done, it folds up flat for easy storage.

Marine Recreational Fishing Regulations

SPECIES, MINIMUM SIZES, DAILY LIMITS, & FISHING SEASONS

Effective January 1, 2012: Species regulations are subject to change in 2012, but were not available at press time. For legal purposes, the Regulations of Connecticut State Agencies must be consulted. Visit www.ct.gov/deep/laws-regs or contact Marine Fisheries (860-434-6043) for current regulations.

NEW FOR 2011: Summer Flounder (Fluke) taken from SHORE ONLY at a designated summer flounder (fluke) reduced size limit (minimum length) fishing access site listed in Appendix A* shall not be less than 17 inches, provided no fish less than 18.5 inches shall be possessed on any boat, at any boat launch facility, or at any dock, pier or marina where sport fishing boats are moored or tied up. Please see Appendix A (Designated Summer Flounder SHORE Fishing Sites) at right. DAILY CREEL LIMIT is 1 fish. Please see Marine Recreational Fishing Regulations Table below for more information.

SPECIES	NOTES	OPEN SEASON	MINIMUM LENGTH	DAILY CREEL LIMIT (fish per angler)
Alewife/ Blueback Herring	The taking of Alewife and Blueback Herring is prohibited.			
American Eel	Eel Pots limited to 2 pots per person, personal use only. Legal Methods: Angling, Snagging, Eel Pot	Year Round	6"	50
American Shad	In the Pawcatuck River, the open season for American Shad follows Rhode Island regulations and the daily limit is 1 shad .	Year Round	None	6 (American and Hickory Shad in aggregate)
Atlantic Cod	Visit www.nero.noaa.gov/nero/regs for updated federal regulations.	Year Round	22"	10
Black Sea Bass	<i>Regulations may change this year, please see www.ct.gov/deep/fishing for updated fishing regulations.</i>	July 1 – October 1 and November 1 – December 31	13"	25
Bluefish		Year Round	None	10 (including snapper bluefish)
Haddock	Visit www.nero.noaa.gov/nero/regs for updated federal regulations.	Year Round	18"	None
Hickory Shad		Year Round	None	6 (American and Hickory Shad in aggregate)
Pollock	Visit www.nero.noaa.gov/nero/regs for updated federal regulations.	Year Round	19"	None
Scup (Porgy)	Private Anglers	May 24 – September 26	10.5"	10
	Party/charter vessels	June 8 – September 6	11"	10
		September 7 – October 11	11"	40
Sea-Run Trout (Brown, Brook, Rainbow)		Year Round	15"	2 (all species in aggregate)
Striped Bass	• No spearing or gaffing	Year Round	28"	2
Summer Flounder (Fluke)	• On the water, fillets must meet minimum length or be accompanied by a legal sized rack (carcass) • New for 2011	May 15 – September 5	18.5"	3
Summer Flounder Shore Fishing Only*	• New for 2011: Fish taken from SHORE FISHING SITES ONLY at a designated summer flounder (fluke) reduced size limit (minimum length) fishing access site listed in Appendix A* shall not be less than <u>17 inches</u> (Total Length) and the Daily Creel Limit is <u>1</u> fish. Please see this page for Appendix A (Designated Summer Flounder SHORE Fishing Sites).	May 15 – September 5	17"	1
Tautog (Blackfish)	<i>Regulations may change this year, please see www.ct.gov/deep/fishing for updated fishing regulations.</i>	January 1 – April 30	14"	4
		July 1 – August 31	14"	2
		October 1 – December 6	14"	4
Weakfish		Year Round	16"	1
White Perch		Year Round	7"	30
Winter Flounder	Open season: April 1 – May 30 Closed season: May 31 – March 31			
			12"	2
Sharks/Tuna	http://www.nmfs.noaa.gov/sfa/hms/			

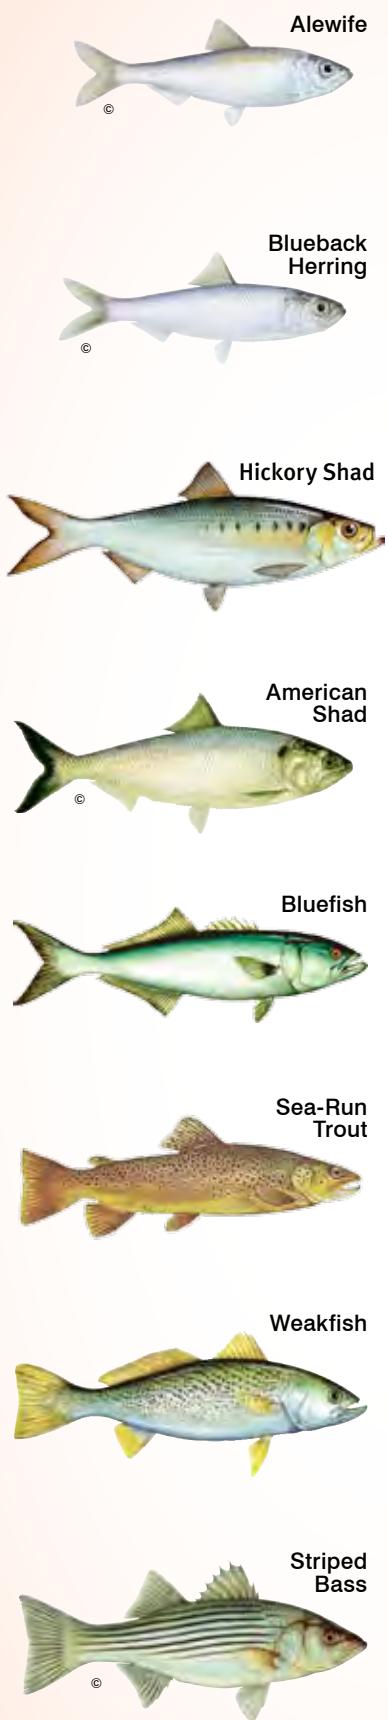

Minimum length is measured from the tip of the snout (head) to the end of the tail.

Spearfishing is an allowed recreational activity, subject to all sport fishing regulations.

BASS • BLUES • FLUKE • SCUP
BLACK FISH • SEA BASS

Recreational Fishing for Bait Species, Blue Crab & Lobster

TAKING OF BAIT SPECIES

For personal use/not for sale: License required in marine district.

Fishing gear which may be used to catch bait species

- Cast Nets.
- Minnow Traps: no larger than 20" long by 15" in diameter.
- Umbrella Nets: not more than 4 ft. in length by 4 ft. in width.
- Scoop or Scap Nets: no larger than 36" in diameter.
- Seines: no longer than 30 feet in length.
- Up to two eel pots.
- Hook & Line.
- By hand.

Legal Bait Species

- Menhaden (**license required for gillnetting, see below**)
- Striped Killifish and Banded Killifish
- Atlantic Silverside
- Tidewater Silverside
- Mummichogs
- Sea Herring (Atlantic Herring)
- Sand Lances (Sand Eels)
- American Eel
- Sea Lamprey
- Bay Anchovy
- Mullet Species
- Sheepshead Minnow
- Shrimp Species
- Green, Fiddler, Asian Shore and Hermit Crabs
- **Other fish of legal length may be used, if taken by Hook & Line only!**

GILLNETTING MENHADEN

For personal use/not for sale: License required.

Legal Menhaden Capture Methods

Use of a single gillnet, not more than 60 feet in length.

Prohibited

The taking of any species other than menhaden.

Required

- All gillnets must have a tag, provided with the license number.
- A minimum mesh size of 3" stretched.

Info

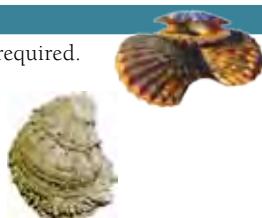

- Call 860-434-6043, ask for the Personal Use Menhaden Gillnet License Guidelines.
- Please submit daily catch record at the end of the year to:
DEEP Marine Fisheries Division
P.O. Box 719, Old Lyme, CT 06371

SHELLFISH

For personal use/not for sale: License required.

Species Include

- Mussels
- Oysters
- Clams
- Scallops

Contact the town where you plan to harvest shellfish for permit information, or the Department of Agriculture, Aquaculture Division at 203-874-0696. email: dept.agric@snet.net

LOBSTER

Recreational harvest/not for sale: License required.

Legal Lobster Capture Methods:

- Ten pots or less (pot tags required)
- Skin Diving
- SCUBA Diving
- Hand Capturing

No closed season.

Minimum Shell Length: 3 $\frac{3}{8}$ " (eye socket to end of carapace).

Prohibited

- Use of spears or hooks. Possession of speared lobsters.
- Possession of egg bearing females or female lobsters with a $\frac{1}{8}$ " or deeper V-shaped notch in the tail flipper.
- Tending pots from one half hour past sunset to one half hour before sunrise.

Required

- Catch compartments (parlor) escape vents — either one 2" by 5 $\frac{3}{4}$ " rectangular or two 2 $\frac{1}{2}$ " circular escape vents.
- Maximum trap size is 22,950 cubic inches.

Info

- Call 860-434-6043, ask for the Guidelines for Personal Use Lobster Fishing in Connecticut.
- Lobster Gauges can be purchased at the Marine Fisheries office in Old Lyme or from DEEP Licensing at:
79 Elm Street, 1st Floor,
Hartford, CT 06106-5127
860-424-3105
- Please submit daily catch record at the end of the year to:
DEEP Marine Fisheries Division
P.O. Box 719, Old Lyme, CT 06371
www.ct.gov/deep/fishing

BLUE CRAB

For personal use/not for sale: No license required.

Legal Blue Crab Capture Methods:

- Scoop Net, Hand Line, Dip Net, Trot Line
- Star Crab Trap (or similar device)
- Circular Topless Trap (not exceeding 26" in diameter)
- Semi-Circular Cylindrical Trap (12" or less in diameter)

Open Season

May 1–November 30.

Minimum Shell Width: (Spike Tip to Spike Tip)

- 5" hard shell crabs
- 3 $\frac{1}{2}$ " soft shell crabs

Prohibited

- Possession of uncooked blue crab meat without the body shell attached.
- Possession of more than 2 claws per body.
- Possession of egg bearing females.

Required

All devices must be attended at all times.

For additional information, refer to the Marine Fisheries Information Circular by visiting the www.ct.gov/deep/fishing or call the Marine Fisheries Division at: 860-434-6043.

Coastal Boat Launches

For other boat launches, see the 2011 CT Boaters Guide (www.ct.gov/deep/boating) and the CT Coastal Access Guide (www.lisrc.uconn.edu/coastalaccess/index.asp). Call 860-424-3034 or e-mail coastal.access@ct.gov for questions or additional information.

Fees

There may be a fee per vehicle or combination of a tow vehicle & trailer for parking on:

- Saturdays, Sundays and holidays from April 1–October 31, at launches marked with an asterisk (*).

BARN ISLAND, STONINGTON*

- **Parking:** 60 cars with trailers.
- **Toilets:** Chemical, seasonal.
- **Conditions:** Large ramp with floating dock.
- **Use:** Heavy use on weekends.
- **Access:** I-95, Exit 91. South to N. Main Street to Rte. 1. Greenhaven Road to Palmer Neck Road, follow to end.

BAYBERRY LANE, GROTON*

- **Parking:** 30 cars with trailers.
- **Toilets:** Chemical, seasonal.
- **Conditions:** Steep ramp, shallow at low tide.
- **Use:** Heavy use on weekends.
- **Access:** I-95, Exit 87. Rte. 349 becomes Shennecossett Road, left onto Bayberry Lane.

BRANFORD RIVER, BRANFORD*

- **Parking:** 50 cars with trailers.
- **Toilets:** Chemical, seasonal.
- **Conditions:** Steep ramp, shallow at low tide.
- **Use:** Low use.
- **Access:** I-95, Exit 53. Route 142 left onto Stannard Avenue to Goodsell Point Road.

CONNECTICUT RIVER, OLD SAYBROOK*

- **Parking:** 75 cars with trailers.
- **Toilets:** Chemical, year round.
- **Conditions:** Large ramp with floating dock.
- **Use:** Heavy use on weekends.
- **Access:** Exit 1 off Rte. 9 North. End of ramp turn right. Located under Baldwin Bridge, (I-95) off Ferry Road.

DOCK ROAD, WATERFORD

- **Parking:** 45 cars with trailers.
- **Toilets:** Chemical, seasonal.
- **Conditions:** Ramp is steep and narrow; Launching may be difficult during strong southwesterly winds.
- **Use:** Moderate use on weekends.
- **Access:** I-95, Exit 74. Route 213, south on Goshen Road, launch straight ahead.

THAMES RIVER (KENNETH E. STREETER BOAT LAUNCH), GROTON

- **Parking:** 25 cars with trailers.
- **Toilets:** Chemical, seasonal.
- **Conditions:** Launching may be difficult during strong northwesterly winds.
- **Use:** Moderate use on weekends.
- **Access:** I-95 North, Exit 85, bear right onto Bridge Street, next right onto Fairview Avenue, launch on left.

THAMES RIVER, NEW LONDON*

- **Parking:** 50 cars with trailers.
- **Toilets:** Chemical, seasonal.
- **Conditions:** Good launching conditions.
- **Use:** Moderate use on weekends.
- **Access:** I-95 North, Exit 84, left onto Williams Street. Turn east onto State Pier Road, launch at end, under I-95, Goldstar Bridge.

EAST RIVER, GUILFORD/MADISON

- **Parking:** 25 cars with trailers.
- **Toilets:** Chemical, seasonal.
- **Conditions:** Concrete planks.
- **Use:** Moderate use on weekends.
- **Access:** I-95, Exit 59. Located on east side of East River. Take Route 1 onto Neck Road and follow to end.

FOUR MILE RIVER, SOUTH LYME

- **Parking:** 55 cars with trailers.
- **Toilets:** Chemical, seasonal.
- **Conditions:** Shallow launching area; low railroad bridge clearance.
- **Use:** Low use.
- **Access:** I-95, Exit 71. Route 156, east on Oakridge Drive, first right to launch area.

GREAT ISLAND, OLD LYME*

- **Parking:** 35 cars with trailers.
- **Toilets:** Chemical, seasonal.
- **Conditions:** Shallow at low tide.
- **Use:** Heavy use on weekends.
- **Access:** I-95, Exit 70. Route 156 east, south to end of Smith Neck Road and Great Island Wildlife Area.

HOOSATONIC RIVER, MILFORD/DEVON*

>> Closed due to bridge construction. <<

LIGHTHOUSE POINT CITY PARK, NEW HAVEN*

- **Parking:** 60 cars with trailers.
- **Toilets:** Flush facilities in park.
- **Conditions:** Launching may be difficult during strong northwesterly winds.
- **Use:** Heavy use on weekends.
- **Access:** I-95, Exit 51 going south. Go south on Townsend Avenue, right onto Lighthouse Road to park. Operated by the City of New Haven.

NIANTIC RIVER, WATERFORD*

- **Parking:** 100 cars with trailers.
- **Toilets:** Chemical, year round.
- **Conditions:** Large ramp with floating dock.
- **Use:** Heavy use on weekends.
- **Access:** I-95, Exit 74. $\frac{1}{4}$ mile northeast of Route 156 bridge across Niantic River.

SAUGATUCK RIVER, WESTPORT*

- **Parking:** 25 cars with trailers.
- **Toilets:** Chemical, seasonal.
- **Conditions:** Shallow launching conditions at low tide.
- **Use:** Heavy use on weekends.
- **Access:** I-95, Exit 17 east side of river. Route 136 to Compo Road, first right to launch.

MARINE FISHING TOURNAMENT/DERBY REGISTRATION

DEEP's Marine Fisheries Division administers a number of permits including the following:

A permit is required to conduct a marine fishing tournament or derby in Connecticut that is open to persons 16 years of age and older as described under section 26-159a-26 of the Regulations of Connecticut State Agencies (see back of application). There is no charge for the permit.

Shoreline Fishing in Coastal State Parks

During regular hours, a vehicle parking fee is required to enter most of the state parks. Fees are collected from 8 a.m.–6 p.m. on weekends and holidays, and 8 a.m.–6 p.m. during the week except at state parks marked with an asterisk.

* Parking Fees subject to change.

Night Fishing Rules

Anglers entering a park by vehicle must obtain a vehicle permit in order to park and fish. No vehicle will be admitted into the day-use area of the park from 6:30 a.m.–8 a.m. Individuals entering the park without a vehicle do not require a permit, but must possess fishing tackle (rod & reel, bait, light, etc.) and engage in fishing.

BLUFF POINT STATE PARK, GROTON

Fishing is allowed at Poquonock Cove and the beach at Bluff Point, 24 hrs.

- **Fish to be caught:** Winter flounder and snapper bluefish can be caught at Poquonock Cove. Bluefish, striped bass, hickory shad, summer flounder, little tunny and tautog can be caught from the beach.
- **Directions:** I-95, Exit 88 to Route 117 south, right onto Route 1, left onto Depot Road. Follow to end.
- **Parking Fees:** None.

FORT TRUMBULL STATE PARK, NEW LONDON

Fishing access (handicapped accessible), 24 hour pedestrian access from Riverfront Walk to Pier 4 on the Thames River.

- **Fish to be caught:** Bluefish, striped bass, summer flounder, hickory shad, scup, tautog, winter flounder and weakfish.
- **Directions:** I-95N, Exit 83 (Huntington Street). I-95S, Exit 84.
- **Parking Fees:** None. Telephone: 860-444-7591.

FERRY LANDING STATE PARK, OLD LYME

Fishing access (handicapped accessible) consists of a fenced bulkhead area and a fishing/crabbing boardwalk. Parking is available inside the park after hours for fishing/crabbing only.

- **Fish to be caught:** Bluefish, striped bass, summer flounder, catfish, tomcod, winter flounder, hickory shad, and white perch.
- **Directions:** I-95, Exit 70 to Route 156. After ¼ mile make a right onto Ferry Road. Follow to end. Telephone: 860-434-6043.
- **Parking Fees:** None.

HAMMONASSET BEACH STATE PARK, MADISON

Fishing is allowed only at the Meig's Point Jetty (south end) and at West Beach Jetty during the peak season from 8 a.m. to sunset. Night fishing is permitted along the entire beach (2 miles). **The entire beach (2 miles) is not open to night fishing during the off-season (October–May).**

- **Fish to be caught:** Tautog, winter flounder, bluefish, summer flounder, scup, weakfish and striped bass.
- **Directions:** I-95, Exit 62. Telephone: 203-245-2785.
- **Parking Fees:**
 - Weekdays: resident—\$14.00, non-resident—\$20.00
 - Weekend/Holiday: resident—\$20.00, non-resident—\$30.00

HARKNESS MEMORIAL STATE PARK, WATERFORD

Fishing is allowed along the beach. No swimming allowed.

- **Fish to be caught:** Tautog, bluefish, and striped bass can be caught off the rocky point and summer flounder off the beach.
- **Directions:** I-95, Exit 75. Route 213 to park. Telephone: 860-443-5725.
- **Parking Fees:**
 - Weekdays: resident—\$10.00, non-resident—\$14.00
 - Weekend/Holiday: resident—\$14.00, non-resident—\$20.00

ROCKY NECK STATE PARK, NIANTIC

A white triangle icon with a smaller triangle inside, representing a campsite.

Fishing is allowed on the jetty year round. The entire beach and jetty is open to fishing during the off-season. Jetty located on right side of beach.

- **Fish to be caught:** Tautog, winter flounder, bluefish, and striped bass can be caught off the jetty. Crabbing is allowed at designated areas.
- **Directions:** I-95, Exit 72 to Route 156. Telephone: 860-739-5471.
- **Parking Fees:**
 - Weekdays: resident—\$14.00, non-resident—\$20.00
 - Weekend/Holiday: resident—\$20.00, non-resident—\$30.00

SHERWOOD ISLAND STATE PARK, WESTPORT

Fishing is allowed at Sherwood Point, East and West Jetty during the open season (April 15–Sept. 30). The entire beach is open to fishing during the off-season from 8 a.m. to sunset only.

- **Fish to be caught:** Tautog, bluefish, scup, summer flounder, winter flounder and striped bass can be caught off Sherwood Point.
- **Directions:** I-95, Exit 18. Telephone: 203-226-6983.
- **Parking Fees:**
 - Weekdays: resident—\$14.00, non-resident—\$20.00
 - Weekend/Holiday: resident—\$20.00, non-resident—\$30.00

SILVER SANDS STATE PARK/CHARLES ISLAND, MILFORD

Fishing is open throughout the area including the sand spit which extends about a mile from the mainland to Charles Island. Caution is advised when fishing or walking the tombolo. Swift tidal currents during a flood tide can make passage dangerous and persons unfamiliar with the area may be stranded on Charles Island until low tide.

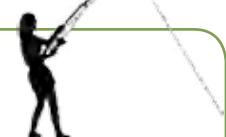

- **Fish to be caught:** Bluefish, striped bass, summer flounder, hickory shad and weakfish.
- **Directions:** I-95, Exit 35. Take Seaside Avenue to Broadway Street.
- **Parking Fees:** None.

Reduce Catch and Release mortality –
please use circle hooks.

SHORELINE FISHING and PROPERTY RIGHTS

A Message from the Department of Energy & Environmental Protection's Office of Long Island Sound Programs

Connecticut's intertidal shore belongs to the people. Under the common law public trust doctrine, the public may freely use land and waters waterward of the mean high water line to fish. The *public trust* area includes beaches, rocky shores and open waters along tidal and navigable waters. Fishing in the *public trust* area is not trespassing; the DEEP encourages anglers to enjoy their rights to use the public trust lands for fishing. However, anglers should also respect the rights of adjacent landowners by not crossing private property without permission and by leaving the shoreline clean and litter free.

Call the Office of Long Island Sound Programs for more information at 860-424-3034.

State Record Marine Fish

Red type signifies a new record for 2011.

CATEGORY	COMMON NAME	WEIGHT		LENGTH	LOCATION CAUGHT	ANGLER	YEAR CAUGHT

Please email digital images (pictures) to: david.molnar@ct.gov (**marine fish only**)

adding several species) to these two pages are still in progress.

The Trophy Fish Award Program recognizes and rewards angling skill. Successful anglers will receive a:

- Certificate of Merit
- Bronze pin for your first fish of merit
- Silver pin for your fifth fish of merit
- Gold pin for your tenth fish of merit or a new state record fish.

General Rules: Saltwater/Freshwater Fish

- Saltwater entries must be caught by boats leaving and returning to Connecticut ports. No overnight stays in another state prior to day(s) of fishing.
- Entries must be filed on the **Official Affidavit Form**, page 56.
- Fish must be caught by legal methods, played by only one person.
- Fish must be entered within 30 days of capture.
- Fish caught in hatchery ponds are not eligible.
- Fish must be caught during Connecticut's legal open season.
- **A clear photograph of the fish must accompany the Affidavit Form.**
- Fish must be weighed on scales certified in Connecticut (tackle shops, local markets or delis) or other state certified scales.
- **Please note:** for all potential State Record Fish, a print out of weight from a certified scale must accompany affidavit.

Marine Qualifying Area Categories

- **Nearshore:** Inside Long Island/Fisher's Island Sound
- **Offshore:** Outside Long Island/Fisher's Island Sound
- **Exotic:** Rare strays to Connecticut caught inside Long Island/Fisher's Island Sound & Offshore Waters.
- **Freshwater:** Caught in freshwater

Catch and Release Category Rules

- All of the General Rules apply except that the fish do not need to be weighed. A witness must be present.
- **A clear photo must accompany the affidavit.** This photo must include the angler holding the fish and also include the fish next to a measuring (yardstick, ruler, or tape measure) device to clearly show the length of the fish.
- The accompanying photo must be taken at the location where the fish was caught and released.
- Fish can not be taken from the site and then transported back.
- Catch and Release fish are not official State Records.
- BLE = best length estimate for highly migratory species.
- Minimum Length = Tip of snout to end of tail.
- Marlin & swordfish—measure from lower jaw to fork in tail.
- Shark species—minimum length is fork length.

To qualify for a Trophy Fish Award, please see table at right for minimum measurements required.

Connecticut's License Plate Program is working for you...

Since 1992, the Long Island Sound Fund has:

J.H. Torrance Downes

- provided grants for the construction of 7 fishways to restore populations of alewife, blueback herring and other anadromous fish in Connecticut's rivers.
- provided funding for fishing piers, platforms, and educational signs at public fishing areas across the Nutmeg State that enhance access and promote greater awareness.

Do **your** part to continue funding for these important projects! **Purchase a Preserve the Sound** license plate for your car, truck, combination vehicle or boat trailer.

For more information, call 1-800-CT-SOUND.

TROPHY FISH AWARD MINIMUM WEIGHTS

Note: Minimum Lengths apply to the catch-and-release category only! The minimum lengths listed below do not apply to the traditional weighed category.

**OUR APOLOGIES,  
THE 2012 TIDE TABLE IS STILL UNDER CONSTRUCTION**

**TIDAL DIFFERENCES**— Remember that weather conditions affect tidal range & current speeds, sometimes very strongly.

## DISCARDED FISHING LINE and OTHER TRASH

Anglers are reminded that any person who intentionally discards fishing line or other litter in the waters of the state, on public property of the state or on private property not owned by such person is subject to a fine under section 22a-250 of the general statutes. Each year, DEP's Wildlife Division receives numerous reports of birds and other animals that have been injured or killed after getting tangled in our trash. Discarded fishing line, hooks, lures and weights are often left behind by unthinking anglers at fishing sites, and have caused serious injury, illness or death to wildlife. Please dispose of these items and all other trash properly.

Visit the DEP store at: [www.ct.gov/dep/store](http://www.ct.gov/dep/store)

## SAVE ON YOUR TAXES!

Use your state income tax refund to help save Connecticut's wildlife and plants. Their future is on the line — the "Endangered Species/Wildlife" Fund line on your tax return. Just check the box to make a donation and show your support. Your gift is deductible from next year's federal income tax.
